

GENERAL DICK STANDS PAT ON WHAT HE SAID BEFORE REGARDING HIS CANDIDACY

Friends Maintain That Sentiment in His Favor
May Yet Lead to His Nomination
For Governor.

From a Staff Correspondent.

Columbus, April 9.—The presence of General Charles Dick in this city yesterday led the political wiseacres to make a few guesses at the gubernatorial situation. Gen. Dick said: "My statement of last January stands good at this time. I am not a candidate in any sense of the word. No, I really do not see that the result in Cleveland necessarily changes the situation."

In these words General Dick outlined his position. In his statement made in January he declared he was not a candidate, inasmuch as it did not at that time seem to be the unanimous feeling of the party over the state that he should be. He did not say point blank that he would not be a candidate, but that he was not one under the circumstances obtaining then. Many of his admirers maintain with force that this did not remove him from the race for good and express the conviction that the sentiment in his favor lacking early in the year will develop before the time for the convention and that it will result in his nomination.

General Dick was at the governor's office yesterday and scores called to see him. His friends here are anxious for him to be a candidate and are in-

sisting that sentiment for him is growing daily. Much impetus was given it by Johnson's success in Cleveland which weakens the Herrick boom. Dick is too shrewd to antagonize Herrick by declaring himself a candidate and will continue to lie low until matters shape themselves that the nomination will be practically forced upon him.

In choosing a candidate the party will have to consider the claims of George B. Cox, of Cincinnati, under whose management Mayor Fleischman's splendid victory was won. His plurality was so great—16,000—as to make imperative the recognition of Cincinnati in the matter of the personnel of the ticket. The election results in Cincinnati and Columbus are especially pleasing to Governor Nash and the blow given the Republicans in Cleveland is quite disappointing to him. Fear is felt that Cuyahoga county may again send a Democratic delegation to the legislature as was the case two years ago.

The Democratic state committee will meet in this city a week from today and it is expected that the fight between Johnson and McLean will be renewed. At a meeting held by the

Local union No. 165, Painters, Decorators and Paperhangers of America, the members of which are now on a strike to better conditions in this city, has settled down to a systematic plan of action and the strike is being conducted in a manner which the officers believe cannot help but bring success.

When the strike was inaugurated and previous to that time the headquarters officers at Lafayette, Ind., were kept thoroughly posted upon the status of the trouble and the details of the controversy between the union and the master painters. As a natural consequence the national executive board was thoroughly familiar with the situation and sanctioned the action of the local in going out when the limit expired.

The action of the executive board in authorizing the strike has a greater significance than would appear upon the surface, since it means that each and every member of the local who was in good standing at the time the strike was inaugurated will receive the customary strike benefits provided for in the constitution. The amount of these weekly allowances from headquarters will be governed to some extent by local conditions, but it is certain the sum in each case will be sufficient to sustain the member and enable him to live comfortably through a long siege. The married men among the strikers will of course receive more than those who are single, and it is estimated that it will be \$7 per week in the case of the man with a family and \$5 to the single member.

Word was received by the officers of No. 165 today from headquarters, stating that the strike benefits would begin with the week ending Saturday, and all the strikers who have not left the city will come in for a piece of the money. A number of the men who were on the rolls of the East Liverpool local have left the city. A few have secured work at Wellsville, where there is no trouble; others have gone to Pittsburgh, Wheeling and other cities, and not a few have secured work in the city. The firm of G. W. Campbell & Son signed the scale at the beginning and are now working an increased force of workmen. A num-

ber of the local painters are now engaged with C. A. Smith at Rock Springs park, where the pavilion and other buildings are being repainted. They are receiving the scale of wages which the local demanded from the East Liverpool contractors, and are working as individuals.

In a few instances the more enterprising members have sought and obtained contracts on their own account and are making out nicely. Taken all in all, the men are not suffering to any extent, and are in shape to stand out for many weeks, so say the leaders.

LISBON'S BENEFACTRESS HAS PASSED AWAY

Mrs. Lepper, Who Donated the Library
to the Town, Is Dead at
Cleveland.

Lisbon, April 9.—(Special.)—A telegram received here this morning announced the death of Mrs. Virginia Lepper at Cleveland last evening. She was about 75 years old. She was born in Lisbon and was the daughter of Peter Cornwall, who was among the earliest settlers here. After her marriage to Charles Lepper, about 50 years ago, she went to Cleveland. She has been a widow for 20 years. In 1898 she donated the village of Lisbon \$10,000 toward the Lepper library, which now occupies a fine building on East Walnut street erected by her gift.

The funeral will be held in Cleveland tomorrow at 2 p. m.; burial in Lakeview cemetery.

Lisbon, April 9.—(Special.)—With the report of Judge J. G. Moore, as receiver of the First National bank, of Lisbon, made to the comptroller of the currency at Washington, D. C., a few days ago, was included funds for an additional dividend of about 23 per cent among the creditors, which will make a total dividend of 73 per cent.

The comptroller will probably close the affairs of the defunct institution in a short time by declaring the final dividend.

A YOUNG DOCTOR IN POLICE TOILS

TIRED OF THE MONOTONY OF

His Fun Cost Him \$5.60—Tim Strain
Out of Jail And in
Again.

Dr. G. B. Kidd, who came to Chester three weeks ago with the signatures of the professors of a medical college upon his sheepskin as an M. D. hardly dry and whose intention it was to hang out his shingle in that city and commence the practice of his profession, landed in police court late last night with the assistance of Officer Dawson, who found him down on lower Broadway. The charge against him was drunkenness and he paid the usual \$5.60 this morning. According to all accounts the doctor had had a halcyon and vociferous evening.

Dr. Kidd objected to entering a plea when arraigned in police court this morning. He told the mayor that he understood there was no charge against him, that he was merely detained for the night. "I have not offended the dignity of the city," he stated. The mayor replied that the charge was there, unfortunately as it might seem, and that if a plea was not entered he would require a bond until the charges could be investigated. "Our orphan institutions must be maintained," said the mayor.

Before Dr. Kidd left the mayor's sanctum Tim Strain was brought forth from the recesses of the toms to answer to a similar charge. As usual, Tim didn't have a cent and the mayor remanded him to jail to await further consideration of the case. Right here Dr. Kidd was moved with a philanthropic impulse. "Don't take him back," he interposed, "I'll pay his fine." But the officer in charge of Strain was out of hearing. The impulse was gone and in a few minutes the doctor also took his departure. Tim is in jail. He was released yesterday from the Wellsville city prison after 22 days' incarceration for drunkenness. Yesterday he tanked up and was picked up by Officer Auderheide down in Jethro.

Charles Reed was arrested by Officer Mahoney on a charge of drunkenness and was fined \$5.60 this morning. He secured the payment of it and was released.

The case was tried by prominent lawyers and every point thoroughly aired.

WILL BE HELD LATER

Sunday School Convention Likely to
Assemble in the East End
This Month.

It had been arranged to hold a city Sunday school convention at the Second United Presbyterian church in the East End Tuesday evening, but those in charge of the affair decided to postpone the meeting indefinitely. The association is made up of representatives from all the Sunday schools of the city, and its object is a most useful and worthy one. Matters are discussed and papers submitted at these meetings dealing with subjects of interest to all Sunday school workers to know. It is likely the meeting will be held some time this month. The impression having got out that the meeting would be held this week caused some inconvenience on account of the fact having been published. The officers have therefore decided to have the matter well advertised when it is decided just when the session will be held.

Mission Society Officers.

The Woman's Home and Foreign Missionary society of the M. P. church last evening held its annual business meeting and chose the following officers: President, Mrs. Anna Bullock; first vice president, Mrs. Jacob Herman; second vice president, Mrs. G. H. Wagner; secretary, Mrs. Joel Taylor; treasurer, Miss Leona McMillan. Mrs. G. W. Wagner was chosen a delegate to the Pittsburg meeting of the society April 16.

CONVENTION DATE WAS FIXED TODAY

Meeting to Nominate Republican
Senatorial Candidates to Be
Held May 28.

WELLSVILLE THE PLACE

Columbiana County Is Entitled to 69
Delegates, All of Which Will Be In-
structed for Senator C. C. Connell.
Liverpool Township's Quota 17.

The senatorial committee of the Twentieth-Twenty-second district was in session at Steubenville today, the purpose being to select a date and place for holding the next senatorial convention.

The committee is composed of Samuel Westwood, chairman, Belmont county; George E. Davidson, secretary, Columbiana; W. B. Guthrie, Harrison; J. C. Baker, Jefferson. Owing to an important business engagement, Attorney Davidson, of this city, was unable to be present.

Senator Charles C. Connell was in Columbus yesterday to try to ascertain when the state convention would be held. He saw General Dick and others but got no definite information. He said the senatorial committee of the Twentieth-Twenty-second joint district wanted the information, desiring to hold the district convention before the state convention. The senator said the vote of last fall would be made the basis of apportionment for selection of senatorial delegates. This would give Columbiana county 69 delegates, Jefferson 42 delegates, Harrison 23 delegates, and Belmont 55 delegates. Senator Connell will not enter other counties for delegates.

Senator Connell was present at the meeting of the committee at Steubenville today and urged the claim of East Liverpool for the convention. Some objected to the proposition and after some discussion a compromise was proposed in the shape of an agreement to meet in Wellsville. The date decided upon was May 28, and the committee proceeded to arrange for the temporary organization of the committee. Gen. D. A. Hollingsworth, of Harrison county, will be temporary chairman, while Jay Paisley, of Jefferson, was selected as temporary secretary.

The meeting was most unanimous throughout, the full committee excepting Mr. Davidson being present.

Columbiana's 69 delegates will be selected by Senator Connell according to a rule adopted by the Republican county committee to the effect that the candidate receiving the largest number of votes in a township should be permitted to name the delegation to the convention. Senator Connell carried every township and will therefore name the whole lot. The representation is based upon the vote cast for the head of the ticket last fall. Liverpool township gave Laylin, for secretary of state, 1,682 votes and will have 17 delegates of the 69. Each township is entitled to one delegate for each 100 votes and a major fraction thereof.

So far as Columbiana is concerned, there will be little or no interest, as Senator Connell is entitled and will receive his second term. There is a second senator to nominate, however, and the other three counties comprising the district will fight it out among themselves. Jefferson county is to make a selection this month, and will be in the field with a man which it hopes to land.

NO MANAGER YET SELECTED

Y. M. C. A. BALL TEAM UNDER
COMMITTEE'S SWAY.

It is Understood That W. A. Calhoun
Has Been Tendered the
Management.

The committee from the directors of the Y. M. C. A., appointed recently to take charge of the base ball affairs of the association and to select a manager for the team, held a meeting last evening. This committee is composed of Messrs. Alvin H. Bulger, Harry T. Hall and John McShane, all of whom take an active interest in the athletic affairs of the association. Mr. Bulger, when asked today for the result of the meeting, stated that there was nothing to give out at present. "The appointment of a manager was not made," he stated, "and base ball matters will go along just as the News Review stated yesterday, in charge of the committee, until the appointment is made. The committee will hold another meeting soon."

It is understood that the position of manager has been tendered W. A. Calhoun, who has the matter now under advisement. Mr. Calhoun has been prominently connected with base ball locally for a number of years and has served with some of the best teams of the city as manager. He has been out of the game lately except as an interested spectator. Pressure has been brought to bear upon him to take hold of the Y. M. C. A. boys, and there are many who would be pleased to see him at its head. Whether he will accept has not yet been given out, but the committee confidently expect an answer at its next meeting.

Lisbon Offenders Get a Hearing in the

Farrell.

Lisbon, April 9.—(Special.)—At a session of police court in Mayor Farrell's office last evening, Ed. Richards, Jr., Thomas Morrison and James Clunk were arraigned for the theft of a five gallon bucket of oysters at Heller Bros' meat market. Clunk and Morrison pleaded guilty and were bound over in the sum of \$100 each. Richards pleaded not guilty and was discharged for want of evidence.

William Burcaw was arraigned on a charge of having been an accomplice of Harry Douglass in the theft of a slot machine at Hamilton's drug store, but the evidence being insufficient, he, too, was discharged.

CARNEGIE'S GIFT TO CITY OF CLEVELAND

A Quarter of a Million Dollars to Be
Expended on Seven Branch
Libraries.

Cleveland, April 9.—Andrew Carnegie has promised to give to Cleveland a quarter of a million dollars for seven branch libraries, on conditions that the city purchase sites and maintain all the branches at an annual expenditure of not less than \$25,000. The gift has been accepted by the Cleveland public library board.

Librarian Brett, of the Cleveland public library, has been in correspondence with Mr. Carnegie for more than two years in an effort to induce him to do as well for Cleveland in the way of establishing public libraries as he has done in other cities.

A Couple of Boys Who Have Become

Residents of the vicinity of Chestnut street have been annoyed almost beyond endurance by the depredations of a pair of juvenile thieves, who visit that neighborhood regularly. Yesterday they paid a visit to Sunnyside and secured several sacks of moveable articles from the yards of residents.

The boys are not more than 14 years of age, and are believed to be the same parties who were caught with a quantity of junk not their own some time ago.

K. T. Special Conclave.

Pilgrim commandery, Knights Templar, assembled in special conclave last evening. Eminent Sir Knight F. K. Smith, of Warren, inspected the work of the local lodge in the Templar and Malta degrees. A number of Wellsville brethren were present. The ceremonies were followed by a lunch in the new banquet hall.

SAMUEL WEST IS ARRESTED FOR THE SHOOTING OF HOBBS AND LANDED BEHIND BARS

Local Police Kept Up the Hunt For the
Much Wanted Man Until
Successful.

While leaning against a telephone pole, so drunk that he could not walk, on Fourth street, near Broadway, Samuel West, wanted at New Cumberland on a charge of shooting Marshall Hobbs with intent to kill, was arrested at an early hour last evening by Officer Dawson. The patrol wagon was summoned and he was taken to the city jail. He was removed to the Hancock county jail at New Cumberland today by Sheriff Allison.

West had been hunted by local officers and others between the city and Steubenville for two weeks. Word was sent here last week that he was lurking in this vicinity and one evening officers searched for him in all districts of the city where it was thought possible that he might be, but he escaped them and not until Tuesday was the report circulated again that he was in town. As reported exclusively in the News Review, Officers Dawson and Salsberry, of the police force, and Spivey, of the East Liverpool bridge, were apprised of his presence in the city and instituted a search for him. They were successful in locating him and by some it was thought that he had flown. Dawson, however, one of the shrewdest policemen on the local force, was

not to be fooled and last evening was as watchful as before with the result that he found the man where one would least expect. When approached by the officer West straightened up somewhat and in strong terms denied his identity and positively asserted that he was not the man wanted for the shooting. The officer knew his man and summoned the wagon. Upon the arrival at the jail West became bilious and sang in loud voice.

Sheriff Allison was communicated with by telephone and stated that he had extradition papers ready if they were necessary, and that he would arrive in this city this morning to take charge of the prisoner.

It was thought a few days ago that Hobbs was in an extremely dangerous condition and that West would be compelled to answer to a more serious charge, but a message from Steubenville last evening was to the effect that Hobbs is recovering fast and that he will be released from the Gill hospital in a few days. He was very ill for a few days lately, but the bullet wound was not the cause. Under these circumstances it is likely that the prisoner will not encounter much trouble in securing his release and vindication.

LET OFF ON PAYING COSTS IN THE CASE

School Case Dropped on Parent Prom-
ising to Send Children
to School.

The Walker school directors by their vigorous action are succeeding in filling up the school with children who have been running the streets. The suit entered by Director James B. Myler against William Andricks for neglecting to send his children to school, was settled out of court last night, an agreement being reached before "Squire McLane that Andricks pay the costs and send his children to school. Andricks is a poor man, and it was thought not best to fine him, the main thing desired being to get the children to school. They were in attendance yesterday.

Notices are being served on other parents who are alleged to be neglecting and prosecutions will be entered unless the law is obeyed. Mr. Myler stated this morning that the excuse that children were taught at home did not count; the law says they must attend school and it is the intention to have the law enforced fairly and fully.

A Supposed Blaze at a Chinaman's
Place Sent Firemen to
China Works.

An alarm of fire was telephoned to the central station at 12:39 this morning by a lady who lives in the immediate neighborhood of the station. The Chinese laundry on East Market street was working overtime and what she took to be smoke was steam issuing from an exhaust pipe through a window. She hastened to the telephone and exclaimed excitedly when she got the fire station: "The Chinaman's on fire."

She was too excited to speak distinctly and the firemen understood her message to be that the china works were on fire. In the shortest possible space of time they were speeding to the china works with visions of another disastrous pottery blaze. The lady also called up Mrs. House's boarding house on Sixth street, where great excitement reigned, owing to the close proximity of the place to the laundry fire.

He went to Indiana with his family lately from Salem, where he had been working in a coal mine.

dates For Prizes Show Ma-
terial Increase.

A WORD TO ALL PATRONS

The interest and eagerness attaching to the News Review's voting contest grows apace. It will be noted that the figures representing the votes for a number of leading candidates were materially increased yesterday. There are hundreds of votes now in the News Review office that will be counted today and will still further swell the totals for some who are in the race.

It has been reported to this office that some of the boys who deliver papers have been in the habit of tearing out coupons before turning the papers over to subscribers. This is a practice which will not be tolerated, and any carrier pursuing it will be speedily and his occupation gone if detected. Any subscriber who receives a paper with the coupon missing will do a favor by reporting the matter and the name of the carrier to this office. Every subscriber or purchaser of a paper is entitled to a whole copy and should enter immediately complaint if he fails to get it. The eagerness for coupons is great, but when it leads to petty thieving a halt will be called. The News Review will not knowingly let dishonest boys handle the paper, and it is believed that cases of the kind reported are rare. At all events, a stop will be put to their recurrence.

**Columbiana County Is Entitled to 69
Delegates, All of Which Will Be In-
structed for Senator C. C. Connell,
Liverpool Township's Quota 17.**

The senatorial committee of the Twenty-Two-second district was in session at Steubenville today, the purpose being to select a date and place for holding the next senatorial convention.

The committee is composed of Samuel Westwood, chairman, Belmont county; George E. Davidson, secretary, Columbiana; W. B. Guthrie, Harrison; J. C. Baker, Jefferson. Owing to an important business engagement, Attorney Davidson, of this city, was unable to be present.

Senator Charles C. Connell was in Columbus yesterday to try to ascertain when the state convention would be held. He saw General Dick and others but got no definite information. He said the senatorial committee of the Twenty-Two-second district wanted the information, desiring to hold the district convention before the state convention. The senator said the vote of last fall would be made the basis of apportionment for selection of senatorial delegates. This would give Columbiana county 69 delegates, Jefferson 42 delegates, Harrison 23 delegates, and Belmont 35 delegates. Senator Connell will not enter other counties for delegates.

Senator Connell was present at the meeting of the committee at Steubenville today and urged the claim of East Liverpool for the convention. Some objected to the proposition and after some discussion a compromise was proposed in the shape of an agreement to meet in Wellsville. The date decided upon was May 28, and the committee proceeded to arrange for the temporary organization of the committee. Gen. D. A. Hollingsworth, of Harrison county, will be temporary chairman, while Jay Paisley, of Jefferson, was selected as temporary secretary.

The meeting was most unanimous throughout, the full committee excepting Mr. Davidson being present.

Columbiana's 69 delegates will be selected by Senator Connell according to a rule adopted by the Republican county committee to the effect that the candidate receiving the largest number of votes in a township should be permitted to name the delegation to the convention. Senator Connell carried every township and will therefore name the whole lot. The representation is based upon the vote cast for the head of the ticket last fall. Liverpool township gave Laylin, for secretary of state, 1,682 votes and will have 17 delegates of the 69. Each township is entitled to one delegate for each 100 votes and a major fraction thereof.

So far as Columbiana is concerned, there will be little or no interest, as Senator Connell is entitled and will receive his second term. There is a second senator to nominate, however, and the other three counties comprising the district will fight it out among themselves. Jefferson county is to make a selection this month, and will be in the field with a man which it hopes to land.

NO MANAGER YET SELECTED

**It Is Understood That W. A. Calhoun
Has Been Tendered the
Management.**

The committee from the directors of the Y. M. C. A., appointed recently to take charge of the base ball affairs of the association and to select a manager for the team, held a meeting last evening. This committee is composed of Messrs. Alvin H. Bulger, Harry T. Hall and John McShane, all of whom take an active interest in the athletic affairs of the association. Mr. Bulger, when asked today for the result of the meeting, stated that there was nothing to give out at present. "The appointment of a manager was not made," he stated, "and base ball matters will go along just as the News Review stated yesterday, in charge of the committee, until the appointment is made. The committee will hold another meeting soon."

It is understood that the position of manager has been tendered W. A. Calhoun, who has the matter now under advisement. Mr. Calhoun has been prominently connected with base ball locally for a number of years and has served with some of the best teams of the city as manager. He has been out of the game lately except as an interested spectator. Pressure has been brought to bear upon him to take hold of the Y. M. C. A. boys, and there are many who would be pleased to see him at its head. Whether he will accept has not yet been given out, but the committee confidently expect an answer at its next meeting.

HELD FOR TRIAL ON THEFT CHARGES

**Lisbon Offenders Get a Hearing in the

Farrell.**

Lisbon, April 9.—(Special).—At a session of police court in Mayor Farrell's office last evening, Ed. Richards, Jr., Thomas Morrison and James Clunk were arraigned for the theft of a five gallon bucket of oysters at Heller Bros' meat market. Clunk and Morrison pleaded guilty and were bound over in the sum of \$100 each. Richards pleaded not guilty and was discharged for want of evidence.

William Burcaw was arraigned on a charge of having been an accomplice of Harry Douglass in the theft of a slot machine at Hamilton's drug store, but the evidence being insufficient, he, too, was discharged.

CARNEGIE'S GIFT TO CITY OF CLEVELAND

**A Quarter of a Million Dollars to Be
Expended on Seven Branch
Libraries.**

Cleveland, April 9.—Andrew Carnegie has promised to give to Cleveland a quarter of a million dollars for seven branch libraries, on conditions that the city purchase sites and maintain all the branches at an annual expenditure of not less than \$25,000. The gift has been accepted by the Cleveland public library board.

Librarian Brett, of the Cleveland public library, has been in correspondence with Mr. Carnegie for more than two years in an effort to induce him to do as well for Cleveland in the way of establishing public libraries as he has done in other cities.

Residents of the vicinity of Chestnut street have been annoyed almost beyond endurance by the depredations of a pair of juvenile thieves, who visit that neighborhood regularly. Yesterday they paid a visit to Sunnyside and secured several sacks of moveable articles from the yards of residents.

The boys are not more than 14 years of age, and are believed to be the same parties who were caught with a quantity of junk not their own some time ago.

SAMUEL WEST IS ARRESTED FOR THE SHOOTING OF HOBBS AND LANDED BEHIND BARS

**Local Police Kept Up the Hunt For the
Much Wanted Man Until
Successful.**

While leaning against a telephone pole, so drunk that he could not walk, on Fourth street, near Broadway, Samuel West, wanted at New Cumberland on a charge of shooting Marshall Hobbs with intent to kill, was arrested at an early hour last evening by Officer Dawson. The patrol wagon was summoned and he was taken to the city jail. He was removed to the Hancock county jail at New Cumberland today by Sheriff Allison.

West had been hunted by local officers and others between the city and Steubenville for two weeks. Word was sent here last week that he was lurking in this vicinity and one evening officers searched for him in all districts of the city where it was thought possible that he might be, but he escaped them and not until Tuesday was the report circulated again that he was in town. As reported exclusively in the News Review, Officers Dawson and Sausberry, of the police force, and Spivey, of the East Liverpool bridge, were apprised of his presence in the city and instituted a search for him. They were successful in locating him and by some it was thought that he had flown.

Dawson, however, one of the shrewdest policemen on the local force, was

not to be fooled and last evening was as watchful as before with the result that he found the man where one would least expect. When approached by the officer West straightened up somewhat and in strong terms asserted that he was not the man wanted for the shooting. The officer knew his man and summoned the wagon. Upon the arrival at the jail West became hilarious and sang in loud voice. Sheriff Allison was communicated with by telephone and stated that he had extradition papers ready if they were necessary, and that he would arrive in this city this morning to take charge of the prisoner.

It was thought a few days ago that Hobbs was in an extremely dangerous condition and that West would be compelled to answer to a more serious charge, but a message from Steubenville last evening was to the effect that Hobbs is recovering fast and that he will be released from the Gill hospital in a few days. He was very ill for a few days lately, but the bullet wound was not the cause. Under these circumstances it is likely that the prisoner will not encounter much trouble in securing his release and vindication.

LET OFF ON PAYING COSTS IN THE CASE

**School Case Dropped on Parent Prom-
ising to Send Children
to School.**

The Walker school directors by their vigorous action are succeeding in filling up the school with children who have been running the streets. The suit entered by Director James B. Myler against William Andricks for neglecting to send his children to school, was settled out of court last night, an agreement being reached before Squire McLane that Andricks pay the costs and send his children to school. Andricks is a poor man, and it was thought not best to fine him, the main thing desired being to get the children to school. They were in attendance yesterday.

Notices are being served on other parents who are alleged to be neglecting and prosecutions will be entered unless the law is obeyed. Mr. Myler stated this morning that the expense that children were taught at home did not count; the law says they must attend school and it is the intention to have the law enforced fairly and fully.

**A Supposed Blaze at a Chinaman's

An alarm of fire was telephoned to the central station at 12:30 this morning by a lady who lives in the immediate neighborhood of the station. The Chinese laundry on East Market street was working overtime and what she took to be smoke was steam issuing from an exhaust pipe through a window. She hastened to the telephone and exclaimed excitedly when she got the fire station: "The Chinaman's on fire."

She was too excited to speak distinctly and the firemen understood her message to be that the china works were on fire. In the shortest possible space of time they were speeding to the china works with visions of another disastrous pottery blaze. The lady also called up Mrs. House's boarding house on Sixth street, where great excitement reigned, owing to the close proximity of the place to the laundry.

HUNDREDS OF VOTES COME EVERY DAY

terial Increase.**

A WORD TO ALL PATRONS

The interest and eagerness attaching to the News Review's voting contest grows apace. It will be noted that the figures representing the votes for a number of leading candidates were materially increased yesterday. There are hundreds of votes now in the News Review office that will be counted today and will still further swell the totals for some who are in the race.

It has been reported to this office that some of the boys who deliver papers have been in the habit of tearing out coupons before turning the papers over to subscribers. This is a practice which will not be tolerated, and any carrier pursuing it will be promptly find his occupation gone if detected. Any subscriber who receives a paper with the coupon missing will do a favor by reporting the matter and the name of the carrier to this office. Every subscriber or purchaser of a paper is entitled to a whole copy and should enter immediate complaint if he fails to get it. The eagerness for coupons is great, but when it leads to petty thieving a halt will be called. The News Review will not knowingly let dishonest boys handle the paper, and it is believed that cases of the kind reported are rare. At all events, a stop will be put to their recurrence.

GENERAL DICK STANDS PAT ON WHAT HE SAID BEFORE REGARDING HIS CANDIDACY

**Friends Maintain That Sentiment in His Favor
May Yet Lead to His Nomination
For Governor.**

From a Staff Correspondent.

Columbus, April 9.—The presence of General Charles Dick in this city yesterday led the political wisecracks to make a few guesses at the gubernatorial situation. Gen. Dick said: "My statement of last January stands good at this time. I am not a candidate in any sense of the word. No, I really do not see that the result in Cleveland necessarily changes the situation."

In these words General Dick outlined his position. In his statement made in January he declared he was not a candidate, inasmuch as it did not at that time seem to be the unanimous feeling of the party over the state that he should be. He did not say point blank that he would not be a candidate, but that he was not one under the circumstances obtaining then. Many of his admirers maintain with force that this did not remove him from the race for good and express the conviction that the sentiment in his favor lacking early in the year will develop before the time for the convention and that it will result in his nomination.

General Dick was at the governor's office yesterday and scores called to see him. His friends here are anxious for him to be a candidate and are in-

sisting that sentiment for him is growing daily. Much ineptness was given it by Johnson's success in Cleveland which weakens the Herrick boom. Dick is too shrewd to antagonize Herrick by declaring himself a candidate and will continue to lie low until matters shape themselves that the nomination will be practically forced upon him.

In choosing a candidate the party will have to consider the claims of George B. Cox, of Cincinnati, under whose management Mayor Fleischman's splendid victory was won. His plurality was so great—16,000—as to make imperative the recognition of Cincinnati in the matter of the person of the ticket. The election results in Cincinnati and Columbus are especially pleasing to Governor Nash and the blow given the Republicans in Cleveland is quite disappointing to him. Fear is felt that Cuyahoga county may again send a Democratic delegation to the legislature as was the case two years ago.

The Democratic state committee will meet in this city a week from today and it is expected that the fight between Johnson and McLean will be renewed. At a meeting held by the

STRIKE BENEFITS TO BE RECEIVED

**Union Painters Claim to Be in
Shape to Keep Up Their
Fight.**

MANY LEAVING THE CITY

Local union No. 155, Painters, Decorators and Paperhangers of America, the members of which are now on a strike to better conditions in this city, has settled down to a systematic plan of action and the strike is being conducted in a manner which the officers believe cannot help but bring success.

When the strike was inaugurated and previous to that time the headquarters officers at Lafayette, Ind., were kept thoroughly posted upon the status of the trouble and the details of the controversy between the union and the master painters. As a natural consequence the national executive board was thoroughly familiar with the situation and sanctioned the action of the local in going out when the limit expired.

The action of the executive board in authorizing the strike has a greater significance than would appear upon the surface, since it means that each and every member of the local who was in good standing at the time the strike was inaugurated will receive the customary strike benefits provided for in the constitution. The amount of these weekly allowances from headquarters will be governed to some extent by local conditions, but it is certain the sum in each case will be sufficient to sustain the member and enable him to live comfortably through a long siege. The married men among the strikers will of course receive more than those who are single, and it is estimated that it will be \$7 per week in the case of the man with a family and \$5 to the single member.

Word was received by the officers of No. 155 today from headquarters, stating that the strike benefits would begin with the week ending Saturday, and all the strikers who have not left the city will come in for a piece of the money. A number of the men who were on the rolls of the East Liverpool local have left the city. A few have secured work at Wellsville, where there is no trouble; others have gone to Pittsburgh, Wheeling and other cities, and not a few have secured work in the city. The firm of G. W. Campbell & Son signed the scale at the beginning and are now working an increased force of workmen. A hum-

ber of the local painters are now engaged with C. A. Smith at Rock Springs park, where the pavilion and other buildings are being repainted. They are receiving the scale of wages which the local demanded from the East Liverpool contractors, and are working as individuals.

In a few instances the more enterprising members have sought and obtained contracts on their own account and are making out nicely. Taken all in all, the men are not suffering to any extent, and are in shape to stand out for many weeks, so say the leaders.

LISBON'S BENEFACTRESS HAS PASSED AWAY

**Mrs. Lepper, Who Donated the Library
to the Town, Is Dead at
Cleveland.**

Lisbon, April 9.—(Special.)—A telegram received here this morning announced the death of Mrs. Virginia Lepper at Cleveland last evening. She was about 75 years old. She was born in Lisbon and was the daughter of Peter Corawall, who was among the earliest settlers here. After her marriage to Charles Lepper, about 50 years ago, she went to Cleveland. She has been a widow for 20 years. In 1898 she donated the village of Lisbon \$10,000 toward the Lepper library, which now occupies a fine building on East Walnut street erected by her gift.

The funeral will be held in Cleveland tomorrow at 2 p. m.; burial in Lakeview cemetery.

A TOTAL DIVIDEND OF 73 PER CENT

**Creditors of the Defunct Lisbon Bank
Get Another In-

Lisbon, April 9.—(Special.)—With the report of Judge J. G. Moore, as receiver of the First National bank, of Lisbon, made to the comptroller of the currency at Washington, D. C., a few days ago, was included funds for an additional dividend of about 23 per cent among the creditors, which will make a total dividend of 73 per cent. The comptroller will probably close the affairs of the defunct institution in a short time by declaring the final dividend.

A YOUNG DOCTOR IN POLICE TOILS

**TIRED OF THE MONOTONY OF
LIFE IN CHESTER.**

**His Fun Cost Him \$5.60—Tim Strain
Out of Jail And in
Again.**

Dr. G. B. Kidd, who came to Chester three weeks ago with the signatures of the professors of a medical college upon his sheepskin as an M. D. hardly dry and whose intention it was to hang out his shingle in that city and commence the practice of his profession, landed in police court late last night with the assistance of Officer Dawson, who found him down on lower Broadway. The charge against him was drunkenness and he paid the usual \$5.60 this morning. According to all accounts the doctor had had a halcyon and vociferous evening.

Dr. Kidd objected to entering a plea when arraigned in police court this morning. He told the mayor that he understood there was no charge against him, that he was merely detained for the night. "I have not offended the dignity of the city," he stated. The mayor replied that the charge was there, unfortunate as it might seem, and that if a plea was not entered he would require a bond until the charges could be investigated. "Our orphan institutions must be maintained," said the mayor.

Before Dr. Kidd left the mayor's sacrum Tim Strain was brought forth from the recesses of the tomls to answer to a similar charge. As usual, Tim didn't have a cent and the mayor remanded him to jail to await further consideration of the case. Right here Dr. Kidd was moved with a philanthropic impulse. "Don't take him back," he interposed, "I'll pay his fine." But the officer in charge of Strain was out of hearing. The impulse was gone and in a few minutes the doctor also took his departure. Tim is in jail. He was released yesterday from the Wellsville city prison after 22 days' incarceration for drunkenness. Yesterday he tanked up and was picked up by Officer Aufderheide down in Jethro.

Charles Reed was arrested by Officer Mahoney on a charge of drunkenness and was fined \$5.60 this morning. He secured the payment of it and was released.

**Sunday School Convention Likely to
Assemble in the East End
This Month.**

It had been arranged to hold a city Sunday school convention at the Second United Presbyterian church in the East End Tuesday evening, but those in charge of the affair decided to postpone the meeting indefinitely.

The association is made up of representatives from all the Sunday schools of the city, and its object is a most useful and worthy one. Matters are discussed and papers submitted at these meetings dealing with subjects of interest for all Sunday school workers to know. It is likely the meeting will be held some time this month. The impression having got out that the meeting would be held this week caused some inconvenience on account of the fact having been published. The officers have therefore decided to have the matter well advertised when it is decided just when the session will be held.

Mission Society Officers.
The Woman's Home and Foreign Missionary society of the M. Wagner; secretary, Mrs. Joel Taylor; treasurer, Miss Leona McMillan. Mrs. G. W. Wagner was chosen a delegate to the Pittsburgh meeting of the society April 15.

The Chinese laundry on East Market street was working overtime and what she took to be smoke was steam issuing from an exhaust pipe through a window. She hastened to the telephone and exclaimed excitedly when she got the fire station: "The Chinaman's on fire."

She was too excited to speak distinctly and the firemen understood her message to be that the china works were on fire. In the shortest possible space of time they were speeding to the china works with visions of another disastrous pottery blaze. The lady also called up Mrs. House's boarding house on Sixth street, where great excitement reigned, owing to the close proximity of the place to the laundry.

Came Home to Die.
Lisbon, April 9.—(Special.)—Walter Lodge, aged about 30 years, who is near to death of consumption, arrived here today from Vincennes, Ind., and was taken to home of his father, Christopher Lodge, two and one-half miles north of here. He went to Indiana with his family lately from Salem, where he had been working in a coal mine.

HUNDREDS OF VOTES COME EVERY DAY

**Figures For a Number of Candi-
dates For Prizes Show Ma-
terial Increase.**

A WORD TO ALL PATRONS

The interest and eagerness attaching to the News Review's voting contest grows apace. It will be noted that the figures representing the votes for a number of leading candidates were materially increased yesterday. There are hundreds of votes now in the News Review office that will be counted today and will still further swell the totals for some who are in the race.

It has been reported to this office that some of the boys who deliver papers have been in the habit of tearing out coupons before turning the papers over to subscribers. This is a practice which will not be tolerated, and any carrier pursuing it will speedily find his occupation gone if detected. Any subscriber who receives a paper with the coupon missing will do a favor by reporting the matter and the name of the carrier to this office. Every subscriber or purchaser of a paper is entitled to a whole copy and should enter immediately a complaint if he fails to get it. The eagerness for coupons is great, but when it leads to petty thieving a halt will be called. The News Review will not knowingly let dishonest boys handle the paper, and it is believed that cases of the kind reported are rare. At all events, a stop will be put to their recurrence.

IT SAVES YOU MONEY

Dr. Howard's Dyspepsia Specific;
Regular Price, 50c; B. C.
Ansley's Price, 25c.

The special half price sale of Dr. Howard's specific for the cure of constipation and dyspepsia by B. C. Ansley means the saving of a few dollars on every family's yearly bill for medicines.

Each 50c bottle Mr. B. C. Ansley sells for 25c contains sixty doses of a medicine that is pleasant to take and which can be depended upon to cure the worst case of constipation, dyspepsia or liver trouble. Mr. Ansley has so much faith in the superior merit of this medicine that he says: "If Dr. Howard's specific does not cure you come back to my store and I will return your money."

If you are troubled with constipation, headaches or dizziness, or if your food does not digest naturally and easily, you cannot afford to let pass the special price that Mr. Ansley is making this week on Dr. Howard's specific.

Mr. Ansley is giving his customers a chance to try Dr. Howard's specific for the cure of constipation and dyspepsia at just half the regular price, 25c. And every package is sold under his personal guarantee to refund the money if it is not satisfactory.

or so later, Mr. Adams was awarded a prize of \$50 by the Massachusetts Society for Promoting Agriculture, for introducing the first Merino sheep to Massachusetts. In 1807 Mr. Adams moved from Massachusetts and settled in Muskingum county, Ohio. He brought with him twenty-five or thirty Merino sheep, descendants of the pair imported in 1801. These were the first Merinos to be brought west of the Atlantic coast states. Settlers of the western country regarded this breed of such importance that in the latter part of 1807 and early in 1808, the newspapers proposed every bank having national encouragement, should be obliged to give assistance in procuring them and providing for their care and increase. Mr. Adams died in 1852 at the ripe old age of 84 years. During a long and useful life, he had constantly promoted sheep husbandry and unquestionably his services to the sheep interests of Ohio can never be regarded excepting as of the utmost importance.

"Since the day Mr. Adams first brought Merinos to Ohio, this state has in fact been the largest and most important Merino producing state in America. By the census of 1900, Ohio is credited with about four million sheep with a valuation of about ten million dollars. Far more pure bred flocks of Merino sheep are today found in Ohio than in any other state, and the rest of our country is constantly drawing upon Ohio to improve their flocks. In view of the great work which Seth Adams rendered to Ohio and even the nation, it has been proposed that the sheep breeders and feeders of Ohio erect a memorial to his name and fame. It has been further proposed that this be in the form of a structure to be known as the 'Seth Adams Memorial Building,' to be located on the campus of the Ohio State university among the buildings of the college of agriculture, and to be devoted to sheep husbandry. This proposed plan met with the unanimous and official approval of the Ohio Wool Growers and Sheep Breeders' association at their annual meeting in January. It has also the approval of the authorities of the Ohio State university, who have been fully consulted concerning the matter.

"Will you not give this plan your support and assistance, both moral and financial? At the Wool Growers' meeting, it was said that if each sheep owner in the state would contribute one cent for each sheep he owned, that a fine memorial could be erected. If this amount can be raised for each sheep in Ohio, a memorial will be constructed that the people of the state will in future look upon with just pride. We have plenty of memorials in America to great generals, statesmen, and men prominent in letters and art, but not one monument to a great benefactor in the domain of animal husbandry."

NATIONAL HOME FOR ELKS

Model Institution Will Be Dedicated at Bedford City, Va., Next Month.

Roanoke, Va., April 9.—An event which will prove of more than usual interest to citizens of every state in the union is that fixed for May 21, when the national home of the Order of Elks will be dedicated at Bedford City, Va. Plans have already been perfected for the accommodation of 5,000 Elks from Virginia and other states. When this national home is dedicated there will be thrown open to the members of the order one of the finest resting places anywhere in the United States.

The initial movement for the institution of a national home for the aged and indigent Elks was made about three years ago, and on the 16th of last June the Hotel Bedford property at Bedford City was purchased by the point committee, at a public sale, for \$12,950. The building, which was used as a summer hotel for ten years before falling into the hands of the Elks, was erected in 1891, and is constructed of purple granite and brick and cost \$93,000, while the complete furnishings of every room, which were acquired by the Elks, cost \$30,000 more. The plot of ground on which the home stands contains eight acres.

The building is three stories high and has a frontage of 210 feet and will comfortably accommodate 200 people. The Elks has expended \$40,000 in making additions, changes and repairs, to completely equip the building for a national home.

From every room in the building one can look out upon the widespread views of sunlit valleys and the blue towering mountains. The observatory which surmounts the home gives a fine view of the landscape for many miles in every direction, the surroundings being of almost indescribable beauty. The annual maintenance fund for the home will be in the neighborhood of \$36,000. This is the most Elklime project the order has ever attempted.

CONFER ON INQUEST

Judge Murphy and the District Attorney Settle Course of Inquiry.

LETTERS MUST BE PRODUCED

Also Statement Left and All Papers Relating to Affairs of Burdick. Sealed Instructions of Dead Man Not Yet Opened.

Buffalo, April 9.—Justice Murphy and District Attorney Coatsworth held a conference on the Pennell inquest, which begins at the morgue Friday. The course of the public inquiry so far as it could be discussed beforehand was settled. The inquests of Pennell and Mrs. Pennell are to be held jointly. The last known statement of Pennell in his own defense, in which he says a woman killed Burdick at midnight, is to come out.

The question of suicide or accident is not to be tried out, so far as the district attorney is concerned. That part of the case will be directed by Justice Murphy. The alleged defalcations announced as equaling the total of Pennell's life insurance have nothing to do with the death of Burdick and the inquest will not be a trial of a dead man for swindling. But that which in any way may tend to throw light on the murder of Burdick is to come out.

The letters Pennell wrote, the statement he left behind, and all other papers that in any way touch upon or pertain to the affairs of Burdick are to be brought out if the authorities can get at them. Pennell detectives' reports on the shadowing of Burdick also are to come out, unless they have found their way into hands beyond the reach of the court. The facts about the trust fund or bond from Pennell to Mrs. Burdick may also come out, unless Attorney Thayer on the stand pleads his privilege as attorney for the dead man. Even then it is for the court to decide whether the plea is valid, and Justice Murphy will pass upon whether Mr. Thayer should produce the papers in his possession at the time of Pennell's death.

Justice Murphy has decided to sign the subpoenas desired by District Attorney Coatsworth. These include subpoenas for Thomas Penney, attorney for the Pennell estate; Administrator Frederick Pennell, Attorney Wallace Thayer, who was Pennell's legal adviser; the witnesses to Pennell's will and certain others. The inquest probably will last two days.

It was intimated that in the event of those interested in the Pennell estate are called upon at an official inquiry to divulge any information as to Pennell's financial operations in the east an effort will be made to show that the money which he obtained from his friends and relatives was in the nature of legitimate loans. In other words, it may be asserted that funds to the amount of about \$200,000 were advanced to him without any security whatever. His attorney, Wallace Thayer, admits that Pennell had no security to give for such loans; that he possessed no real estate and had no bonds or stocks or mortgages.

Mr. Thayer says he has not yet opened the sealed instructions left him by the dead man.

"Pennell left written orders that they should not be opened until the insurance money was paid in," said Mr. Thayer. "I therefore do not know what my secret instructions are. In the sealed package are a number of papers. I do not know what they consist of. I do not know whether the bond drawn by Pennell to secure the payment of \$25,000 to Mr. Burdick is contained in that package or no. In fact, I do not know yet whether the \$25,000 life insurance assigned to me in trust was intended for Mrs. Burdick."

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strengthening tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle. Send 10c to Lightning Medicine Co., Rock, Island, Ill., to cover postage on large sample bottle.

Plans have already been perfected for the accommodation of 5,000 Elks from Virginia and other states. When this national home is dedicated there will be thrown open to the members of the order one of the finest resting places anywhere in the United States.

The initial movement for the institution of a national home for the aged and indigent Elks was made about three years ago, and on the 16th of last June the Hotel Bedford property at Bedford City was purchased by the point committee, at a public sale, for \$12,050. The building, which was used as a summer hotel for ten years before falling into the hands of the Elks, was erected in 1891, and is constructed of purple granite and brick and cost \$93,000, while the complete furnishings of every room, which were acquired by the Elks, cost \$30,000 more. The plot of ground on which the home stands contains eight acres. The building is three stories high and has a frontage of 210 feet and will comfortably accommodate 200 people. The Elks has expended \$40,000 in making additions, changes and repairs, to completely equip the building for a national home.

From every room in the building one can look out upon the widespread views of sunlit valleys and the blue towering mountains. The observatory which surmounts the home gives a fine view of the landscape for many miles in every direction, the surroundings being of almost indescribable beauty. The annual maintenance fund for the home will be in the neighborhood of \$38,000. This is the most Elkslike project the order has ever attempted.

CONFER ON INQUEST

Judge Murphy and the District Attorney Settle Course of Inquiry.

LETTERS MUST BE PRODUCED

Also Statement Left and All Papers Relating to Affairs of Burdick. Sealed Instructions of Dead Man Not Yet Opened.

Buffalo, April 9.—Justice Murphy and District Attorney Coatsworth held a conference on the Pennell inquest, which begins at the morgue Friday. The course of the public inquiry so far as it could be discussed before hand was settled. The inquests of Pennell and Mrs. Pennell are to be held jointly. The last known statement of Pennell in his own defense, in which he says a woman killed Burdick at midnight, is to come out.

The question of suicide or accident is not to be tried out, so far as the district attorney is concerned. That part of the case will be directed by Justice Murphy. The alleged defalcations announced as equaling the total of Pennell's life insurance have nothing to do with the death of Burdick and the inquest will not be a trial of a dead man for swindling. But that which in any way may tend to throw light on the murder of Burdick is to come out.

The letters Pennell wrote, the statement he left behind, and all other papers that in any way touch upon or pertain to the affairs of Burdick are to be brought out if the authorities can get at them. Pennell detectives' reports on the shadowing of Burdick also are to come out, unless they have found their way into hands beyond the reach of the court. The facts about the trust fund or bond from Pennell to Mrs. Burdick may also come out, unless Attorney Thayer on the stand pleads his privilege as attorney for the dead man. Even then it is for the court to decide whether the plea is valid, and Justice Murphy will pass upon whether Mr. Thayer should produce the papers in his possession at the time of Pennell's death.

Justice Murphy has decided to sign the subpoenas desired by District Attorney Coatsworth. These include subpoenas for Thomas Penney, administrator for the Pennell estate; Administrator Frederick Pennell, Attorney Wallace Thayer, who was Pennell's legal advisor; the witnesses to Pennell's will and certain others. The inquest probably will last two days.

It was intimated that in the event of those interested in the Pennell estate are called upon at an official inquiry to divulge any information as to Pennell's financial operations in the east an effort will be made to show that the money which he obtained from his friends and relatives was in the nature of legitimate loans. In other words, it may be asserted that funds to the amount of about \$200,000 were advanced to him without any security whatever. His attorney, Wallace Thayer, admits that Pennell had no security to give for such loans; that he possessed no real estate and had no bonds or stocks or mortgages.

Mr. Thayer says he has not yet opened the sealed instructions left him by the dead man.

"Pennell left written orders that they should not be opened until the insurance money was paid in," said Mr. Thayer. "I therefore do not know what my secret instructions are. In the sealed package are a number of papers. I do not know what they consist of. I do not know whether the bond drawn by Pennell to secure the payment of \$25,000 to Mr. Burdick is contained in that package or no. In fact, I do not know yet whether the \$25,000 life insurance assigned to me in trust was intended for Mrs. Burdick."

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strengthening tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Dr. Howard's Dyspepsia Specific;
Regular Price, 50c; B. C.
Ansley's Price, 25c.

The special half price sale of Dr. Howard's specific for the cure of constipation and dyspepsia by B. C. Ansley means the saving of a few dollars on every family's yearly bill for medicines.

Each 50c bottle Mr. B. C. Ansley sells for 25c contains sixty doses of a medicine that is pleasant to take and which can be depended upon to cure the worst case of constipation dyspepsia or liver trouble. Mr. Ansley has so much faith in the superior merit of this medicine that he says: "If Dr. Howard's specific does not cure you come back to my store and I will return your money."

If you are troubled with constipation, headaches or dizziness, or if your food does not digest naturally and easily, you cannot afford to let pass the special price that Mr. Ansley is making this week on Dr. Howard's specific.

Mr. Ansley is giving his customers a chance to try Dr. Howard's specific for the cure of constipation and dyspepsia at just half the regular price, 25c. And every package is sold under his personal guarantee to refund the money if it is not satisfactory.

or so later, Mr. Adams was awarded a prize of \$50 by the Massachusetts Society for Promoting Agriculture, for introducing the first Merino sheep to Massachusetts. In 1807 Mr. Adams moved from Massachusetts and settled in Muskingum county, Ohio. He brought with him twenty-five or thirty Merino sheep, descendants of the pair imported in 1801. These were the first Merinos to be brought west of the Atlantic coast states. Settlers of the western country regarded this breed of such importance that in the latter part of 1807 and early in 1808, the newspapers proposed every bank having national encouragement, should be obliged to give assistance in procuring them and providing for their care and increase. Mr. Adams died in 1852 at the ripe old age of 84 years. During a long and useful life, he had constantly promoted sheep husbandry and unquestionably his services to the sheep interests of Ohio can never be regarded excepting as of the utmost importance.

"Since the day Mr. Adams first brought Merinos to Ohio, this state has in fact been the largest and most important Merino producing state in America. By the census of 1900, Ohio is credited with about four million sheep with a valuation of about ten million dollars. Far more pure bred flocks of Merino sheep are today found in Ohio than in any other state, and the rest of our country is constantly drawing upon Ohio to improve their flocks. In view of the great work which Seth Adams rendered to Ohio and even the nation, it has been proposed that the sheep breeders and feeders of Ohio erect a memorial to his name and fame. It has been further proposed that this be in the form of a structure to be known as the 'Seth Adams Memorial Building,' to be located on the campus of the Ohio State university among the buildings of the college of agriculture, and to be devoted to sheep husbandry. This proposed plan met with the unanimous and official approval of the Ohio Wool Growers and Sheep Breeders' association at their annual meeting in January. It has also the approval of the authorities of the Ohio State university, who have been fully consulted concerning the matter.

"Will you not give this plan your support and assistance, both moral and financial? At the Wool Growers' meeting, it was said that if each sheep owner in the state would contribute one cent for each sheep he owned, that a fine memorial could be erected. If this amount can be raised for each sheep in Ohio, a memorial will be constructed that the people of the state will in future look upon with just pride. We have plenty of memorials in America to great generals, statesmen, and men prominent in letters and art, but not one monument to a great benefactor in the domain of animal husbandry."

FIRED A BULLET THROUGH A WINDOW

William Blankenship to Be Tried For Shooting at a Neighbor's House.

Henry Jacobs appeared in Justice L. W. Carman's office this morning and swore out a warrant for the arrest of William Blankenship, charging him with shooting through a window of Jacob's house during the absence of the plaintiff. Mr. Jacobs says that there has been trouble between himself and Blankenship for some time and that the latter has tried in almost every way possible to cause him trouble. Yesterday afternoon while Mr. Jacobs was away from home Blankenship passed the house, and drawing a revolver, shot through one of the windows.

The bullet was found lying near the hearth and fortunately did no damage to any of the children in the house. Mr. Jacobs' son, Clyde, aged 14, and daughter, Nina, aged 11, and the 12-year-old daughter of a neighbor, Cecil Edgell, witnessed the shooting. They were all in the front room at the time and luckily the ball did not touch any of them. The warrant was placed in the hands of Constable Powell for service this morning and Blankenship will be given a hearing this evening. The latter is a tinsmith, while Jacobs is an employee of an East End pottery.

MISSIONARY SERVICE

Dr. M. B. Pratt Addressed a Large Congregation in the East End.

The regular prayer meeting service at the Erie Street M. E. church last night was devoted to a missionary service. Rev. M. B. Pratt, pastor of the First M. E. church, was present and delivered an address on missions. A large congregation was present and the service was greatly enjoyed by all. It had been expected that the Steubenville district quartet would be present and render several musical selections, but owing to sickness they were unable to come.

Dr. Pratt's address was devoted to the interests of missions, both home and foreign, and at the end of the service a liberal offering for the benefit of missions was taken up.

Thanks for a \$50 Gift.

Rev. J. R. Greene, formerly of the East End, writes to the News Review: "In behalf of the First Avenue U. P. church, South Sharon, Pa., I wish to thank the W. M. S. of the Second U. P. church, East Liverpool, for their gift of \$50, which will be applied to the church's needs. Everything is prospering and the town is booming."

EAST END AFFAIRS.

Dr. H. R. Farrell is confined to his home with grip.

Dr. F. F. Davis left this morning to spend a few days hunting.

John R. McDaniel left this afternoon for Cleveland, where he expects to locate.

John Grant left this morning for New Brighton, where he will remain a few days on business.

Logan Smith expects to move into the property of Frank White on Railroad street some time this week.

Harry Pollock, jiggerman at the Klondike, has given up his place and it will be filled by George Wilson.

Miss Della Richmond, of High street, who has been ill with typhoid fever for several weeks, is considerably improved.

Miss Dora Howe has returned to her home in the East End after spending a few days with relatives in Parkersburg, W. Va.

Constable Powell was in the East End this morning, serving subpoenas on several persons to appear before the grand jury at its next session at Lisbon.

The regular meeting of the Golden Eagles will be held tomorrow evening. Several applications for membership have been received and they may be initiated at this meeting.

CATARRH CURED BY DRY AIR

Hymel Medicates the Air You Breathe Kills the Germs and Cures the Disease.

Hymel cures catarrh thoroughly and permanently, because it reaches the smallest air cells in the head, throat and lungs, kills the germs causing the disease and drives it from the system. Hymel goes to the root of the disease, destroys the cause and makes permanent cures which can be effected in no other way. Breathe is a few minutes four times a day and benefit will be seen at once. Continue this treatment for a few weeks and Hymel will have you cured.

The Hymel in the inhaler furnished with the outfit dries and sterilizes the air you breathe. It is a local and direct treatment for eradicating all catarrh germs in the mucous membrane and tissues and in this way cures catarrh in any part of the system. Used in connection with Hymel Balm it has been successful in curing the worst and most deep-seated cases of catarrhal deafness.

A. W. Clark, of Everett, Mass., writes: "I have spent a fortune on different treatments for catarrh and could not hear across the table. After using Hymel and Hymel Balm for eight days I can hear as well as ever."

Stronger than any claims that can be made for an advertisement, is the fact that Will Reed will give his personal guarantee with every outfit he sells to refund the money if the purchaser can say that Hymel has not given satisfaction.

has it ready for occupancy.

A number of citizens who purchased town lots in the new addition known as Grandview have commenced to grade ready for building.

Allison D. Thompson, a student of New Wilmington college, and a former citizen of Salineville, was the guest of Mr. and Mrs. H. Kirk lately. The little son of Mr. and Mrs. C. C. Twiss fell off a small tree and severely cut his tongue with his teeth.

The election was quiet. Republicans were elected with the exception of Higgins, for marshal, Wesley Wright for trustee and W. A. Lindsay for member of the school board. They are Democrats.

AZELDA

Azelza, April 9.—Miss Lena Finney has been visiting at home.

Roy Morlan and family visited the home of Sherman Austin at Rogers.

John Wilson and wife and his cousin, Alex Roseburg, and wife visited relatives near Humtown recently.

Mrs. Lizzie Conkle and son Wilmer are confined to the house with inflammatory rheumatism.

Melvin Conkle spent part of last week with his father-in-law, Mr. Forey, and family, of Leontonia.

May Willis is sick with the grip.

Mr. and Mrs. Frank Taylor, of Millrock, visited relatives here Sunday.

LaGrippe Caused Heart Trouble, Nervous Prostration and Dyspepsia.

My Friends Know Heart Cure Cured Me.

Mrs. C. O. Hurd, 118 W. Third St., Muscatine, Ia., is well known throughout her section of Iowa as an ardent worker in the M. E. Church. She says: "LaGrippe left me with a severe case of nervous depression and nervous dyspepsia, which soon affected my heart. I suffered from sleeplessness, headache, extreme nervousness and twitching of the muscles. The slightest exertion would cause shortness of breath, a numbness of my body and hot flashes with pain. I will tell you what I am constantly telling my friends—that Dr. Miles' Heart Cure cured me so that all these disagreeable symptoms left me. I may add that for severe pain I have never found anything to equal Dr. Miles' Anti-Pain Pills and think the Nerve and Liver Pills are a wonderful stomach remedy."

"Our son was stricken down with heart trouble in his twentieth year. For two months we got no sleep with him at night, so we commenced to use Dr. Miles' Heart Cure and Nerve and the Nerve and Liver Pills and today he is sound and well. In fact he passed a physical examination since his sickness and is with the Army in the Philippines. I desire to add that Dr. Miles' Anti-Pain Pills have certainly been a boon to me. I am frequently troubled with sick and nervous headaches and I have never found anything that would relieve me so quickly and leave me feeling so well thereafter."—Mrs. Alice Moad, Buffalo, Mo.

AN EVENING OF MUSIC FOR CHURCH COERS

Easter Music Will Occupy All of Sunday Evening at the Presbyterian Church.

The services at the First Presbyterian church next Sunday evening will be under the auspices of the choir under the supervision of Prof. H. F. Laughlin. There will be no sermon and the entire program will consist of an oratorio by the regular members of the choir. The program as arranged is Stainer's Crucifixion and it is a beautiful production and with the much talent in the choir there is no doubt that the evening will be one of special pleasure to the congregation. The musical program will require 45 minutes to complete. The solo parts will be sung by John Stoddard, Edward Adams and R. M. Brown.

The regular sermon, the third of the series now being delivered by Rev. C. G. Jordan, the pastor, will be postponed till the following Sunday evening. The choir is practicing hard for the service and propose to give a service the equal of which has never been given in East Liverpool before by all home talent.

COUNTY AND NEIGHBORHOOD

There is great activity in Beaver county oil fields.

Toronto is wrestling with an ordinance to compel the removal of all screens from saloons.

Will Green, of Salem, wanted a chicken and stole one from William Rutter. He is now in the county jail.

The American Sewer Pipe company has begun the work of opening a coal mine on property adjacent to its Standish works in Hancock county.

Reports from the Ohio valley fruit counties, Brooke, Belmont, Jefferson and Washington counties, indicate a total failure of the early fruit crop.

James Hughes, the defeated candidate for council in the Third ward in Salem, was the thirteenth man to vote in the ward and was beaten by just 13 votes.

Fifteen students of Bethany college were arrested by Mayor C. B. Scott, charged with hazing Henry and Willie Proctor, two boys from Liverpool, England.

The Wabash now intends to make the C. & P. show its hand by condemning all C. & P. property that is needed for the construction of the Steubenville and Toronto railroad.

The evening of election day at Coshocton Judge Roche received an old envelope containing \$700 that had been left the day before in a voting booth. The booth had been visited by scores of voters.

A Prisoner in Her House.

Mrs. W. H. Lavha, of 1001 Agnes avenue, Kansas City, Mo., has for several years been troubled with severe hoarseness and at times a hard cough which she says, "Would keep me in doors for days. I was prescribed for by physicians with no noticeable results. A friend gave me a part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks have no hesitation in saying I realize that I am entirely cured. From this time on Chamberlain's Cough Remedy will be in my house constantly." This remedy is for sale by Alvin H. Bulger.

CYCLONE CASUALTIES

Death and Destruction Wrought by Whirlwinds in Alabama and Arkansas.

DEAD NUMBER OVER A SCORE.

Twelve Killed Instantly at Hopewell and Many Injured—One Town Wiped Off the Map—Nine Killed in Arkansas Storm.

Little Rock, Ark., April 9.—Specials from several towns in White and Cleburne counties, Ark., tell of a cyclone which swept through that section Tuesday night, leaving death and destruction in its wake. The record of casualties so far is 9 dead, 3 dying and 13 others badly injured. The towns of Little Red, Albion, Bradford, Heber and Pangburn have been heard from so far.

The dead: Jim and Joe Leggett, Little Red; Tom King and wife, Little Red; three King children; young lady school teacher who was boarding at King's; A. C. Williams, near Heber.

The injured: Infant child of the King family; Mrs. A. C. Williams, not expected to live; Buck Neeley, Searay; Albert Kiler, Elbert Deorio, Walker, Pollard, Little Red; two of the Pollard family, near Albion; Mrs. Hoverton and children, Pangburn, not expected to live; Miss Barkhausen, Little Red, leg broken and skull fractured; Walter Fuller, Pangburn, leg broken; Mrs. Henry Wells, injured fatally; unknown woman, Pangburn, both legs broken; Tom Houston, near Heber, both arms broken; unknown man at Bradford.

The major portion of the country through which the storm ploughed its way is remote from railroads, telegraph or telephone lines. A special correspondent telegraphed from Searay, Ark., that he had gone over a portion of the track of the storm and that trees were twisted from their trunks and houses were demolished. Thus far it has been impossible to ascertain where the storm began, but it is known that it raged in those two counties, and the list of casualties is likely to be greater than is now known.

Bradford, which is on the Iron Mountain road, was the first point heard from. Several houses were blown down there and one man badly injured. The tornado came from the west and spent its force by the time it reached Bradford.

Wiped Off the Map.

It is feared the little town of Hiram, with 150 population, has been wiped off the map. It is near Heber and in the storm's track. Nothing has thus far been heard from it. It probably will be several days before the names of all who were killed by the tornado will be known.

A special from Heber says: In the tornado which swept across this section A. C. Williams, living 10 miles south of Heber, was killed. He was 70 years old and lived with his wife on top of one of the mountains south of this town. His house was caught up by the wind and thrown down the mountain side, he being killed. His wife was badly injured and is not expected to live. A white man named Houston, living near Williams, had both arms broken.

At Pangburn six residences were blown down and a flock of sheep and a number of cattle, hogs and horses were killed. A large church near Pangburn was blown half a mile.

At Little Red postoffice Albert Kiler, Elbert Deorio, Walker Pollard, Mrs. Pollard and Tom King lost all their houses, barns and other buildings.

Forty-three residences and 16 barns destroyed and other wreckage is the record of damage reported. The tornado swept everything in a path a mile wide.

At Pangburn Mrs. Hoverton and one child were badly hurt and are not expected to live. Two of the Pollards near Albion, were badly hurt. A number of others were hurt, but not seriously.

Hyomei cures catarrh thoroughly and permanently, because it reaches the smallest air cells in the head, throat and lungs, kills the germs causing the disease and drives it from the system. Hyomei goes to the root of the disease, destroys the cause and makes permanent cures which can be effected in no other way. Breathe is a few minutes four times a day and benefit will be seen at once. Continue this treatment for a few weeks and Hyomei will have you cured.

The Hyomei in the inhaler furnished with the outfit dries and sterilizes the air you breathe. It is a local and direct treatment for eradicating all catarrh germs in the mucous membrane and tissues and in this way cures catarrh in any part of the system. Used in connection with Hyomei Balm it has been successful in curing the worst and most deep-seated cases of catarrhal deafness.

A. W. Clark, of Everett, Mass., writes: "I have spent a fortune on different treatments for catarrh and could not hear across the table. After using Hyomei and Hyomei Balm for eight days I can hear as well as ever."

Stronger than any claims that can be made for an advertisement, is the fact that Will Reed will give his personal guarantee with every outfit he sells to refund the money if the purchaser can say that Hyomei has not given satisfaction.

LaGrippe Caused Heart Trouble,

Nervous Prostration and Dyspepsia.

My Friends Know Heart Cure Cured Me.

Mrs. C. O. Hurd, 118 W. Third St., Muscatine, Ia., is well known throughout her section of Iowa as an ardent worker in the M. E. Church. She says: "LaGrippe left me with a severe case of nervous depression and nervous dyspepsia, which soon affected my heart. I suffered from sleeplessness, headache, extreme nervousness and twitching of the muscles. The slightest exertion would cause shortness of breath, a numbness of my body and hot flashes with pain. I will tell you what I am constantly telling my friends you can't cure LaGrippe with anything but the Dr. Miles' Heart Cure. I have been a sufferer from LaGrippe for several years and I have never found anything to equal Dr. Miles' Heart Cure. I think the Dr. Miles' Heart Cure is a wonderful stomach remedy."

"Our son was stricken down with heart trouble in his twentieth year. For two months we got no sleep with him at night, so we commenced to use Dr. Miles' Heart Cure and Nervousness and twitching of the muscles. Today he is sound and well. In fact he passed a physical examination since his sickness and is with the Army in the Philippines. I desire to add that Dr. Miles' Heart Cure has been a boon to me. I am frequently troubled with sick and nervous headaches and I have never found anything that would relieve me so quickly and leave me feeling so well thereafter."—Mrs. Alice Moore, Buffalo, Mo.

AN EVENING OF MUSIC FOR CHURCH GOERS

Easter Music Will Occupy All of Sunday Evening at the Presbyterian Church.

The services at the First Presbyterian church next Sunday evening will be under the auspices of the choir under the supervision of Prof. H. F. Laughlin. There will be no sermon and the entire program will consist of an oratorio by the regular members of the choir. The program as arranged is Stainer's Crucifixion and it is a beautiful production and with the much talent in the choir there is no doubt that the evening will be one of special pleasure to the congregation. The musical program will require 45 minutes to complete. The solo parts will be sung by John Stoddard, Edward Adams and R. M. Brown.

The regular sermon, the third of the series now being delivered by Rev. C. G. Jordan, the pastor, will be postponed till the following Sunday evening. The choir is practicing hard for the service and propose to give a service the equal of which has never been given in East Liverpool before by all home talent.

COUNTY AND NEIGHBORHOOD

There is great activity in Beaver county oil fields.

Toronto is wrestling with an ordinance to compel the removal of all screens from saloons.

Will Green, of Salem, wanted a chicken and stole one from William Rutter. He is now in the county jail.

The American Sewer Pipe company has begun the work of opening a coal mine on property adjacent to its Standish works in Hancock county.

Reports from the Ohio valley fruit counties, Brooke, Belmont, Jefferson and Washington counties, indicate a total failure of the early fruit crop.

James Hughes, the defeated candidate for council in the Third ward in Salem, was the thirteenth man to vote in the ward and was beaten by just 13 votes.

Fifteen students of Bethany college were arrested by Mayor C. B. Scott, charged with hazing Henry and Willie Proctor, two boys from Liverpool, England.

The Wabash now intends to make the C. & P. show its hand by condemning all C. & P. property that is needed for the construction of the Steubenville and Toronto railroad.

The evening of election day at Coshocton Judge Roche received an old envelope containing \$700 that had been left the day before in a voting booth. The booth had been visited by scores of voters.

A Prisoner in Her House.

Mrs. W. H. Lavha, of 1001 Agnes avenue, Kansas City, Mo., has for several years been troubled with severe hoarseness and at times a hard cough which she says, "Would keep me in doors for days. I was prescribed for by physicians with no noticeable results. A friend gave me a part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks that I am entirely cured. From this time on Chamberlain's Cough Remedy will be in my house constantly." This remedy is for sale by Alvin H. Bulger.

CYCLONE CASUALTIES

Death and Destruction Wrought by Whirlwinds in Alabama and Arkansas.

DEAD NUMBER OVER A SCORE.

Twelve Killed Instantly at Hopewell

and Many Injured—One Towed Wiped Off the Map—Nine Killed in Arkansas Storm.

Little Rock, Ark., April 9.—Specials from several towns in White and Cleburne counties, Ark., tell of a cyclone which swept through that section Tuesday night, leaving death and destruction in its wake. The record of casualties so far is 9 dead, 3 dying and 13 others badly injured. The towns of Little Red, Albion, Bradford, Heber and Pangburn have been heard from so far.

The dead: Jim and Joe Leggett; Little Red; Tom King and wife, Little Red; three King children; young lady school teacher who was boarding at Kings; A. C. Williams, near Heber.

The injured: Infant child of the King family; Mrs. A. C. Williams, not expected to live; Buck Neeley, Searcy; Albert Kiler, Elbert Deertle, Walker Pollard, Little Red; two of the Pollard family, near Albion; Mrs. Hoverton and children, Pangburn, not expected to live; Miss Barkhausen, Little Red, leg broken and skull fractured; Walter Fuller, Pangburn, leg broken; Mrs. Henry Wells, injured fatally; unknown woman, Pangburn, both legs broken; Tom Houston, near Heber, both arms broken; unknown man at Bradford.

The major portion of the country through which the storm ploughed its way is remote from railroads, telegraph or telephone lines. A special correspondent telegraphed from Searcy, Ark., that he had gone over a portion of the track of the storm and that trees were twisted from their trunks and houses were demolished. Thus far it has been impossible to ascertain where the storm began, but it is known that it raged in those two counties, and the list of casualties is likely to be greater than is now known.

Bradford, which is on the Iron Mountain road, was the first point heard from. Several houses were blown down there and one man badly injured. The tornado came from the west and spent its force by the time it reached Bradford.

Wiped Off the Map.

It is feared the little town of Hiram, with 150 population, has been wiped off the map. It is near Heber and in the storm's track. Nothing has thus far been heard from it. It probably will be several days before the names of all who were killed by the tornado will be known.

A special from Heber says: In the tornado which swept across this section A. C. Williams, living 10 miles south of Heber, was killed. He was 70 years old and lived with his wife on top of one of the mountains south of this town. His house was caught up by the wind and thrown down the mountain side, he being killed. His wife was badly injured and is not expected to live. A white man named Houston, living near Williams, had both arms broken.

At Pangburn six residences were blown down and a flock of sheep and a number of cattle, hogs and horses were killed. A large church near Pangburn was blown half a mile.

At Little Red postoffice Albert Kiler, Elbert Deertle, Walker Pollard, Mrs. Pollard and Tom King lost all their houses, barns and other buildings.

Forty-three residences and 16 barns destroyed and other wreckage is the record of damage reported. The tornado swept everything in a path a mile wide.

At Pangburn Mrs. Hoverton and one child were badly hurt and are not expected to live. Two of the Pollards near Albion, were badly hurt. A number of others were hurt, but not seriously.

FIRE A BULLET THROUGH A WINDOW

William Blankenship to Be Tried For Shooting at a Neighbor's House.

Henry Jacobs appeared in Justice L. W. Carman's office this morning and swore out a warrant for the arrest of William Blankenship, charging him with shooting through a window of Jacob's home during the absence of the plaintiff. Mr. Jacobs says that there has been trouble between himself and Blankenship for some time and that the latter has tried in almost every way possible to cause him trouble. Yesterday afternoon while Mr. Jacobs was away from home Blankenship passed the house, and drawing a revolver, shot through one of the windows.

The bullet was found lying near the hearth and fortunately did no damage to any of the children in the house. Mr. Jacobs' son, Clyde, aged 14, and daughter, Nina, aged 11, and the 12-year-old daughter of a neighbor, Cecil Edgell, witnessed the shooting. They were all in the front room at the time and luckily the ball did not touch any of them. The warrant was placed in the hands of Constable Powell for service this morning and Blankenship will be given a hearing this evening. The latter is a teamster, while Jacobs is an employee of an East End pottery.

MISSIONARY SERVICE

Dr. M. B. Pratt Addressed a Large Congregation in the East End.

The regular prayer meeting service at the Erie Street M. E. church last night was devoted to a missionary service. Rev. M. B. Pratt, pastor of the First M. E. church, was present and delivered an address on missions. A large congregation was present and the service was greatly enjoyed by all. It had been expected that the Steubenville district quartet would be present and render several musical selections, but owing to sickness they were unable to come.

Dr. Pratt's address was devoted to the interests of missions, both home and foreign, and at the end of the service a liberal offering for the benefit of missions was taken up.

Thanks for a \$50 Gift.

Rev. J. R. Greene, formerly of the East End, writes to the News Review: "In behalf of the First Avenue U. P. church, South Sharon, Pa., I wish to thank the W. M. S. of the Second U. P. church, East Liverpool, for their gift of \$50, which will be applied to the church's needs. Everything is prospering and the town is booming."

EAST END AFFAIRS.

Dr. H. R. Farrell is confined to his home with grip.

Dr. F. J. Davis left this morning to spend a few days hunting.

John R. McDaniel left this afternoon for Cleveland, where he expects to locate.

John Grant left this morning for New Brighton, where he will remain a few days on business.

Logan Smith expects to move into the property of Frank White on Railroad street some time this week.

Harry Pollock, jiggerman at the Klondike, has given up his place and it will be filled by George Wilson.

Miss Della Richmond, of High street, who has been ill with typhoid fever for several weeks, is considerably improved.

Miss Dora Howe has returned to her home in the East End, after spending a few days with relatives in Parkersburg, W. Va.

Constable Powell was in the East End this morning, serving subpoenas on several persons to appear before the grand jury at its next session at Lisbon.

The regular meeting of the Golden Eagles will be held tomorrow evening. Several applications for membership have been received and they may be initiated at this meeting.

SALINEVILLE

Salineville, April 8.—Mrs. Nellie Hostetter, nee Carman, of Massillon, is visiting this week with her new baby, at the home of her foster parents, Mr. and Mrs. Carman, on Church street.

"Uncle Tom's Cabin" was rendered at the opera house by a well trained troupe which was favored with a good house.

The home of Mr. and Mrs. John Doyle was brightened by the arrival of a new baby boy. The father is prostrated with an attack of rheumatism.

It is feared now after the hard freeze the fruit crop will be destroyed. Ed K. Gould, of the West End, has erected a new blacksmith shop on the Marietta plat, south of city hall, and

A special correspondent telegraphed from Searcy, Ark., that he had gone over a portion of the track of the storm and that trees were twisted from their trunks and houses were demolished. Thus far it has been impossible to ascertain where the storm began, but it is known that it raged in those two counties, and the list of casualties is likely to be greater than is now known. Bradford, which is on the Iron Mountain road, was the first point heard from. Several houses were blown down there and one man badly injured. The tornado came from the west and spent its force by the time it reached Bradford.

Wiped Off the Map.

It is feared the little town of Hiram, with 150 population, has been wiped off the map. It is near Heber and in the storm's track. Nothing has thus far been heard from it. It probably will be several days before the names of all who were killed by the tornado will be known.

A special from Heber says: In the tornado which swept across this section A. C. Williams, living 10 miles south of Heber, was killed. He was 70 years old and lived with his wife on top of one of the mountains south of this town. His house was caught up by the wind and thrown down the mountain side, he being killed. His wife was badly injured and is not expected to live. A white man named Houston, living near Williams, had both arms broken.

At Pangburn six residences were blown down and a flock of sheep and a number of cattle, hogs and horses were killed. A large church near Pangburn was blown half a mile.

At Little Red postoffice Albert Kiler, Elbert Deerie, Walker Pollard, Mrs. Pollard and Tom King lost all their houses, barns and other buildings.

Forty-three residences and 16 barns destroyed and other wreckage is the record of damage reported. The tornado swept everything in a path a mile wide.

At Pangburn Mrs. Hoverton and one child were badly hurt and are not expected to live. Two of the Pollards near Albion, were badly hurt. A number of others were hurt, but not seriously.

The world is learning to respect America and its doctrines. President Roosevelt's Chicago address on the Monroe doctrine has been followed by much careful comment on the part of some influential German newspapers.

Thus the Vossische Zeitung says that "no logical objection can be raised to the doctrine. It is for North America a matter of national sentiment and national business, and any attack on it from this side of the ocean is mere tilting at windmills." Even more notable is the comment of the Berlin Tageblatt that "whether the Monroe doctrine is a part of international law or not, we recognize it, not only because we must, but as a matter of principle."

The United States sold in Canada \$67,000,000 worth of manufactured goods in seven months ending with January. That was 56 per cent of all that Canada imported. Trade relations with our neighbors are certainly worth cultivating. What is possible in trading with Canada is also possible with Mexico and, to a considerable extent, in South America. This country is expanding at an enormous rate, and its foreign trade is keeping pace with the growth at home. The completion of the Panama canal will lend a mighty impetus to both.

One result of the municipal elections is the starting of new gubernatorial booms. The more the merrier. Ohio Republicans will select the governor and a multitude of candidates, before the convention will serve only to make things interesting.

President Roosevelt is now in retirement in Yellowstone Park. The only way he can escape office seekers and

committees anxious for a speech is to penetrate deep into some wilderness.

And now the Democrats are saying that Tom Johnson is their logical candidate for governor. In the past Tom has been accused of many things, but never of being logical.

Tom Johnson will run the Democratic party of Ohio during the fall campaign. The Republicans could ask nothing better for themselves.

The cruiser West Virginia will be launched April 18. If she is true to her name she will certainly be a good fighter.

Nothing has been heard since Monday's election of J. R. McLean as a factor in Ohio Democrat politics.

OBITUARY

John G. Rogers.

Lisbon, April 9.—(Special)—John J. Rogers, of the firm of Rogers & Elder, received a message yesterday announcing the death of his uncle, John G. Rogers, which occurred at Lacon, Ill., yesterday morning. The deceased was 96 years old. He was born and brought up near East Fairfield, a few miles east of Lisbon, but had lived in the west for many years. He was the last of a large family of children, and is survived here by two nieces and a nephew, Mrs. James Mitchell, Mrs. Mattie Whitney and John J. Rogers. He has relatives in Salem also. Attorney John Rogers being one of them. The funeral will take place Friday.

Mrs. William McKinnon.

Mrs. William McKinnon, aged 32 years, died at her home in Drury lane at 3:45 this morning of inflammation of the bowels. She was ill but three days, and her death was a great surprise to her many friends. She leaves a husband and one son 3 years of age to mourn her untimely death. The bereaved ones have the sympathy of the entire community. Mrs. McKinnon was respected and esteemed by all who knew her, being possessed of a loving disposition and many commendable traits of character. Funeral services will be conducted at the late home in Drury lane Friday afternoon at 4 o'clock, interment to be made in Spring Grove cemetery.

Mrs. Charles Allison.

Mrs. Charles Allison, aged about 75 years, died yesterday afternoon at 2 o'clock at her home near the Washington school house, in Hancock county, W. Va. Mrs. Allison has been in poor health for several years owing to her age, but she has been apparently as well as usual for some time. Her death was quite a shock to the family. She had been a resident of Hancock county for many years. Her husband has been dead about ten years. She is survived by five children, two boys and three girls, all of whom are married and live in the neighborhood of Chester. For several years she has made her home at the home of Isaac Allison, and it was there that she died. The funeral will be held tomorrow afternoon from the house.

Mrs. Sarah Hoey.

Lisbon, April 9.—(Special)—Relatives here received word this morning of the death of Mrs. Sarah Hoey, which occurred at her home in Clarence, Ia., yesterday. She was born and reared in Salsville and was 75 years old. She was a daughter of the late Dr. William Farmer. A brother and

"Under Southern Skies," the play by the author of "Way Down East," at the Grand Monday evening, April 7, is one of the kind of plays that old-fashioned and a great many new-fashioned people love to hear. The play is to the southland what "Way Down East" is to New England. It is a picture of southern life and manners, the monotony of which is varied by a plot somewhat new and original. Particularly enjoyable are the scenes in the second and third acts, in which there is loveliness galore, with bandaged eyes, hand mirrors, extinguished candles and other delightful mimicry. The company presenting "Under Southern Skies" is said to be unusually large and competent.

THE EPWORTH LEAGUE ANNIVERSARY PROGRAM

Celebration of the Event in Lisbon By a Lecture Course.

Lisbon, April 9.—(Special)—Rev. J. A. Uman, pastor of the M. E. church of this city, is preparing with the local Epworth League for a fitting observance of the fourteenth anniversary of the Epworth League. The celebration will be in the form of a lecture course during the week of May 5-10 inclusive, for which season tickets will be sold for 25 cents. Excellent talent has been secured and fine programs will be presented each evening.

On Tuesday evening, May 5, Charles Bayard Mitchell, D. D., of Cleveland, will lecture on "The Prizetaker." Wednesday evening the program will consist of an elocutionary contest and musical. Contestants have been entered as follows: Miss Helen Wellington, Lisbon; Mrs. J. E. Ferrall, Leetonia; Miss Floy Stansbury, East Rochester; Miss Lydia Andrews, Wellsville; Miss Dora Juman, Columbiana, and Mrs. Harry Neigh, Salem. The first prize will be \$10 in gold and the second \$5 in gold. Ward Beecher Pickard, of Cleveland, will give his lecture on "The House That Jack Built," on Thursday evening. On Friday evening Rev. William H. Crawford, D. D., president of Allegheny college, will lecture on "Savannah." Levi Gilbert, D. D., of Cincinnati, has not given positive assurance, but will probably preach the anniversary sermon Sunday morning and deliver the anniversary address in the evening.

FRIENDS AND VISITORS

John Wilson, of Avondale street, is reported seriously ill today.

Miss Jessie Carey returned last evening from a short visit in Salem.

Harry A. Winthrop, of Jethro street, is home from a visit to friends at Canton.

committee several weeks ago a proposition was up to change the rules adopted at the last state convention providing for the organization of the state committee. The Johnson people compelled the committee to defer final action on the matter until the next meeting and in so doing prevented the Melson element from obtaining control. The latter faction had hoped to reorganize the committee at the meeting. The Republican state committee will also get together in this city and fix the time and place for the state convention. SALINEVILLE MASONS ORGANIZE A LODGE

A Dispensation Granted And New Organization Soon to Be Effected.

Salineville, April 9.—(Special)—A number of Free Masons of this city have been granted a dispensation to organize a Masonic lodge here. Masons of Salineville have been practically without a home since the lodge disbanded a few years ago. Early last winter a few of them here started a movement to organize a lodge. They were successful in having the dispensation granted. Preliminary arrangements have been made to institute a new lodge here.

The following officers have been appointed and elected: James H. Dodds, worshipful master; James E. Herbert, senior warden; F. Linton, junior warden; J. A. Sapp, secretary; F. Rogers, treasurer; R. M. Hull, senior deacon; T. Queen, junior deacon; B. Evans, tyler. The following are the members of the lodge at this time: S. G. Queen, Andrew Moffat, Duquesne, Pa.; H. H. Kirk, S. C. Lindsay, E. A. Montooth, James Russell, J. H. McCoy and A. G. Maple. A committee has been appointed to purchase necessary articles preparatory to opening the lodge. It is believed that a strong organization can be maintained here.

Mrs. Charles Allison.

Mrs. Charles Allison, aged about 75 years, died yesterday afternoon at 2 o'clock at her home near the Washington school house, in Hancock county, W. Va. Mrs. Allison has been in poor health for several years owing to her age, but she has been apparently as well as usual for some time. Her death was quite a shock to the family. She had been a resident of Hancock county for many years. Her husband has been dead about ten years. She is survived by five children, two boys and three girls, all of whom are married and live in the neighborhood of Chester. For several years she has made her home at the home of Isaac Allison, and it was there that she died. The funeral will be held tomorrow afternoon from the house.

"Under Southern Skies," the play by the author of "Way Down East," at the Grand Monday evening, April 7, is one of the kind of plays that old-fashioned and a great many new-fashioned people love to hear. The play is to the south land what "Way Down East" is to New England. It is a picture of southern life and manners, the monotony of which is varied by a plot somewhat new and original. Particularly enjoyable are Hallowe'en scenes in the second act, in which there is lovemaking galore, with bandaged eyes, hand mirrors, extinguished candles and other delightful mimicry. The company presenting "Under Southern Skies" is said to be unusually large and competent.

THE EPWORTH LEAGUE ANNIVERSARY PROGRAM

Celebration of the Event in Lisbon By a Lecture Course.

Lisbon, April 9.—(Special).—Rev. J. A. Uman, pastor of the M. E. church of this city, is preparing with the local Epworth League for a fitting observance of the fourteenth anniversary of the Epworth League. The celebration will be in the form of a lecture course during the week of May 5-10 inclusive, for which season tickets will be sold for 25 cents. Excellent talent has been secured and fine programs will be presented each evening.

On Tuesday evening, May 5, Charles Bayard Mitchell, D. D. of Cleveland, will lecture on "The Prizefighter." Wednesday evening the program will consist of an elocutionary contest and musicals. Contestants have been entered as follows: Miss Helen Wellington, Lisbon; Mrs. J. E. Ferrall, Leetonia; Miss Floy Stansbury, East Rochester; Miss Lydia Andrews, Wellsville; Miss Dora Juman, Columbiana, and Mrs. Harry Neigh, Salem. The first prize will be \$10 in gold and the second \$5 in gold. Ward Beecher Pickard, of Cleveland, will give his lecture on "The House That Jack Built," on Thursday evening. On Friday evening Rev. William H. Crawford, D. D., president of Allegheny college, will lecture on "Savannah." Levi Gilbert, D. D. of Cincinnati, has not given positive assurance, but will probably preach the anniversary sermon Sunday morning and deliver the anniversary address in the evening.

committee several weeks ago a proposition was up to change the rules adopted at the last state convention providing for the organization of the state committee. The Johnson people compelled the committee to defer final action on the matter until the next meeting and in so doing prevented the McLean element from obtaining control. The latter faction had hoped to reorganize the committee at the meeting. The Republican state committee will also get together in this city and fix the time and place for the state convention. It is probable that both conventions will be held in Columbus.

SALINEVILLE MASONS

ORGANIZE A LODGE

A Dispensation Granted And New Organization Soon to Be Effected.

Salineville, April 9.—(Special).—A number of Free Masons of this city have been granted a dispensation to organize a Masonic lodge here. Masons of Salineville have been practically without a home since the lodge disbanded a few years ago. Early last winter a few of them here started a movement to organize a lodge. They were successful in having the dispensation granted. Preliminary arrangements have been made to institute a new lodge here.

The following officers have been appointed and elected: James H. Dadds, worshipful master; James E. Herbert, senior warden; F. Linton, junior warden; J. A. Sapp, secretary; F. Rogers, treasurer; R. M. Hull, senior deacon; T. Queen, junior deacon; B. Evans, tyler. The following are the remainder of the lodge at this time: S. G. Queen, Andrew Moffat, Dupesne, P. H. H. Kirk, S. C. Lindsay, E. A. Montooth, James Russell, J. H. McCoy and A. G. Maple. A committee has been appointed to purchase necessary articles preparatory to opening the lodge. It is believed that a strong organization can be maintained here.

Story of the Cadi and the Citizen

One morning as the Cadi had opened court to dispense justice with as liberal a hand as if it didn't cost over 10 cents a pound a Citizen stepped forward and tearfully said:

"O thou son of wisdom, I want mine own and no more. A fellow in this town owes me four plunks and refuses to settle up. He has even threatened to put a head on me if I dun him again!"

"My subjects must not treat one another thus," said the Cadi as his face grew stern. "He who contracts a just debt must pay it, even though he sells the shirt off his back. By what name is this shirker and reviler known?"

"He is called Green, and he is in the ice business, O Cadi!"

"What! A man in the ice business refusing to pay his honest dues! It seems incredible. Hast made no mistake about Mr. Green?"

"None whatever, O Cadi! He owes me \$4, and he will not pay."

"Then I will make him eat a ton of his own ice, and it shall be honest weight at that! Thou canst spread the news that I will do this. By the way, what is your name and business?"

"I am called Consolidated, O Cadi, and I run a gas plant."

"And the ice-man owes you for gas consumed?"

"That is the indebtedness. See! Here is the bill. I knew that you were a just man and would see me!"

"Begone, citizen—begone!" roared the Cadi as he threw up his hands. "As I told you before, I am on this earth to see justice done, and when a gasman complains of an ice-man it is carrying things altogether too far. The plumber has ever overcharged me, and the ice-man has given me short weight, but the gasman has billed me \$3 for the month my house was closed up tight as a drum. Go to, thou man of gall—go to!"

The world is learning to respect America and its doctrines. President Roosevelt's Chicago address on the Monroe doctrine has been followed by much careful comment on the part of some influential German newspapers. Thus the Vossische Zeitung says that "no logical objection can be raised to the doctrine. It is for North America a matter of national sentiment and national business, and any attack on it from this side of the ocean is mere tilting at windmills." Even more notable is the comment of the Berlin Tageblatt that "whether the Monroe doctrine is a part of international law or not, we recognize it, not only because we must, but as a matter of principle."

The United States sold in Canada \$67,000,000 worth of manufactured goods in seven months ending with January. That was 56 per cent of all that Canada imported. Trade relations with our neighbors are certainly worth cultivating. What is possible in trading with Canada is also possible with Mexico and, to a considerable extent, in South America. This country is expanding at an enormous rate, and its foreign trade is keeping pace with the growth at home. The completion of the Panama canal will lend a mighty impetus to both.

One result of the municipal elections is the starting of new gubernatorial booms. The more the merrier. Ohio Republicans will select the governor and a multitude of candidates, before the convention will serve only to make things interesting.

President Roosevelt is now in retirement in Yellowstone Park. The only way he can escape office seekers and

committees anxious for a speech is to penetrate deep into some wilderness.

And now the Democrats are saying that Tom Johnson is their logical candidate for governor. In the past Tom has been accused of many things, but never of being logical.

Tom Johnson will run the Democratic party of Ohio during the fall campaign. The Republicans could ask nothing better for themselves.

The cruiser West Virginia will be launched April 18. If she is true to her name she will certainly be a good fighter.

Nothing has been heard since Monday's election of J. R. McLean as a factor in Ohio Democrat politics.

OBITUARY

John G. Rogers.

Lisbon, April 9.—(Special)—John J. Rogers, of the firm of Rogers & Elder, received a message yesterday announcing the death of his uncle, John G. Rogers, which occurred at Lacon, Ill., yesterday morning. The deceased was 96 years old. He was born and brought up near East Fairfield, a few miles east of Lisbon, but had lived in the west for many years. He was the last of a large family of children, and is survived here by two nieces and a nephew, Mrs. James Mitchell, Mrs. Mattie Whitney and John J. Rogers. He has relatives in Salem also. Attorney John Rogers being one of them. The funeral will take place Friday.

Mrs. William McKinnon.

Mrs. William McKinnon, aged 32 years, died at her home in Drury lane at 3:45 this morning of inflammation of the bowels. She was ill but three days, and her death was a great surprise to her many friends. She leaves a husband and one son 3 years of age to mourn her untimely death. The bereaved ones have the sympathy of the entire community. Mrs. McKinnon was respected and esteemed by all who knew her, being possessed of a loving disposition and many commendable traits of character. Funeral services will be conducted at the late home in Drury lane Friday afternoon at 4 o'clock, interment to be made in Spring Grove cemetery.

"What was the cause of the row in the cell?" asked the police captain. "Two fellows came to bail Murphy out," said the lockup keeper.

"What of it?" asked the captain.

"Oh, just a little misunderstanding," answered the lockup keeper. "Murphy was looking for some one to get him out, but when these fellows said they would bail him out he thought they were insinuating that he was a tank, and so he sailed into them."—New York Times.

committee several weeks ago a proposition was up to change the rules adopted at the last state convention providing for the organization of the state committee. The Johnson people compelled the committee to defer final action on the matter until the next meeting and in so doing prevented the McLean element from obtaining control. The latter faction had hoped to reorganize the committee at the meeting. The Republican state committee will also get together in this city and fix the time and place for the state convention. It is probable that both conventions will be held in Columbus.

SALINEVILLE MASONS ORGANIZE A LODGE

A Dispensation Granted And New Organization Soon to Be Effected.

Salineville, April 9.—(Special)—A number of Free Masons of this city have been granted a dispensation to organize a Masonic lodge here. Masons of Salineville have been practically without a lodge since the lodge disbanded a few years ago. Early last winter a few of them here started a movement to organize a lodge. They were successful in having the dispensation granted. Preliminary arrangements have been made to institute a new lodge here.

The following officers have been appointed and elected: James H. Dadds, worshipful master; James E. Herbert, senior warden; F. Linton, junior warden; J. A. Sapp, secretary; F. Rogers, treasurer; R. M. Hull, senior deacon; T. Queen, junior deacon; B. Evans, tyler. The following are the members of the lodge at this time: S. G. Queen, Andrew Moffat, Duquesne, Pa.; H. H. Kirk, S. C. Lindsay, E. A. Montooth, James Russell, J. H. McCoy and A. G. Maple. A committee has been appointed to purchase necessary articles preparatory to opening the lodge. It is believed that a strong organization can be maintained here.

We are not hoping for war, but we'd like Uncle Sam to know that if he ever gets into any trouble he can depend upon 250 men from this town at the drop of the hat. They are men who can stand up to anything, from a bar to a cannon.

How the report got over to Lene Jack that we had shot Captain Henderson during a quarrel we can't understand. We did win the captain the other day for money he owed us, and he told us to go to— But there was no quarrel. We simply went—as far as we could. M. QUAD.

Story of the Cadi and the Citizen

One morning as the Cadi had opened court to dispense justice with as liberal a hand as if it didn't cost over 10 cents a pound a Citizen stepped forward and tearfully said:

"O thou son of wisdom, I want mine own and no more. A fellow in this town owes me four plunks and refuses to settle up. He has even threatened to put a head on me if I dun him again!"

"My subjects must not treat one another thus," said the Cadi as his face grew stern. "He who contracts a just debt must pay it, even though he sells the shirt off his back. By what name is this shirker and reviler known?"

"He is called Green, and he is in the ice business, O Cadi!"

"What! A man in the ice business refusing to pay his honest dues? It seems incredible. Hast made no mistake about Mr. Green?"

"None whatever, O Cadi! He owes me \$4, and he will not pay!"

"Then I will make him eat a ton of his own ice, and it shall be honest weight at that! Thou canst spread the news that I will do this. By the way, what is your name and business?"

"I am called Consolidated, O Cadi, and I run a gas plant."

"And the ice-man owes you for gas consumed?"

"That is the indebtedness. See! Here is the bill. I knew that you were a just man and would see me!"

"Begone, citizen—begone!" roared the Cadi as he threw up his hands. "As I told you before, I am on this earth to see justice done, and when a gasman complains of an ice-man it is carrying things altogether too far. The plumber has ever overcharged me, and the ice-man has given me short weight, but the gasman has billed me \$3 for the month my house was closed up tight as a drum. Go to, thou man of gall—go to!"

HARRY MOORE'S DEATH RESULTED

LAD INJURED AT THE MILL
FAILED TO RECOVER.

He Was a Bright And Popular Boy
And Will Be Sadly
Missed.

Harry Moore, the boy hurt at the rolling mill by being caught by a shaft on Tuesday evening, died from the effects of his injuries yesterday afternoon at 3 o'clock. He regained consciousness several hours before his death and asked for water.

Dr. Robinson, who, with the assistance of Dr. Fraser, dressed the wounds, thought at first that the lad would recover. After a second examination it was revealed that the boy had received internal injuries which prove fatal.

Harry was a bright and promising boy, and was liked by all who knew him. His tragic death is a severe blow. He had been in the employ of the mill about four months and was popular with his employers. The funeral will be held at the house Friday afternoon at 2 o'clock. Interment will be made in Spring Hill cemetery. The boy leaves a mother and father, Mr. and Mrs. James Moore, and six brothers.

Sons of Veterans has been taking a much-needed rest since the play, "The Fall of Atlanta," was presented. The proceeds of this production went into the soldiers' monument fund, which is still increasing. A subscription paper is now being written up and by the first of next week all the merchants and business men will be called upon and asked to donate something toward the monument.

The monument complete will cost about \$6,000. It is to be of the very latest design. The figure will represent both army and navy. No location has yet been found. Mr. Lloyd says: "A location can easily be found after sufficient money to erect the monument has been received."

When the business men of this city are called upon to donate they will doubtless look at the matter in the right light and make the committee liberal gifts. The monument will be a great improvement to the city, no matter where it is erected. It will also be a deserved tribute to brave men gone, whose memory all honor.

MORE YARD ROOM

Soon to Be Provided for the C. & P.
Slow Progress on the
Belt Line.

The Cleveland & Pittsburgh railroad has started work in the West End of

Wellsville for the enlarging of the yards. A survey of the land west of Twentieth street is being made and the grading for tracks will commence soon. The company at first thought it would leave the houses on the western side of Nevada street and those on Railroad street standing and use only part of the lots. It has since been decided to move the houses. The residents of the eastern side of Nevada street do not look at this addition of tracks as an improvement, but say it will hurt their property. They promise to cause the company to hit the trouble when the tracks are laid across Eighteenth street. The crossing at present is a dangerous place, but with four or five more tracks the danger will be increased.

While the work in the West End has been started and bids fair to move along rapidly to completion, the work on the belt line being laid back of the city is progressing very slowly. Some of the citizens whose land the track will cross are asking such prices that the company does not feel justified in paying them. In order to do away with more delays condemnation proceedings will no doubt be taken before long. This switch is one of the great est improvements the railroad company has ever offered the city and something should be done to allow the work to proceed uninterrupted.

Lost a Finger.

Chester Johnston, a machinist apprentice at the railroad shops, had a very painful accident while helping to repair an engine. His third finger on his right hand was mashed at the first joint. Amputation was necessary. One of the chains used in holding up a part of the engine got caught and Johnston tried to loosen it. The chain broke and some heavy machinery dropped on the finger. Dr. Noble dressed the injury. Johnston will be laid up for several weeks.

Railroad Men's Ball.

The Brotherhood of Railway Trainmen of Wellsville will hold their annual ball this evening in the city hall. A large number of tickets have been sold and a good time is anticipated by all who will attend.

A BUILDERS' STRIKE IS THREATENED

The Difficulty Now Existing in East
Liverpool Expected to Ex-
tend to Chester.

The strike of the members of the different unions of the building trades will probably extend to Chester. It is true that at the present time it does not affect Chester. The carpenters of Chester have an independent local of their own which is not in any way affiliated with the local in East Liverpool. They have presented the same demands to the boss carpenters there as were received in that city and which are now causing a suspension of all building operations. At Chester the carpenters will not go out until May 1. They have given the bosses a month longer to consider their claims than did the carpenters in East Liverpool.

It is said that the threatened strike will not affect in any way the proposed new buildings at the Chester park, which are to be completed by the latter part of May. The firm which has received the contract for the erection of the buildings there claims to have enough men at its disposal to complete the work in ample time to fulfill their contract.

There has never been a time when things looked more propitious in Chester than this spring. Contractors were crowded with work, and it was estimated that 200 new houses would be built some time during the spring and summer.

for the benefit of the church. They expect to give about 10 numbers on the program, and with the exception of two all will be local talent. Miss Connelly, of Wheeling, and Miss Luthringer, of Pittsburg, have accepted an invitation to be present and will each give one number on the program.

About 800 tickets have already been sold for this concert, and a large amount will probably be realized for the church. The program will be of a high order, and all are invited to attend.

Danger Spot in the Street.

The condition of the sewer at First street and Carolina avenue is bad. About half way across the street the paving has caved in and a very dangerous place is left for both pedestrians and teams. The present condition indicates that the work done at the sewer was of an inferior nature, or else extraordinary conditions have been at work to undermine the paving. The street committee has been called to look at it and have ordered it repaired at once. Unless prompt action is taken the town is liable to face a damage suit because of the bad condition of the street at this point.

A Fine Time Promised.

The employees of the Rock Springs Street Railway company are making great preparations for the dance to be given Tuesday, April 14, at Rock Springs park. A large number of tickets have been sold, and as this will be the last appearance of Prof. Nowling before he leaves for the east a large crowd is expected. The dance will be one of special enjoyment, and the employees are making every effort to have it a success.

HARRY MOORE'S DEATH RESULTED

LAD INJURED AT THE MILL
FAILED TO RECOVER.

He Was a Bright and Popular Boy
And Will Be Sadly Missed.

Harry Moore, the boy hurt at the rolling mill by being caught by a shaft on Tuesday evening, died from the effects of his injuries yesterday afternoon at 3 o'clock. He regained consciousness several hours before his death and asked for water.

Dr. Robinson, who, with the assistance of Dr. Fraser, dressed the wounds, thought at first that the lad would recover. After a second examination it was revealed that the boy had received internal injuries which prove fatal.

Harry was a bright and promising boy, and was liked by all who knew him. His tragic death is a severe blow. He had been in the employ of the mill about four months and was popular with his employers. The funeral will be held at the house Friday afternoon at 2 o'clock. Interment will be made in Spring Hill cemetery.

The boy leaves a mother and father, Mr. and Mrs. James Moore, and six brothers.

Sons of Veterans has been taking a much-needed rest since the play, "The Fall of Atlanta," was presented. The proceeds of this production went into the soldiers' monument fund, which is still increasing. A subscription paper is now being written up and by the first of next week all the merchants and business men will be called upon and asked to donate something toward the monument.

The monument complete will cost about \$6,000. It is to be of the very latest design. The figure will represent both army and navy. No location has yet been found. Mr. Lloyd says: "A location can easily be found after sufficient money to erect the monument has been received."

When the business men of this city are called upon to donate they will doubtless look at the matter in the right light and make the committee liberal gifts. The monument will be a great improvement to the city, no matter where it is erected. It will also be a deserved tribute to brave men gone, whose memory all honor.

MORE YARD ROOM

Soon to Be Provided for the C. & P.
Slow Progress on the
Belt Line.

The Cleveland & Pittsburg railroad has started work in the West End of

Wellsville for the enlarging of the yards. A survey of the land west of Twentieth street is being made and the grading for tracks will commence soon. The company at first thought it would leave the houses on the western side of Nevada street and those on Railroad street standing and use only part of the lots. It has since been decided to move the houses. The residents of the eastern side of Nevada street do not look at this addition of tracks as an improvement, but say it will hurt their property. They promise to cause the company to bite the trouble when the tracks are laid across Eighteenth street. The crossing at present is a dangerous place, but with four or five more tracks the danger will be increased.

While the work in the West End has been started and bids fair to move along rapidly to completion, the work on the belt line being laid back of the city is progressing very slowly. Some of the citizens whose land the track will cross are asking such prices that the company does not feel justified in paying them. In order to do away with more delays condemnation proceedings will no doubt be taken before long. This switch is one of the greatest improvements the railroad company has ever offered the city and something should be done to allow the work to proceed uninterrupted.

Lost a Finger.

Chester Johnston, a machinist apprentice at the railroad shops, had a very painful accident while helping to repair an engine. His third finger on his right hand was mashed at the first joint. Amputation was necessary. One of the chains used in holding up a part of the engine got caught and Johnston tried to loosen it. The chain broke and some heavy machinery dropped on the finger. Dr. Noble dressed the injury. Johnston will be laid up for several weeks.

A BUILDERS' STRIKE IS THREATENED

The Difficulty Now Existing in East
Liverpool Expected to Ex-
tend to Chester.

The strike of the members of the different unions of the building trades will probably extend to Chester. It is true that at the present time it does not affect Chester. The carpenters of Chester have an independent local of their own which is not in any way affiliated with the local in East Liverpool. They have presented the same demands to the boss carpenters there as were received in that city and which are now causing a suspension of all building operations. At Chester the carpenters will not go out until May 1. They have given the bosses a month longer to consider their claims than did the carpenters in East Liverpool.

It is said that the threatened strike will not affect in any way the proposed new buildings at the Chester park, which are to be completed by the latter part of May. The firm which has received the contract for the erection of the buildings there claims to have enough men at its disposal to complete the work in ample time to fulfill their contract.

There has never been a time when things looked more propitious in Chester than this spring. Contractors were crowded with work and it was estimated that 200 new houses would be built some time during the spring and summer.

for the benefit of the church. They expect to give about 10 numbers on the program, and with the exception of two all will be local talent. Miss Connelly, of Wheeling, and Miss Luthringer, of Pittsburg, have accepted an invitation to be present and will each give one number on the program.

About 800 tickets have already been sold for this concert, and a large amount will probably be realized for the church. The program will be of a high order, and all are invited to attend.

Danger Spot in the Street.

The condition of the sewer at First street and Carolina avenue is bad. About half way across the street the paving has caved in and a very dangerous place is left for both pedestrians and teams. The present condition indicates that the work done at the sewer was of an inferior nature, or else extraordinary conditions have been at work to undermine the paving. The street committee has been called to look at it and have ordered it repaired at once. Unless prompt action is taken the town is liable to face a damage suit because of the bad condition of the street at this point.

A Fine Time Promised.

The employees of the Rock Springs Street Railway company are making great preparations for the dance to be given Tuesday, April 14, at Rock Springs park. A large number of tickets have been sold, and as this will be the last appearance of Prof. Nowling before he leaves for the east a large crowd is expected. The dance will be one of special enjoyment, and the employees are making every effort to have it a success.

A BUILDERS' STRIKE IS THREATENED

The Difficulty Now Existing in East
Liverpool Expected to Ex-
tend to Chester.

The strike of the members of the different unions of the building trades will probably extend to Chester. It is true that at the present time it does not affect Chester. The carpenters of Chester have an independent local of their own which is not in any way affiliated with the local in East Liverpool. They have presented the same demands to the boss carpenters there as were received in that city and which are now causing a suspension of all building operations. At Chester the carpenters will not go out until May 1. They have given the bosses a month longer to consider their claims than did the carpenters in East Liverpool.

It is said that the threatened strike will not affect in any way the proposed new buildings at the Chester park, which are to be completed by the latter part of May. The firm which has received the contract for the erection of the buildings there claims to have enough men at its disposal to complete the work in ample time to fulfill their contract.

There has never been a time when things looked more propitious in Chester than this spring. Contractors were crowded with work, and it was estimated that 200 new houses would be built some time during the spring and summer.

for the benefit of the church. They expect to give about 10 numbers on the program, and with the exception of two all will be local talent. Miss Connelly, of Wheeling, and Miss Luthinger, of Pittsburgh, have accepted an invitation to be present and will each give one number on the program.

About 800 tickets have already been sold for this concert, and a large amount will probably be realized for the church. The program will be of a high order, and all are invited to attend.

Danger Spot in the Street.

The condition of the sewer at First street and Carolina avenue is bad. About half way across the street the paving has caved in and a very dangerous place is left for both pedestrians and teams. The present condition indicates that the work done at the sewer was of an inferior nature, or else extraordinary conditions have been at work to undermine the paving. The street committee has been called to look at it and have ordered it repaired at once. Unless prompt action is taken the town is liable to face a damage suit because of the bad condition of the street at this point.

A Fine Time Promised.

The employees of the Rock Springs Street Railway company are making great preparations for the dance to be given Tuesday, April 14, at Rock Springs park. A large number of tickets have been sold, and as this will be the last appearance of Prof. Nowling before he leaves for the east a large crowd is expected. The dance will be one of special enjoyment, and the employees are making every effort to have it a success.

ANNUAL REPORT
OF
Trustees and Superintendent
OF
CITY WATER WORKS
of East Liverpool, Ohio,
With Receipts and Expenditures.

TRUSTEE'S REPORT.
East Liverpool, Ohio, March 20, 1903.
To the Honorable City Council:
We, the trustees of the City Water Works, herewith present our annual report for the year commencing March 21, 1902, and ending March 20, 1903.
During the year the department laid 5300 feet of 4-inch pipe and 3008 feet of 6-inch pipe, an increase in the line of one mile and 4.018 feet. This gives the department a total of 29 miles, 2,389 feet of pipe line in the city.
The above statement does not include the 2, 8 and 6 inch line that is now in the course of construction to the East End. It will require some three weeks to complete this work.
Forty valves and four fire hydrants were set during the year, making a sum total of 239 valves and 179 hydrants in the city. The pump stations Nos. 1 and 2 and the machinery in both is in excellent condition.
The reservoirs in use are in first class condition.
A monthly itemized statement of the work done can be found at the city clerk's office.
Respectfully submitted,
THE WATER WORKS TRUSTEES,
W. J. KEEFER, President,
W. J. SMITH,
J. SPENKLE,
PHILIP MORLEY, Superintendent,
J. W. GIPNER, Secretary.

YELLOWSTONE PARK
Will Be the Home of President
for the Next Two
Weeks.

TIME FOR REST AND RECREATION
All Trails Leading Into the Park
Closely Guarded—Not Even a Reporter Can Come In—President Makes Short Address.

Cinnabar, Mont., April 9.—President Roosevelt is in the fastness of Yellowstone park, and for the next 15 days he expects to enjoy complete rest and cessation from public duties. He will be in almost daily communication with Secretary Loeb at Cinnabar, but nothing except of the utmost importance will be referred to him. In company with John Burroughs, the naturalist, who accompanied him from Washington, he will study closely the nature of the various animals that inhabit the park.
The president has looked forward to this outing for some time, and he was in a particularly happy frame of mind when he led the cavalcade into the park. Every trail leading into the preserve will be closely guarded and no one will be allowed to disturb the president's solitude. His headquarters will be at the home of Major Pitcher, the superintendent of the park. Several camps have been established in different localities and these will be occupied by the president from time to time.
The special train bearing the president and his party arrived at Gardner, the entrance to the park, and was met by a detachment of the Third cavalry and a number of cowboys.
Major Pitcher also was on hand to welcome the president. Luncheon was served in the president's car, after which, dressed in riding breeches and coat, with a light colored slouch hat on his head, he mounted his horse and made a brief address to the people congregated near his train. He then bade the members of his party good-bye and led the way into the park. Mr. Burroughs followed in an army wagon. The train returned to Cinnabar, where Secretary Loeb and the remainder of the party will live in it while the president is absent.
The president will start on his trip to St. Louis and the Pacific coast on April 24. The weather here is very mild and reports from the park are to the effect that there is but little snow in the vicinity of the president's headquarters.

Dreyfus Affair Being Agitated.
Paris, April 9.—The Dreyfus affair continues to fiercely agitate the newspapers, but there is no indication that the government will further pursue the matter, owing to the chamber's adverse vote. The war office gave out a denial of the published report that War Minister Andre had actually begun the formation of an investigating committee. This denial is taken to strengthen the view that the government is not ready to proceed, but the anti-government newspapers assert that plans are on foot for the rehabilitation of Dreyfus to the point of his restoration to the army.

German Professor Suicides.
Columbus, O., April 9.—Prof. Ernest A. Eggers, head of the department of German at the Ohio State university, committed suicide by shooting himself at his home. It is said he was despondent from ill health. Though himself not a college graduate, Prof. Eggers was noted among all college educators. He taught in several Michigan high schools before coming to Ohio State university in 1882. He was about 42 years old. A widow who is a member of a distinguished German family, survives with two children.

Mrs. Washington a Guest of Honor.
Boston, April 9.—Mrs. Booker T. Washington was a guest of honor at a meeting of the state federation of women's clubs held in Dorchester. Mrs. Julia Ward Howe, honorary president of the federation, also was president. Mrs. Mary Alden Ward occupied the chair and addresses were made by Dr. C. H. Henderson, of Concord, and Prof. Sanford Bell, of Mount Holyoke. Mrs. Washington also spoke briefly.

Bonilla's Forces Victorious.
Panama, April 9.—A dispatch from Honduras reports that General Sierra has abandoned Naomca and it is believed that he will flee to Salvador. The town of Cora has also been captured by the forces of General Bonilla and only the Honduran capital, Tegucigalpa, now remains in the power of President Arias.

King Attends Banquet.
Gibraltar, April 9.—King Edward was present at a state banquet given by Sir George Stuart White, the governor of Gibraltar and the defender of Ladysmith during the late South African war. During the banquet the king announced that he had promoted Sir George White to the rank of field marshal.

Bringing Body Home.
St. Louis, April 9.—A cablegram states that President Ramsey has left Alexandria, Egypt, with the remains of his daughter, who died Tuesday at Cairo, and will arrive at New York on April 25. Interment will be in St. Louis.

REALM OF SPORTS
A LOCAL CLUB IN
GUNNERS' LEAGUE

Columbia Gun Club Admitted to the Western Pennsylvania Organization.

Representatives of the Columbia Gun club, of this city, were in Allegheny yesterday, where the local organization was made a part of the Gun Clubs' League of Western Pennsylvania. The latter association now includes 17 of the most prominent clubs in this section.

The local men present were Hugh Johnston, Dr. L. C. Jackman and J. N. Saint. The men were royally entertained and speak highly of the officers and the prospects for the future of the league. It had previously been arranged to hold two shoots each month, and as the schedule had been completed before the local club was admitted, East Liverpool could be given no dates. It is possible a special shoot will be arranged for this city, to which all league members will be invited.

The rain interfered to some extent with the shooting yesterday, but the local men made some good scores nevertheless. The Columbia Gun club was but recently organized, but has already secured a site for grounds near Columbian park. The contract will be let this week for the construction of a club house and other buildings necessary to equip a first-class shooting grounds.

KING EDWARD'S HORSES
MAY RACE AT ST. LOUIS

It Is Believed Some of Them May Appear in World's Fair Races.

A cablegram received in New York announces that the Earl of Kintore, enroute to King Edward VII., will sail for New York on May 5, to remain 20 days. His coming is an event of significance, because he is already interested in an important American racing stable, and his coming is believed to have a distinct reference to the appearance of the king's horses at the Louisiana Purchase exposition at St. Louis. His coming has been a carefully guarded secret, but it was learned that the earl will be given a dinner at the Union League club during his stay, that will be participated in by all the real patrons of the American turf. Never before has there been in this country a representative of the royal sport so close to the English throne.

GOLFERS ORGANIZE

Northern Ohio Association, Including Seven Cities, Formed at Cleveland.

The Northern Ohio Golf association was organized at a meeting held at Cleveland. Seven cities have representation, Toledo, Dayton, Mansfield, Akron, Canton, Youngstown and Cleveland. Officers were elected as follows: C. P. Clay, Cleveland Country club, president; J. W. Kelley, of Akron, secretary and treasurer.

It is the intention of the association to hold two tournaments each year, each lasting three days with both club and individual championship matches. The first will be held in Akron some time in the fall probably in September.

Wellsville's Colored Giants.
Wellsville is to have another baseball team. The colored employees at the railroad shops have organized a club named the "Colored Giants." All members of the team are first-class players and many good games are anticipated. They will play the West End Athletic club on Saturday afternoon at the fair grounds at 2:30 p. m. The "Giants" have had considerable practice and will no doubt put up a good game. Since the organization of the city team the baseball fever has certainly struck Wellsville. No less than five or six teams have been organized.

Boxing Matches in Mexico.
The City of Mexico may be the battle ground for some of the big prize fights of the future. Ramon Lopez, a manager of bull rings in that city, is said to have secured permission from the authorities to hold boxing matches, and talks of sending an American sporting man to this country with the view of arranging fights for the rings.

Sporting Miscellany.
Alex Jones, the Homestead pitcher, who twirled for Louisville a few years ago, has decided to sign with Detroit.

Flannagan, the Cleveland boy, who twirled for Ashtabula several seasons, will pitch for Homestead, Pa., this year.
The Oberlin College Athletic association has completed arrangements for the services of Dr. Herbert A.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in Lydia E. Pinkham's Vegetable Compound.

"I feel it my duty to tell all young women who suffer from female weakness," says Miss Alma Pratt, Holly, Mich.—"\$5000 for original of above letter proving genuineness cannot be produced."

FREE MEDICAL ADVICE TO YOUNG WOMEN.

All young girls at this period of life are earnestly invited to write to Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given; her address is Lynn, Mass. Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries; less learning and more health needed.

Young as coach of the track team this spring. Dr. Young graduated from Oberlin in 1897, and was one of the best athletes who has ever studied in Oberlin.

George Gardner, of Lowell, knocked out Peter Maher, the Irish champion, in the first round of what was to have been a 15-round "go" at the Maverick Athletic club, East Boston.

HAMLET ALMOST OBLITERATED.

Cyclone Cuts a Path of Desolation a Mile Wide Through Alabama.

Birmingham, Ala., April 9.—Without a word of warning the little hamlet of Hopewell, 40 miles north of this city and one mile from Hanceville, was swept away by a cyclone, which cut a path of desolation a mile wide and two miles long across a prosperous farming section of Blount county. Twelve persons were killed instantly, three or four fatally and a score seriously injured.

The dead: Mr. and Mrs. Nathan Griffin, James Griffin, Henry McCoy and three children, C. C. Oden, a prominent planter; Mrs. Norma Oden, Hester Oden, Miss Thelma Oden, Mrs. C. C. Oden.

Storm Comes Without Warning.

The storm traveled in a northeasterly direction, wrecking everything in its path. The section through which it went is flat, on an elevated table land in the hilly section of Blount county. There was not the slightest intimation of its approach until the houses were being torn to pieces. One of the first houses struck was that of Nathan Griffin. The house was demolished and Mr. Griffin and his son James were killed. Mrs. Griffin was so badly injured that she died later. Another son and a niece of Mr. Griffin made a miraculous escape by running from the house before the demolition was complete and saving their lives. They were injured, but will recover.

The house of John McCoy was the next wrecked, but he and his family escaped with severe bruises. The house of Henry McCoy, son of John McCoy, received the worst impact of the storm. His wife was severely injured, two of his children are still unconscious and may die, and he and his babe and two other children are dead. The storm then struck the house of C. C. Oden. The trees in the yard were twisted into gnarled shapes and even the vegetables in the garden were torn up by their roots. Mr. Oden was killed outright, as were his three daughters, aged 15, 12 and 9 years respectively. Mrs. Oden received injuries from which she died later.

The home of Mrs. Henry Wharton was next attacked by the storm and it was wrecked, but Mrs. Wharton was not badly injured.

INSANE WOMAN'S AWFUL DEED.
Kills Her Mother With Shotgun and Then Turns Weapon on Herself.

Aberdeen, Miss., April 9.—A terrible tragedy occurred at the home of J. Z. Cowart, a farmer living 25 miles from here. While the other members of the family were at work in the field Rosie Bell Cowart, aged 24, with a single-barrel shotgun shot and killed her mother and then went to another room and blew her own brains out.
The young woman had exhibited signs of insanity, which is the only theory that can be advanced for the tragedy.

Fatally Injured at Basket Ball.
Indianapolis, April 9.—Miss Freda Pink, an 18-year-old senior at an Indianapolis high school, is dying as a result of injuries received in a basket ball game at Crawfordsville. Miss Pink went down in a scrimmage and was kicked in the side, receiving injuries which will terminate fatally. She is prominent socially.

ORDINANCE 751.

Authorizing The People's Light and Power Company, of East Liverpool, Ohio, to Construct and Maintain Lines for Conducting Electricity for Heating, Lighting and Power Purposes Through the Streets, Alleys, Lanes, Squares and Public Places of the City of East Liverpool by Erecting and Maintaining the Necessary Fixtures, Including Posts, Piers and Abutments for the Wires.

Section 1. Be it ordained by the Council of the City of East Liverpool, Ohio, that The People's Light & Power Company, of East Liverpool, Ohio, be, and is hereby, authorized to construct and maintain lines for conducting electricity for lighting, heat and power purposes through the streets, alleys, lanes, squares and public places of said city by erecting and maintaining the necessary fixtures, including posts, piers and abutments necessary for the wires; subject, however, to the following terms and conditions, to-wit:

First. All poles erected by said company shall be placed in alleys unless it be found impracticable to do so, and such poles shall be securely planted in the ground to such depth and at such places as the council or its standing committee on lighting may direct.

Second. All poles shall not be less than 12 feet in height above the ground, and no wire shall be less than 12 feet from the ground. All poles shall be substantial, neatly finished and painted, with tightly stretched wires from pole to pole; and all poles, wires and other necessary attachments shall be kept safe, secure and in good repair.

Third. The top of the poles shall be reserved for the police and fire alarm wires of the city, and the city shall have the right to use, without charge therefor, any or all of said poles to support wires for fire alarm and police call purposes.

Fourth. When said company, in the erection of its poles and other fixtures, shall disturb the streets, alleys or sidewalks, it shall place the same in as good condition as when said work was commenced.

Fifth. Said company shall indemnify and save the city harmless from any and all loss or damage to persons or property caused by the construction and maintenance of said poles, wires and fixtures, and from any and all damages arising from the use thereof for conducting electricity.

Sixth. The City of East Liverpool shall not be liable to said company for any damages caused by fire or by the construction of sewers, or in making necessary street or alley improvements by the city.

Seventh. Said company agrees to furnish current for fifty (50) incandescent lights free of charge, to be used only in the night season and to be turned out when their use is not necessary.

Section 2. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 24th day of March, 1903.

LEGAL ANNUAL REPORT OF Trustees and Superintendent OF CITY WATER WORKS of East Liverpool, Ohio, With Receipts and Expenditures.

TRUSTEES' REPORT.
East Liverpool, Ohio, March 20, 1903.
To the Honorable City Council:
We, the trustees of the City Water Works, herewith present our annual report for the year commencing March 21, 1902, and ending March 20, 1903.
During the year the department laid 3,300 feet of 4-inch pipe and 3,000 feet of 6-inch pipe, an increase in the pipe lines of one mile and 1,018 feet. This gives the department a total of 29 miles, 2,389 feet of pipe line in the city.
The above statement does not include the 12, 8 and 6 inch line that is now in the process of construction in the East End. It will require some three weeks to complete this work.
Forty valves and four fire hydrants were set during the year, making a sum total of 279 valves and 179 hydrants in the city. The pump stations Nos. 1 and 2 and the machinery in both is in excellent condition.
The reservoirs in use are in first class condition.
A monthly itemized statement of the work done can be found at the city clerk's office.
Respectfully submitted,
TIE WATER WORKS TRUSTEES.
W. A. KEEFER, President.
J. S. SHENKLE, Secretary.
PHILIP MORLEY, Superintendent.

YELLOWSTONE PARK

Will Be the Home of President
for the Next Two
Weeks.

TIME FOR REST AND RECREATION

All Trails Leading Into the Park
Closely Guarded—Not Even a Reporter Can Come In—President
Makes Short Address.

Cinnabar, Mont., April 9.—President Roosevelt is in the fastness of Yellowstone park, and for the next 15 days he expects to enjoy complete rest and cessation from public duties. He will be in almost daily communication with Secretary Loeb at Cinnabar, but nothing except of the utmost importance will be referred to him. In company with John Burroughs, the naturalist, who accompanied him from Washington, he will study closely the nature of the various animals that inhabit the park.

The president has looked forward to this outing for some time, and he was in a particularly happy frame of mind when he led the cavalcade into the park. Every trail leading into the preserve will be closely guarded and no one will be allowed to disturb the president's solitude. His headquarters will be at the home of Major Pitcher, the superintendent of the park. Several camps have been established in different localities and these will be occupied by the president from time to time.

The special train bearing the president and his party arrived at Gardiner, the entrance to the park, and was met by a detachment of the Third cavalry and a number of cowboys.

Major Pitcher also was on hand to welcome the president. Luncheon was served in the president's car, after which, dressed in riding breeches and coat, with a light colored slouch hat on his head, he mounted his horse and made a brief address to the people congregated near his train. He then bade the members of his party good-bye and led the way into the park. Mr. Burroughs followed in an army wagon. The train returned to Cinnabar, where Secretary Loeb and the remainder of the party will live in it while the president is absent.

The president will start on his trip to St. Louis and the Pacific coast on April 24. The weather here is very mild and reports from the park are to the effect that there is but little snow in the vicinity of the president's headquarters.

Dreyfus Affair Being Agitated.
Paris, April 9.—The Dreyfus affair continues to be agitated by the newspapers, but there is no indication that the government will further pursue the matter, owing to the chamber's adverse vote. The war office gave out a denial of the published report that War Minister Andre had actually begun the formation of an investigating committee. This denial is taken to strengthen the view that the government is not ready to proceed, but the anti-government newspapers assert that plans are on foot for the rehabilitation of Dreyfus to the point of his restoration to the army.

German Professor Suicides.
Columbus, O., April 9.—Prof. Ernest A. Eggers, head of the department of German at the Ohio State university, committed suicide by shooting himself at his home. It is said he was despondent from ill health. Though himself not a college graduate, Prof. Eggers was noted among all college educators. He taught in several Michigan high schools before coming to Ohio State university in 1882. He was about 42 years old. A widow who is a member of a distinguished German family, survives with two children.

Mrs. Washington a Guest of Honor.
Boston, April 9.—Mrs. Booker T. Washington was a guest of honor at a meeting of the state federation of women's clubs held in Dorchester. Mrs. Julia Ward Howe, honorary president of the federation, also was present. Mrs. Mary Alden Ward occupied the chair and addresses were made by Dr. C. H. Henderson, of Concord, and Prof. Sanford Bell, of Mount Holyoke. Mrs. Washington also spoke briefly.

Bonilla's Forces Victorious.
Panama, April 9.—A dispatch from Honduras reports that General Sierra has abandoned Naomca and it is believed that he will flee to Salvador. The town of Cora has also been captured by the forces of General Bonilla and only the Honduran capital, Tegucigalpa, now remains in the power of President Arias.

King Attends Banquet.
Gibraltar, April 9.—King Edward was present at a state banquet given by Sir George Stuart White, the governor of Gibraltar and the defender of Ladysmith during the late South African war. During the banquet the king announced that he had promoted Sir George White to the rank of field marshal.

Bringing Body Home.
St. Louis, April 9.—A cablegram states that President Ramsey has left Alexandria, Egypt, with the remains of his daughter, who died Tuesday at Cairo, and will arrive at New York on April 25. Interment will be at St. Louis.

REALM OF SPORTS

A LOCAL CLUB IN
GUNNERS' LEAGUE

Columbia Gun Club Admitted to the
Western Pennsylvania
Organization.

Representatives of the Columbia Gun club, of this city, were in Allegheny yesterday, where the local organization was made a part of the Gun Clubs' League of Western Pennsylvania. The latter association now includes 17 of the most prominent clubs in this section.

The local men present were Hugh Johnston, Dr. L. C. Jackson and J. N. Saint. The men were royally entertained and speak highly of the officers and the prospects for the future of the league. It had previously been arranged to hold two shoots each month, and as the schedule had been completed before the local club was admitted, East Liverpool could be given no dates. It is possible a special shoot will be arranged for this city, to which all league members will be invited.

The rain interfered to some extent with the shooting yesterday, but the local men made some good scores nevertheless. The Columbia Gun club was but recently organized, but has already secured a site for grounds near Columbian park. The contract will be let this week for the construction of a club house and other buildings necessary to equip a first-class shooting grounds.

KING EDWARD'S HORSES MAY RACE AT ST. LOUIS

It Is Believed Some of Them May Appear in World's Fair Races.

A cablegram received in New York announces that the Earl of Kintore, enroute to King Edward VII., will sail for New York on May 5, to remain 20 days. His coming is an event of significance, because he is already interested in an important American racing stable, and his coming is believed to have a distinct reference to the appearance of the king's horses at the Louisiana Purchase exposition at St. Louis. His coming has been a carefully guarded secret, but it was learned that the earl will be given a dinner at the Union League club during his stay, that will be participated in by all the real patrons of the American turf. Never before has there been in this country a representative of the royal sport so close to the English throne.

GOLFERS ORGANIZE

Northern Ohio Association, Including
Seven Cities, Formed at
Cleveland.

The Northern Ohio Golf association was organized at a meeting held at Cleveland. Seven cities have representation, Toledo, Dayton, Mansfield, Akron, Canton, Youngstown and Cleveland. Officers were elected as follows: C. P. Clay, Cleveland Country club, president; J. W. Kelley, of Akron, secretary and treasurer.

It is the intention of the association to hold two tournaments each year, each lasting three days with both club and individual championship matches. The first will be held in Akron some time in the fall probably in September.

Wellsville's Colored Giants.
Wellsville is to have another baseball team. The colored employees at the railroad shops have organized a club named the "Colored Giants." All members of the team are first-class players and many good games are anticipated. They will play the West End Athletic club on Saturday afternoon at the fair grounds at 2:30 p. m. The "Giants" have had considerable practice and will no doubt put up a good game. Since the organization of the city team the baseball fever has certainly struck Wellsville. No less than five or six teams have been organized.

Boxing Matches in Mexico.
The City of Mexico may be the battle ground for some of the big prize fights of the future. Ramon Lopez, a manager of bull rings in that city, is said to have secured permission from the authorities to hold boxing matches, and talks of sending an American sporting man to this country with the view of arranging fights for the rings.

SPORTING MISCELLANY.
Alex Jones, the Homestead pitcher, who twirled for Louisville a few years ago, has decided to sign with Detroit.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in Lydia E. Pinkham's Vegetable Compound.

"I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months."

"I recommend it to all young women who suffer from female weakness."

Miss Alma Pratt, Holly, Mich.—\$5000 for best original of above letter proving genuineness cannot be produced.

FREE MEDICAL ADVICE TO YOUNG WOMEN.
All young girls at this period of life are earnestly invited to write to Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given; her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance now.

Young as coach of the track team this spring. Dr. Young graduated from Oberlin in 1897, and was one of the best athletes who has ever studied in Oberlin.

J. H. Holliday ("Bug"), formerly a famous outfielder for the Cincinnati Reds, has been chosen a National league umpire.

George Gardner, of Lowell, knocked out Peter Maher, the Irish champion, in the first round of what was to have been a 15-round "go" at the Maverick Athletic club, East Boston.

HAMLET ALMOST OBLITERATED.

Cyclone Cuts a Path of Desolation a
Mile Wide Through Alabama.

Birmingham, Ala., April 9.—Without a word of warning the little hamlet of Hopewell, 40 miles north of this city and one mile from Hancockville was swept away by a cyclone, which cut a path of desolation a mile wide and two miles long across a prosperous farming section of Blount county. Twelve persons were killed instantly, three or four fatally and a score seriously injured.

The dead: Mr. and Mrs. Nathan Griffin, James Griffin, Henry McCoy and three children, C. C. Oden, a prominent planter; Mrs. Norma Oden, Hester Oden, Miss Thelma Oden, Mrs. C. C. Oden.

REASONS WHY

This East Liverpool Citizen's Statement Is Reliable.

He lives in East Liverpool. He can be interviewed at any time. He relates facts, positive facts. Investigation is courted.

Mr. B. H. Hawkins, an employee at Sebring's pottery, who lives at 231 Second street, says: "I had been taking medicine for my kidneys right along and if I found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled two years or more with distressing backache across the loins, a steady aching pain with a quick twinge now and then while stooping or lifting that felt as if a sharp instrument had pierced my back, and the secretions of the kidneys were highly feverish or slightly scalding. Work seemed to be a drag. I had no energy, and I am more than thankful that I was induced to go to the W. & W. Pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

It is believed that several of the injured will die.

Storm Comes Without Warning.
The storm traveled in a northeasterly direction, wrecking everything in its way. The section through which it went is flat, on an elevated table land in the hilly section of Blount county. There was not the slightest intimation of its approach until the houses were being torn to pieces. One of the first houses struck was that of Nathan Griffin. The house was demolished and Mr. Griffin and his son James were killed. Mrs. Griffin was so badly injured that she died later. Another son and a niece of Mr. Griffin made a miraculous escape by running from the house before the demolition was complete and saving their lives. They were injured, but will recover.

The house of John McCoy was the next wrecked, but he and his family escaped with severe bruises.

The house of Henry McCoy, son of John McCoy, received the worst impact of the storm. His wife was severely injured, two of his children are still unconscious and may die, and he and his babe and two other children are dead. The storm then struck the house of C. C. Oden. The trees in the yard were twisted into gnarled shapes and even the vegetables in the garden were torn up by their roots. Mr. Oden was killed outright, as were his three daughters, aged 15, 12 and 9 years respectively. Mrs. Oden received injuries from which she died later.

The home of Mrs. Henry Wharton was next attacked by the storm and it was wrecked, but Mrs. Wharton was not badly injured.

INSANE WOMAN'S AWFUL DEED.

Kills Her Mother With Shotgun and Then Turns Weapon on Herself.

Aberdeen, Miss., April 9.—A terrible tragedy occurred at the home of J. Z. Cowart, a farmer living 25 miles from here. While the other members of the family were at work in the field Rosie Bell Cowart, aged 24, with a single-barrel shotgun shot and killed her mother and then went to another room and blew her own brains out.

The young woman had exhibited signs of insanity, which is the only theory that can be advanced for the tragedy.

Fatally Injured at Basket Ball.

Indianapolis, April 9.—Miss Freida Pink, an 18-year-old senior at an Indianapolis high school, is dying as a result of injuries received in a basketball game at Crawfordsville. Miss Pink went down in a scrimmage and was kicked in the side, receiving injuries which will terminate fatally. She is prominent socially.

LEGAL ANNUAL REPORT OF Trustees and Superintendent OF CITY WATER WORKS of East Liverpool, Ohio, With Receipts and Expenditures.

TRUSTEE'S REPORT.

East Liverpool, Ohio, March 29, 1903.
To the Honorable City Council:

We, the trustees of the City Water Works, herewith present our annual report for the year commencing March 21, 1902, and ending March 20, 1903.

During the year the department laid 5,340 feet of 4-inch pipe and 2,908 feet of 6-inch pipe, an increase in the pipe lines of one mile and 4,018 feet. This gives the department a total of 29 miles, 2,580 feet of pipe line in the city.

The above statement does not include the 12.8 and 4-inch line that is now in the course of construction to the East End. It will require some three weeks to complete this work.

Forty valves and four fire hydrants were set during the year, making a sum total of 379 valves and 179 hydrants in the city. The pump stations Nos. 1 and 2 and the machinery in both is in excellent condition.

The reservoirs in use are in first class condition.

A monthly itemized statement of the work done can be found at the city clerk's office.

Respectfully submitted,
THE WATER WORKS TRUSTEES,
H. A. KETTER, President,
W. L. SMITH,
J. SHENKEL,
PHILIP MORLEY, Superintendent,
J. W. GIPNER, Secretary.

YELLOWSTONE PARK Will Be the Home of President for the Next Two Weeks. TIME FOR REST AND RECREATION

All Trails Leading Into the Park
Closely Guarded—Not Even a Reporter Can Come In—President
Makes Short Address.

Cinnabar, Mont., April 9.—President Roosevelt is in the fastness of Yellowstone park, and for the next 15 days he expects to enjoy complete rest and cessation from public duties. He will be in almost daily communication with Secretary Loeb at Cinnabar, but nothing except of the utmost importance will be referred to him in company with John Burroughs, the naturalist, who accompanied him from Washington, he will study closely the nature of the various animals that inhabit the park.

The president has looked forward to this outing for some time, and he was in a particularly happy frame of mind when he led the cavalcade into the park. Every trail leading into the preserve will be closely guarded and no one will be allowed to disturb the president's solitude. His headquarters will be at the home of Major Pitcher, the superintendent of the park. Several camps have been established in different localities and these will be occupied by the president from time to time.

The special train bearing the president and his party arrived at Gardiner, the entrance to the park, and was met by a detachment of the Third cavalry and a number of cowboys.

Major Pitcher also was on hand to welcome the president. Luncheon was served in the president's car, after which, dressed in riding breeches and coat, with a light colored slouch hat on his head, he mounted his horse and made a brief address to the people congregated near his train. He then bade the members of his party good-bye and led the way into the park. Mr. Burroughs followed in an army wagon. The train returned to Cinnabar, where Secretary Loeb and the remainder of the party will live in it while the president is absent.

The president will start on his trip to St. Louis and the Pacific coast on April 24. The weather here is very mild and reports from the park are to the effect that there is but little snow in the vicinity of the president's headquarters.

Dreyfus Affair Being Agitated.
Paris, April 9.—The Dreyfus affair continues to fiercely agitate the newspapers, but there is no indication that the government will further pursue the matter, owing to the chamber's adverse vote. The war office gave out a denial of the published report that War Minister Andre had actually begun the formation of an investigating committee. This denial is taken to strengthen the view that the government is not ready to proceed, but the anti-government newspapers assert that plans are on foot for the rehabilitation of Dreyfus to the point of his restoration to the army.

German Professor Suicides.
Columbus, O., April 9.—Prof. Ernest A. Eggers, head of the department of German at the Ohio State university, committed suicide by shooting himself at his home. It is said he was despondent from ill health. Though himself not a college graduate, Prof. Eggers was noted among all college educators. He taught in several Michigan high schools before coming to Ohio State university in 1882. He was about 32 years old. A widow who is a member of a distinguished German family, survives with two children.

Mrs. Washington a Guest of Honor.
Boston, April 9.—Mrs. Booker T. Washington was a guest of honor at a meeting of the state federation of women's clubs held in Dorchester. Mrs. Julia Ward Howe, honorary president of the federation, also was present. Mrs. Mary Alden Ward occupied the chair and addresses were made by Dr. C. H. Henderson, of Concord, and Prof. Sanford Bell, of Mount Holyoke. Mrs. Washington also spoke briefly.

Bonilla's Forces Victorious.
Panama, April 9.—A dispatch from Honduras reports that General Sierra has abandoned Naomca and it is believed that he will flee to Salvador. The town of Cora has also been captured by the forces of General Bonilla and only the Honduran capital, Tegucigalpa, now remains in the power of President Arias.

King Attends Banquet.
Gibraltar, April 9.—King Edward was present at a state banquet given by Sir George Stuart White, the governor of Gibraltar and the defender of Ladysmith during the late South African war. During the banquet the king announced that he had promoted Sir George White to the rank of field marshal.

Bringing Body Home.
St. Louis, April 9.—A cablegram states that President Ramsey has left Alexandria, Egypt, with the remains of his daughter, who died Tuesday at Cairo, and will arrive at New York on April 25. Interment will be in St. Louis.

REALM OF SPORTS A LOCAL CLUB IN GUNNERS' LEAGUE

Columbia Gun Club Admitted to the
Western Pennsylvania
Organization.

Representatives of the Columbia Gun club, of this city, were in Allegheny yesterday, where the local organization was made a part of the Gun Clubs' League of Western Pennsylvania. The latter association now includes 17 of the most prominent clubs in this section.

The local men present were Hugh Johnston, Dr. L. C. Jackman and J. N. Saint. The men were royally entertained and speak highly of the officers and the prospects for the future of the league. It had previously been arranged to hold two shoots each month, and as the schedule had been completed before the local club was admitted, East Liverpool could be given no dates. It is expected a special shoot will be arranged for this city, to which all league members will be invited.

The rain interfered to some extent with the shooting yesterday, but the local men made some good scores nevertheless. The Columbia Gun club was but recently organized, but has already secured a site for grounds near Columbian park. The contract will be let this week for the construction of a club house and other buildings necessary to equip a first-class shooting grounds.

KING EDWARD'S HORSES MAY RACE AT ST. LOUIS

It Is Believed Some of Them May Appear in World's Fair Races.

A cablegram received in New York announces that the Earl of Kintore, enroute to King Edward VII., will sail for New York on May 5, to remain 20 days. His coming is an event of significance, because he is already interested in an important American racing stable, and his coming is believed to have a distinct reference to the appearance of the king's horses at the Louisiana Purchase exposition at St. Louis.

His coming has been a carefully-guarded secret, but it was learned that the earl will be given a dinner at the Union League club during his stay, that will be participated in by all the real patrons of the American turf. Never before has there been in this country a representative of the royal sport so close to the English throne.

GOLFERS ORGANIZE

Northern Ohio Association, Including
Seven Cities, Formed at
Cleveland.

The Northern Ohio Golf association was organized at a meeting held at Cleveland. Seven cities have representation, Toledo, Dayton, Mansfield, Akron, Canton, Youngstown and Cleveland. Officers were elected as follows: C. P. Clay, Cleveland Country club, president; J. W. Kelley, of Akron, secretary and treasurer.

It is the intention of the association to hold two tournaments each year, each lasting three days with both club and individual championship matches. The first will be held in Akron some time in the fall probably in September.

Wellsville's Colored Giants.

Wellsville is to have another baseball team. The colored employees at the railroad shops have organized a club named the "Colored Giants." All members of the team are first-class players and many good games are anticipated. They will play the West End Athletic club on Saturday afternoon at the fair grounds at 2:30 p. m. The "Giants" have had considerable practice and will no doubt put up a good game. Since the organization of the city team the baseball fever has certainly struck Wellsville. No less than five or six teams have been organized.

Boxing Matches in Mexico.

The City of Mexico may be the battle ground for some of the big prize fights of the future. Ramon Lopez, a manager of bull rings in that city, is said to have secured permission from the authorities to hold boxing matches, and talks of sending an American sporting man to this country with the view of arranging fights for the rings.

SPORTING MISCELLANY.

Alex Jones, the Homestead pitcher, who twirled for Louisville a few years ago, has decided to sign with Detroit.

Flannagan, the Cleveland boy, who twirled for Ashtabula several seasons, will pitch for Homestead, Pa., this year.

The Oberlin College Athletic association has completed arrangements for the services of Dr. Herbert A.

FREE MEDICAL ADVICE TO YOUNG WOMEN.
All young girls at this period of life are earnestly invited to write to Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given; her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries; less learning and more health needed.

HAMLET ALMOST OBLITERATED.

Cyclone Cuts a Path of Desolation a Mile Wide Through Alabama.

Birmingham, Ala., April 9.—Without a word of warning the little hamlet of Hopewell, 40 miles north of this city and one mile from Hanceville was swept away by a cyclone, which cut a path of desolation a mile wide and two miles long across a prosperous farming section of Blount county. Twelve persons were killed instantly, three or four fatally and a score seriously injured.

The dead: Mr. and Mrs. Nathan Griffin, James Griffin, Henry McCoy and three children, C. C. Oden, a prominent planter; Mrs. Norma Oden, Hester Oden, Miss Thelma Oden, Mrs. C. C. Oden.

The injured: A son and niece of

I was troubled two years or more with distressing backache across the loins, a steady aching pain with a quick twinge now and then while stooping or lifting that felt as if a sharp instrument had pierced my back, and the secretions of the kidneys were highly feverish or slightly scalding. Work seemed to be a drag. I had no energy, and I am more than thankful that I was induced to go to the W. & W. Pharmacy and get Doan's Kidney Pills. It is believed that several of the injured will die.

Storm Comes Without Warning.
The storm traveled in a northeasterly direction, wrecking everything in its way. The section through which it went is flat on an elevated table land in the hilly section of Blount county. There was not the slightest intimation of its approach until the houses were being torn to pieces. One of the first houses struck was that of Nathan Griffin. The house was demolished and Mr. Griffin and his son James were killed. Mrs. Griffin was so badly injured that she died later. Another son and a niece of Mr. Griffin made a miraculous escape by running from the house before the demolition was complete and saving their lives. They were injured, but will recover.

The house of John McCoy was the next wrecked, but he and his family escaped with severe bruises.

The house of Henry McCoy, son of John McCoy, received the worst impact of the storm. His wife was severely injured, two of his children are still unconscious and may die, and he and his babe and two other children are dead. The storm then struck the house of C. C. Oden. The trees in the yard were twisted into gnarled shapes and even the vegetables in the garden were torn up by their roots. Mr. Oden was killed outright, as were his three daughters, aged 15, 12 and 9 years respectively. Mrs. Oden received injuries from which she died later.

The home of Mrs. Henry Wharton was next attacked by the storm and it was wrecked, but Mrs. Wharton was not badly injured.

INSANE WOMAN'S AWFUL DEED.

Kills Her Mother With Shotgun and Then Turns Weapon on Herself.

Aberdeen, Miss., April 9.—A terrible tragedy occurred at the home of J. Z. Cowart, a farmer living 25 miles from here. While the other members of the family were at work in the field Rosie Bell Cowart, aged 24, with a single-barrel shotgun shot and killed her mother and then went to another room and blew her own brains out. The young woman had exhibited signs of insanity, which is the only theory that can be advanced for the tragedy.

ORDINANCE 751.

Authorizing The People's Light and Power Company, of East Liverpool, Ohio, to Construct and Maintain Lines for Conducting Electricity for Heating, Lighting and Power Purposes Through the Streets, Alleys, Lanes, Squares and Public Places of the City of East Liverpool by Erecting and Maintaining the Necessary Fixtures, Including Posts, Piers and Abutments for the Wires.

Section 1. Be it ordained by the Council of the City of East Liverpool, Ohio, that The People's Light & Power Company, of East Liverpool, Ohio, be, and is hereby, authorized to construct and maintain lines for conducting electricity for lighting, heat and power purposes through the streets, alleys, lanes, squares and public places of said city by erecting and maintaining the necessary fixtures, including posts, piers and abutments necessary for the wires; subject, however, to the following terms and conditions, to-wit:

First. All poles erected by said company shall be placed in alleys unless it be found impracticable to do so, and such poles shall be securely planted in the ground to such depth and at such places as the council or its standing committee on lighting may direct.

Second. All poles shall not be less than . . . feet in height above the ground, and no wire shall be less than . . . feet from the ground. All poles shall be substantial, neatly finished and painted, with tightly stretched wires from pole to pole; and all poles, wires and other necessary attachments shall be kept safe, secure and in good repair.

Third. The top of the poles shall be reserved for the police and fire alarm wires of the city, and the city shall have the right to use, without charge therefor, any or all of said poles to support wires for fire alarm and police call purposes.

Fourth. When said company, in the erection of its poles and other fixtures, shall disturb the streets, alleys or sidewalks, it shall place the same in as good condition as when said work was commenced.

Fifth. Said company shall indemnify and save the city harmless from any and all loss or damage to persons or property caused by the construction and maintenance of said poles, wires and fixtures, and from any and all damages arising from the use thereof for conducting electricity.

Sixth. The City of East Liverpool shall not be liable to said company for any damages caused by fire or by the construction of sewers, or in making necessary street or alley improvements by the city.

Seventh. Said company agrees to furnish current for fifty (50) incandescent lights free of charge, to be used only in the night season and to be turned out when their use is not necessary.

Section 2. This ordinance shall take effect and be in force from and after its passage and legal publication.

PAYMENT FOR BOXER OUTRAGES

Misunderstanding in China Regarding the Settlement of Indemnity.

Washington, April 9.—Evidently considerable misunderstanding continues regarding the bonds which China is to execute to the United States in payment of the indemnity for the Boxer outrages provided in the protocol of April 1, 1900. The statement from Peking that the American financial agent, under instructions from the state department, is substituting a bond providing for the payment of the indemnity in gold dollars in place of a silver bond is denied in authoritative quarters.

Our government is disposed to take its own view of the interpretation of the terms of the protocol. This provided that China should execute to the United States an indemnity bond at the rate of exchange provided in the protocol, and it was also provided that the installments of the indemnity payable thereafter should be at the rate of exchange existing when these payments fell due. If the United States, desiring not to avail itself of the loss which China should suffer in these payments as a result of the depreciation of silver, prefers to demand it at the rate of exchange existing when the protocol was signed, that, it is held, is a matter which concerns us alone and leaves the other powers to do as they please.

The instructions of the department of state to its representative in China, who is conducting the negotiations relative to the settlement of the indemnity, look to the retention of independence while faithfully carrying out the engagements entered into by the United States in the Peking agreement.

STRIKE IN HOLLAND IS SERIOUS

City Remains Quiet, but Municipal Employees Have Decided to Go Out. Much Inconvenience Suffered.

Amsterdam, April 9.—The city remains quiet. The queen and her court drove out as usual at The Hague. The municipal employees have decided to go out on strike. This action will affect the gas, telephone, sanitary and water services, but it is believed that only a third of the men will respond to the strike call and that the military will be employed to maintain the public services.

The proclamation calling for a general strike of all trades throughout the country is considered to be a policy of despair. In authoritative quarters it is believed that the strike as an organized movement is doomed to failure and that the government's anti-strike bill will be speedily passed, greatly strengthening the hands of the authorities.

Meantime there is no doubt that the public is suffering great inconvenience through the stagnation of trade resulting from the strike. There is a rush on the state pawn shops and the savings banks.

The mails are arriving irregularly and late, being forwarded partly by automobiles where railways are held up by the strike. The theaters are again open, the singers and dancers who had gone on strike having resumed their duties.

New Propeller Planned.

Washington, April 9.—Admiral McVie, engineer-in-chief of the navy, has a surprise in store for sailors which perhaps will be as revolutionary in its effect on naval construction as was his famous triple screw. For more than a year past his bureau has been making quiet inquiries and preparing plans for a turbine-propelled warship. The best experts have been consulted and the plans have advanced to a point where it is thought satisfactory results are assured. Details of the novel arrangements of this ship are withheld for the present, but it is expected that they soon will be made public.

Goebel Murder Trial Begun.

Frankfort, Ky., April 9.—The trial of James Howard, charged with killing Governor William Goebel, has begun. When the case was called the defense filed an affidavit asking for a continuance, pleading the absence of witnesses. The commonwealth objected and the court in chambers heard the objections. The affidavit of the defense was admitted, subject to exceptions for competency and relevancy. Examination of jurors was then begun, but the panel was soon exhausted, and a special venire of 150 citizens of Woodford, an adjoining county, has been ordered to be present in court.

Eight Years for Embezzlement.

Philadelphia, April 9.—J. Howard Climens, former treasurer of the Pennsylvania epileptic hospital and economy farm at Oakbourne, Chester county, pleaded guilty in court to three indictments charging him with embezzlement and conspiracy. He was sentenced to eight years' imprisonment. Climens embezzled about \$9,000 of the hospital funds.

Indemnity Received.

Rome, April 9.—The Italian ambassador at Washington, Signor des Planches, has officially notified the foreign office here that he has received \$5,000 indemnity for the families of the Italians who were lynched or injured at Erwin, Miss., in July, 1901.

Port Angeles, Wash., April 9.—Captain Thomas H. Bradley, U. S. A., retired, is dead. He was mayor of this city for four terms.

Henry Van Brunt.

Boston, April 9.—Henry Van Brunt, well known as an architect and a designer of the electricity building at the Chicago world's fair, is dead. He had been ill for some months.

J. B. Atherton.

Honolulu, April 9.—J. B. Atherton, one of the richest and most influential men in the Hawaiian Islands, is dead, aged 66 years. Mr. Atherton was interested largely in the development of the sugar industry of the country, and took an active part in the management of several other corporations and business enterprises. Mr. Atherton came here from Boston in 1853.

Indictment Against Mills.

New York, April 9.—The grand jury returned an indictment against George Edward Mills, law partner of the son of Dr. R. C. Flower. Mills is accused of attempting to bribe Assistant District Attorney Garvan to deliver five indictments against Dr. Flower.

Dominicans Coming to Canada.

Dijon, France, April 9.—A large establishment of the Dominicans here has been closed and the members are leaving for Canada. A sympathetic crowd of people saw the party off.

Painters Want More Money.

Newark, N. J., April 9.—Seven hundred painters went on strike for higher wages. They have been getting \$2.75 a day and demand \$3.

Czarina Reported Ill.

St. Petersburg, April 9.—It is reported that the czarina is seriously ill with peritonitis.

Uncommon Recurrence.

Tess—I hear you became acquainted with Miss Travis the other day.

Jess—Yes, and she's such a remarkable girl. She told me she had been out of town for several months.

Tess—Yes, she was in Europe.

Jess—Exactly, and she didn't mention a word about it to me.—Philadelphia Press.

Not Worth the Trouble.

"You write your first name very well indeed," Miss Pinkie, criticized the writing teacher, "but you make a sad botch of the 'Johnson' part of it."

"What is the difference, Mr. Spencer?" asked the pretty girl. "I expect to change the Johnson part of it some day."—Chicago Tribune.

Not Too Precipitate.

"Ah, Gracie, dear," she said to the duke, "why don't you go to papa to-day? Delays are dangerous, you know."

"Yes, I realize that," he replied, "but I've only known you three days, and these get rich quick schemes always seem to be so risky."—Chicago Record-Herald.

Appreciative.

Take twenty cards from the pack and deal them out in three packs. The novice is requested to single out a particular card (silently, of course). The player then inquires in which pack the selected card lies and is careful to place the pack indicated between the other two. The cards are laid out in the same manner, three lines in all, carefully observing the order described as to putting the pack with the selected card to be chosen each time. The exponent then takes all cards used in his hand and makes a feint of striving to pick out the correct card with difficulty, being careful not to disarrange their order. He knows or will know when he has tried the trick that it is invariably the eleventh card that represents the choice of the person engaged in the matter.—New York Telegram.

Walking Suits—Tailor Made Gowns.

Smart walking suits are made of gray zibeline or even the lighter weight gray rough goods.

The skirts of these utility costumes are made just to escape the ground and are devoid of gored flounces or anything which would tend to cut the height.

fact. In general it will be observed the lines of the waist are continued upon the skirt, giving a long and almost princess effect which is very becoming; only around the bottom are horizontal lines used in the shape of ruffles, and these are often not broken up in the form of festoons, etc.

Buttons are playing an important part in dress in quiet enamel and old silver and gold, while queer danglers abound on smart tailor made coats and bodices. When not too heavy, these form an effective mode of trimming.

The cut shows a velvet blouse which may be made up in any shade with a front of white tucking.

ODDS AND ENDS.

Short Lengths of Lace and Brocade and How They May Be Used.

In trimming laces, insertions and passementerie odd lengths are often useful, but from four to six yards will trim a blouse fully, or six yards of deep lace will border a coffee coat and make frills to the elbow sleeves, or four and a half yards if the lace is of a heavy type will do for the same purpose.

Coffee coats with the skirt matching are very smart, but all the pale colors can be worn with a white cloth skirt or a lace one.

These dainty little affairs may be made quite inexpensively from rem-

nants of lace and brocade, not to speak of the fine already tucked materials. Odd lengths of tulle silk sometimes are quite useful; nine yards are quite sufficient for a trained foundation slip with bodice and plain sleeves or eleven yards with a plaiting at the edge or with two narrow gathered frills.

The illustration shows a coffee jacket of cream lace over pink liberty satin.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and

pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of **Mother's Friend** so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

Hymelia Crevasse Serious.

New Orleans, April 9.—With the blowing out of 40 feet of cribbing at the Hymelia crevasse the situation there has become serious and fears are expressed that other portions of the 3,000 feet of work will be endangered by the strain placed upon it. The water is going through the opening at a terrific rate and there is alarm lest other sections give way while efforts are being made to mend this break. Nearly everybody on the works is worn out as a result of the long strain and more men are wanted for the emergency.

Wholesale Petticoat Robbery.

New York, April 9.—Five thousand dollars' worth of petticoats were stolen from the offices of Klatzko & Mishkend, clothing dealers, 11 Lispenard street. Three men had engaged a whole floor of an office building on Canal street. The rear portions of the two buildings are close together. Some of the goods were found on the roof of the Lispenard street building and more in the floor leased by the three unknown men. The watchman of the latter building is under arrest.

Carnegie Offers Quarter of a Million.

Cleveland, April 9.—Andrew Carnegie has offered the public library \$250,000 for the purpose of erecting seven branch libraries. The offer is made on condition that the city furnish the sites and maintain the libraries. The offer will be accepted. A main library building is to be a part of the "group plan" of city and county buildings which is under advisement.

Mangled by Train.

Jackson, Mich., April 9.—A gasoline speeder on which Roadmaster Michael Flahive, Engineer Sharp and Frank Adrian were making an inspection of the roadbed was run down by the fast American express train near Grass Lake. All three jumped when they realized that the train was upon them, but Flahive failed to clear the track and was terribly mangled by the engine. Sharp was painfully but not seriously injured, while Adrian escaped uninjured. Adrian, who was in charge of the engine of the speeder failed to see the train approaching.

Kansas Favors Prohibition.

Topeka, April 9.—Returns from all the towns in Kansas which held elections disclose the fact that the vote in favor of enforcing the prohibition law is the most overwhelming in the history of the state. A special effort was made by the opponents of prohibition to make a good showing at this election and thus pave the way for a re-submission campaign two years from now. Only six towns of any importance in the state voted in favor of a liberal policy toward the saloons.

Massachusetts at the Exposition.

Boston, April 9.—Governor Bates signed a bill providing for an appropriation of \$100,000 for state representation at the St. Louis exposition. The appropriation will be under the direction of the governor's council and no provision is made for the payment of the expenses of any legislative committee.

Escapes Electric Chair.

New York, April 9.—Rose Quinn, the 17-year-old girl charged with the murder of her infant, was convicted of murder in the second degree. The jury was out only 50 minutes. All agreed from the start that the young woman was guilty, and the only doubt was as to the nature of the verdict.

Killed in Street Duel.

Sherman, Tex., April 9.—Ben J. Thompson, cashier of the Bank of America, was shot to death by W. E. Stone, of Texas. The men met on the street and without any preliminary words drew their revolvers and opened fire. Thompson was struck by one of the first shots and fell mortally wounded. He died a few hours later. Stone is about 22 years of age and is a traveling salesman for a Dayton, O. house. Stone surrendered. He stated that the tragedy was the result of a family difficulty.

PAYMENT FOR BOXER OUTRAGES

Misunderstanding in China Regarding the Settlement of Indemnity.

Washington, April 9.—Evidently considerable misunderstanding continues regarding the bonds which China is to execute to the United States in payment of the indemnity for the Boxer outrages provided in the protocol of April 1, 1900. The statement from Peking that the American financial agent, under instructions from the state department, is substituting a bond providing for the payment of the indemnity in gold dollars in place of a silver bond is denied in authoritative quarters.

Our government is disposed to take its own view of the interpretation of the terms of the protocol. This provided that China should execute to the United States an indemnity bond at the rate of exchange provided in the protocol, and it was also provided that the instalments of the indemnity payable thereafter should be at the rate of exchange existing when the payments fell due. If the United States, desiring not to avail itself of the loss which China should suffer in these payments as a result of the depreciation of silver, prefers to demand them at the rate of exchange existing when the protocol was signed, that, it is held, is a matter which concerns us alone and leaves the other powers to do as they please.

The instructions of the department of state to its representative in China, who is conducting the negotiations relative to the settlement of the indemnity, look to the retention of independence while faithfully carrying out the engagements entered into by the United States in the Peking agreement.

STRIKE IN HOLLAND IS SERIOUS

City Remains Quiet, but Municipal Employees Have Decided to Go Out. Much Inconvenience Suffered.

Amsterdam, April 9.—The city remains quiet. The queen and her court drove out as usual at The Hague. The municipal employees have decided to go out on strike. This action will affect the gas, telephone, sanitary and water services, but it is believed that only a third of the men will respond to the strike call and that the military will be employed to maintain the public services.

The proclamation calling for a general strike of all trades throughout the country is considered to be a policy of despair. In authoritative quarters it is believed that the strike as an organized movement is doomed to failure and that the government's anti-strike bill will be speedily passed, greatly strengthening the hands of the authorities.

Meantime there is no doubt that the public is suffering great inconvenience through the stagnation of trade resulting from the strike. There is a rush on the state pawn shops and the savings banks.

The mails are arriving irregularly and late, being forwarded partly by automobiles where railways are held up by the strike. The theaters are again open, the singers and dancers who had gone on strike having resumed their duties.

New Propeller Planned.

Washington, April 9.—Admiral McVie, engineer-in-chief of the navy, has a surprise in store for sailors which perhaps will be as revolutionary in its effect on naval construction as was his famous triple screw. For more than a year past his bureau has been making quiet inquiries and preparing plans for a turbine-propeller warship. The best experts have been consulted and the plans have advanced to a point where it is thought satisfactory results are assured. Details of the novel arrangements of this ship are withheld for the present, but it is expected that they soon will be made public.

Philadelphia, April 9.—J. He was sentenced to eight years' imprisonment. Climensson embezzled about \$9,000 of the hospital funds.

fact. In general it will be observed the lines of the waist are continued upon the skirt, giving a long and almost princess effect which is very becoming; only around the bottom are horizontal lines used in the shape of ruffles, and these are often not broken up in the form of festoons, etc.

Buttons are playing an important part in dress in quaint enamel and silver and gold, while queer dangles abound on smart tailor made coats and bodices. When not too heavy, these form an effective mode of trimming.

The cut shows a velveteen blouse which may be made up in any shade with a front of white tucking.

ODDS AND ENDS.

Short Lengths of Lace and Brocade and How They May Be Used.

In trimming laces, insertions and passementerie odd lengths are often useless, but from four to six yards will trim a blouse fully, or six yards of deep lace will border a coffee coat and make frills to the elbow sleeves, or four and a half yards if the lace is of a heavy type will do for the same purpose.

Coffee coats with the skirt matching are very smart, but all the pale colors can be worn with a white cloth skirt or a lace one.

These dainty little affairs may be made quite inexpensively from rem-

nants of lace and brocade, not to speak of the fine already trued materials.

Odd lengths of taffeta silk sometimes are quite useful; nine yards are quite sufficient for a trained foundation slip with bodice and plain sleeves or eleven yards with a plaiting at the edge or two with narrow gathered frills.

The illustration shows a coffee jacket of cream lace over pink liberty satin.

JUDIC CHOLLET.

A Card Trick. Take twenty cards from the pack and deal them out in three packs. The notice is requested to single out a particular card (silently, of course). The player then inquires in which pack the selected card lies and is careful to place the pack indicated between the other two. The cards are laid out in the same manner, three lines in all, carefully observing the order described as to putting the pack with the selected card in the middle, the same card to be chosen each time. The exponent then takes all cards used in his hand and makes a feat of striving to pick out the correct card with difficulty, being careful not to disarrange their order. He knows or will know when he has tried the trick that it is invariably the eleventh card that represents the choice of the person engaged in the matter.—New York Telegram.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and

pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of *Mother's Friend* so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

Mother's Friend

Hymelia Crevasse Serious.

New Orleans, April 9.—With the blowing out of 40 feet of cribbing at the Hymelia crevasse the situation there has become serious and fears are expressed that other portions of the 3,000 feet of work will be endangered by the strain placed upon it. The water is going through the opening at a terrific rate and there is alarm lest other sections give way while efforts are being made to mend this break. Nearly everybody on the levee is worn out as a result of the long strain and more men are wanted for the emergency.

Wholesale Petticoat Robbery.

New York, April 9.—Five thousand dollars' worth of petticoats were stolen from the offices of Klatsp and Mishkend, clothing dealers, 11 Lispenard street. Three men had engaged a whole floor of an office building on Canal street. The rear portions of the two buildings are close together. Some of the goods were found on the roof of the Lispenard street building and more in the floor leased by the three unknown men. The watchman of the latter building is under arrest.

Carnegie Offers Quarter of a Million.

Cleveland, April 9.—Andrew Carnegie has offered the public library \$250,000 for the purpose of erecting seven branch libraries. The offer is made on condition that the city furnish the sites and maintain the libraries. The offer will be accepted. A main library building is to be a part of the "group plan" of city and county buildings which is under advisement.

Mangled by Train.

Jackson, Mich., April 9.—A gasoline speeder on which Roadmaster Michael Flahive, Engineer Sharp and Frank Adrian were making an inspection of the roadbed was run down by the fast American express train near Grass Lake. All three jumped when they realized that the train was upon them, but Flahive failed to clear the track and was terribly mangled by the engine. Sharp was painfully but not seriously injured, while Adrian escaped uninjured. Adrian, who was in charge of the engine of the speeder failed to see the train approaching.

Kansas Favors Prohibition.

Topeka, April 9.—Returns from all the towns in Kansas which held elections disclose the fact that the vote in favor of enforcing the prohibition law is the most overwhelming in the history of the state. A special effort was made by the opponents of prohibition to make a good showing at this election and thus pave the way for a re-submission campaign two years from now. Only six towns of any importance in the state voted in favor of a liberal policy toward the saloons.

Massachusetts at the Exposition.

Boston, April 9.—Governor Bates signed a bill providing for an appropriation of \$100,000 for state representation at the St. Louis exposition. The appropriation will be under the direction of the governor's council and no provision is made for the payment of the expenses of any legislative committee.

Escapes Electric Chair.

New York, April 9.—Rose Quinn, the 17-year-old girl charged with the murder of her infant, was convicted of murder in the second degree. The jury was out only 50 minutes. All agreed from the start that the young woman was guilty, and the only doubt was as to the nature of the verdict.

Killed in Street Duel.

Sheman, Tex., April 9.—Ben L. Thompson, cashier of the Bank of America, was shot to death by W. E. Stone, of Texarkana. The men met on the street and without any preliminary words drew their revolvers and opened fire. Thompson was struck by one of the first shots and fell mortally wounded. He died a few hours later. Stone is about 22 years of age and is a traveling salesman for a Dayton, O., house. Stone surrendered. He stated that the tragedy was the result of a family difficulty.

Privilege of Invalidism.

Little Jane had heard her mother say that sick people demanded a great deal of consideration. A few days later Jane said:

"Mamma, I think it would be lovely to be sick."

"Why?" asked her mother.

"Oh, because sick people command so much consideration!"—Little Chronicle.

Ending of Everett-Moore Syndicate.

Cleveland, April 9.—With the adjustment of its affairs about at an end, the Everett-Moore syndicate, which was in control of large traction and telephone interests throughout this and other states, will soon come to an end. The Lake Shore Electric Railway company has been cared for and the affairs of the Detroit and Toledo line will be adjusted before the end of the month. In less than 60 days the syndicate will be free of all obligations and the men composing it, Henry A. Everett, E. W. Moore, Barney Mahler and Charles Wanson will operate as individuals.

Defaulter Located.

Sioux City, Ia., April 9.—W. H. Hopkins, representative of Edwards, Wood & Co., a grain commission firm in Sioux City, who disappeared a few weeks ago leaving a large shortage, has been located at West Baden, Ind. He says he will go to Minneapolis, the headquarters of the firm, and try to effect a settlement.

Runaway Boys in Jail.

Helena, Mont., April 9.—The city jail has among its occupants three boys who ran away from their homes. Two, John Majoun and John Sours, are from Ashland, O., while the other, Frank Harris, hails from Kansas City. They were arrested on a charge of having stolen property in their possession.

Adlai Stevenson Painfully Burned.

Bloomington, Ill., April 9.—Adlai Stevenson, formerly vice president of the United States, lost his hair and mustache and received painful burns on his face, head and hands while trying to extinguish a fire in his home. The fire started in a bedroom.

BE IT REMEMBERED that any of the foregoing lots having residences upon them or not are upon streets already graded, paved roadways of brick, sidewalks, electric street, sanitary and storm sewers; gas and water mains; the houses mostly contain hot and cold water, bath, w. c. and wash stand, and all contain gas and city water; have good cellars; slate roof; are of good material and construction; well painted inside and out and grained; porches, walks, pantries, and in a word they are up-to-date and none of them over 3 years old, and are within one minute of street cars. Nearly every lot lies practically level. Figure the cost of these houses at today's prices; add to this the cost of the water line, gas line, paving and grading of streets (all of which are without of further cost to the purchaser either in taxes or otherwise) and determine how very little you will have to pay for the lot; also figure the cost of the improvements and deduct from selling price of the lots and see how very low in price they are. Your deductions will be sure to interest you.

THE LECTURE COURSE FOR NEXT SEASON

Unusually Excellent Attractions to Appear Under the High School Auspices.

The committee on the High School Star Lecture course has just completed its work in arranging for the lecture course for next winter. Every year it is the aim of the committee to select a course which is superior to the one preceding. The plan has been adopted to pay the same amount of money, but have only six entertainments on the course, which are all higher class than they would be were there ten on the season ticket.

Acting on this plan the committee has succeeded in securing musical entertainments, lectures and addresses by celebrities noted throughout the country, and it is believed this course will be far superior to any ever presented by the high school. The list secured follows:

Banda Rossa, an Italian Concert company of 32 pieces.

Dr. N. Dwight Hillis, the noted Presbyterian divine.

General John B. Gordon, the famous confederate commander, who will lecture on "The Last Days of the Confederacy."

Frank R. Robinson, lecturer.

The Chicago Glee club.

Miss Beecher, lecturer.

Belmont Club Banquet.

The Belmont club this evening will give an elaborate banquet to a large number of friends. The dinner will be held in the new Belmont club rooms of the Smith building, which have been handsomely furnished. Ever since the large number of invitations were issued, the club and its friends have been looking forward to an evening replete with pleasure.

Hanks Had a Long Ride.

Thomas Hanks had a long ride in the patrol wagon last night. He was discovered leaning against a post near the National China company. He was intoxicated and told the officers he was a railroad brakeman and was waiting for a train to Wellsville to take out his run. At police headquarters he put up \$6 for his appearance this morning. He did not show up and the city is 40 cents ahead, as the usual fine for a plain drunk amounts to but \$5.00.

Appomattox Day.

The G. A. R. Sons of Veterans and the Woman's Relief Corps have made extensive preparations for their "Appomattox Day" bean bake and celebration at G. A. R. hall tomorrow night. A choice oratorical program will be a feature. Dr. C. E. Manchester, the presiding elder of the M. E. church, Steubenville district, has been invited and is expected.

Attending the Convention.

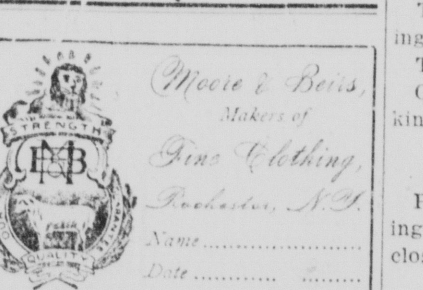

Lisbon, April 9.—(Special)—Rev. J. A. Urban and George S. Wilson, of the M. E. church, and John J. Rogers, of the Presbyterian church, went to Wellsville today to attend the Columbia County Sunday School convention.

ODD NON-SUPPORT CASE

Brought By Children's Grandmother, Compromised on Good Promises.

Charged with non-support of two illegitimate children, one aged 3 years and the other 2 months, Fred Starke was conducted to the court of Squire McCarron late yesterday afternoon by Constable Powell. After considerable wrangling Starke effected a mutual agreement with the mother of the children and was released. The warrant for his arrest was issued at the solicitation of Mrs. Mary Sharpe, grandmother of the children. She had had the children to care for along with their mother and feeling that she could no longer support the trio, especially when she knew that Starke was well able to do so, she appeared at the justice's court and entered proceedings.

She stated that Starke had shamefully treated the mother and children and that he refused to contribute a penny for the children's support and acted indifferently when appealed to. He finally promised to help a little, but that was all there was to it and the grandmother decided to have the law take a hand.

When taken before the magistrate Starke assumed a very different role. He commenced immediately to try for a settlement. The children's mother was present at the hearing and after he promised to give her \$2.50 per week for the support of the children she allowed the case to be dropped. Starke was also compelled to pay the costs.

ROLLED A PEANUT AROUND THE BLOCK

Chick Nelson Paid an Election Bet Amid the Jeers of the Crowd.

As the result of an election bet made with Tom Hester, Chick Nelson at a late hour last night, presented a most peculiar spectacle to the few people who happened to be on the street near Walsh's hotel. Nelson pinned his faith on Thompson and was so sure of it that he did not hesitate in making a wager. Hester was equally confident that Weaver would be the victor. They agreed that if Thompson won Hester was to push a peanut around the block with either a crow bar or a toothpick.

If Weaver won, Nelson was to perform a like feat. Late last night Nelson borrowed a crow bar from William Devon, kiln fireman at D. E. McNiel's, and with an accompaniment of "roasts" from his friends, fulfilled the obligation. He has had no harder task in all his life, he says.

THE BOSTON STORE

Easter Millinery.

Many have been the compliments received on our showing of High Class Millinery at Popular Dry Goods Prices. Enthusiastic admirers who attended the Millinery openings in Pittsburgh, Philadelphia and New York, claim they saw nothing to surpass the exhibit as to styles, high grade of workmanship and reasonable prices. True the assortments in the cities named were larger—so were the prices. Suppose you investigate the merits of this new department—it will be to your interest and profit. The success already attained in volume of business, exceeds our most sanguine expectations.

Ready-to-wear Garments.

Stock of Tailored Suits, Separate Skirts, Silk Waists, Covert Jackets, Silk Jackets and the new Corset Jackets, replenished for this week's selling. These you will find on second floor.

Easter Fixings

New Neckwear, Kid Gloves, Silk Gloves, Fancy Ribbons, Belts, Belt Buckles, Shirt Waist Sets, Jewelry, Veilings, Chatelaine Bags, String Beads, Colored Umbrellas, Handkerchiefs and Fine Perfumeries in large assortments and reasonable prices.

The Baseball Score

A GAIN we see the score in print. The good, old baseball score. With names and figures all in line. As in the days of yore, For way down south, in Dixie land, The boys are doing stunts, Again contending with the ball For thens, fives and tens.

Of course the games how being played Are not the real thing, Because the hero's widely famed Are merely practicing. They're getting muscles into trim So they can freely play And training eyes so they can swat The balls that come their way.

But just the same the practice score With eagerness we scan To get a line on playing skill And work of every man. We note with joy the wondrous catch, Swift covering of ground, And chuckle when one hits so hard He goes the whole way round.

We look along the lines to see The record each has made And note the letters which explain Position each has played. We analyze the pitchers' work And that of catchers, too, Concluding we have got a team That certainly will do.

'Tis thus anticipation whets Desire for real games, The time when rival teams will meet And strive to clinch their claims. But as we cannot speed that time, With patience we must pore Through stories of the stunts down south And scan the practice score.—Theodore H. Boice in Pittsburgh Chronicle-Telegraph.

Pity Ah if There Is.

"The sultan of Turkey," said Mrs. Hoopack after taking another glance at the item to be sure that she had made no mistake, "has seventy-eight wives."

"I wonder," the sad faced little man answered as he looked far away and sighed, "if there's an Easter in the Turkish calendar."—Chicago Record-Herald.

When Raising.

"I'd like to go out in the country and see them raising wheat."

"Why, you don't have to go out in the country. They raise thousands of bushels right here in town."

"Absurd! How do they raise wheat in town?"

"Why, in grain elevators."—Philadelphia Record.

His Point of View.

Mrs. Peck—Here's an account of a man who had three wives, Henry. Now, what do you suppose they'll do with him?

Mr. Peck—Try him for lunacy, m'dear, I should think.—Cleveland Plain Dealer.

BE IT REMEMBERED that any of the foregoing lots having residences upon them or not are upon streets already graded, paved roadways of brick, sidewalks, sewer, sanitary and storm sewers; gas and water mains; the houses, mostly, contain hot and cold water, bath, w. c. and wash stand, and all contain gas and city water; have good cellars; slate roof; are of good material and construction; well painted inside and out and grained; porches, walks, pantries, and in a word they are up-to-date and none of them over 3 years old, and are within one minute of street cars. Nearly every lot lies practically level. Figure the cost of these houses at today's prices; add to this the cost of the water line, gas line, paving and grading of streets (all of which are without of further cost to the purchaser either in taxes or otherwise) and determine how very little you will have to pay for the lot; also figure the cost of the improvements and deduct from selling price of the lots and see how very low in price they are. Your deductions will be sure to interest you.

The Following Vacant Lots Are Not on Paved and Graded Streets But They Are Desirable.

THE BOSTON STORE

Easter Millinery.

Many have been the compliments received on our showing of High Class Millinery at Popular Dry Goods Prices. Enthusiastic admirers who attended the Millinery openings in Pittsburgh, Philadelphia and New York, claim they saw nothing to surpass the exhibit as to styles, high grade of workmanship and reasonable prices. True the assortments in the cities named were larger—so were the prices. Suppose you investigate the merits of this new department—it will be to your interest and profit. The success already attained in volume of business, exceeds our most sanguine expectations.

Ready-to-wear Garments.

Stock of Tailored Suits, Separate Skirts, Silk Waists, Covert Jackets, Silk Jackets and the new Corset Jackets, replenished for this week's selling. These you will find on second floor.

Easter Fixings

New Neckwear, Kid Gloves, Silk Gloves, Fancy Ribbons, Belts, Belt Buckles, Shirt Waist Sets, Jewelry, Veilings, Chatelaine Bags, String Beads, Colored Umbrellas, Handkerchiefs and Fine Perfumery in large assortments and reasonable prices.

The Baseball Score

A GAIN we see the score in print. The good, old baseball score. With names and figures all in line. As in the days of yore. For way down south, in Dixie land, The boys are doing stunts, Again connecting with the ball For liners, flies and bunts.

Of course the games how being played Are not the real thing, Because the hero's widely famed Are merely practicing. They're getting muddled into trim So they can truly play And training eyes so they can swat The balls that come their way.

But just the same the practice score With eagerness we scan To get a line on playing skill And work of every man. We note with joy the wondrous catch, Swift covering of ground, And chuckle when one hits so hard He goes the whole way round.

We look along the lines to see The record each has made And note the letters which explain Position each has played. We analyze the pitchers' work And that of catchers, too. Concluding we have got a team That certainly will do.

Thus thus anticipation whets Desire for real games. The time when rival teams will meet And strive to clinch their claims. But as we cannot speed that time, With patience we must pore Through stories of the stunts down south And scan the practice score. —Theodore H. Boice in Pittsburgh Chronicle-Telegraph.

Pity Ah If There Is.

"The sultan of Turkey," said Mrs. Hoopes after taking another glance at the item to be sure that she had made no mistake, "has seventy-eight wives."

"I wonder," the sad faced little man answered as he looked far away and sighed, "if there's an Easter in the Turkish calendar." —Chicago Record-Herald.

When Raising.

"I'd like to go out in the country and see them raising wheat."

"Why, you don't have to go out in the country. They raise thousands of bushels right here in town."

"Absurd! How do they raise wheat in town?"

"Why, in grain elevators." —Philadelphia Record.

His Point of View.

Mrs. Peck—Here's an account of a man who had three wives, Henry. Now, what do you suppose they'll do with him?

BE IT REMEMBERED that any of the foregoing lots having residences upon them or not are upon streets already graded, paved with sidewalks of brick, side walks, oblong stone, sanitary and storm sewers; gas and water mains; the houses mostly contain hot and cold water, bath, w. c. and wash stand, and all contain gas and city water; have good cellars; slate roof; are of good material and construction; well painted inside and out and grained; porticoes, walks, pantries, and in a word they are up-to-date and none of them over 3 years old, and are within one minute of street cars. Nearly every lot lies practically level. Figure the cost of these houses at today's prices; add to this the cost of the water line, gas line, paving and grading of streets (all of which are without of further cost to the purchaser either in taxes or otherwise) and determine how very little you will have to pay for the lot; also figure the cost of the improvements and deduct from selling price of the lots and see how very low in price they are. Your deductions will be sure to interest you.

THE LECTURE COURSE FOR NEXT SEASON

Unusually Excellent Attractions to Appear Under the High School Auspices.

The committee on the High School Star Lecture course has just completed its work in arranging for the lecture course for next winter. Every year it is the aim of the committee to select a course which is superior to the one preceding. The plan has been adopted to pay the same amount of money, but have only six entertainments on the course, which are all higher class than they would be were there 10 on the season ticket.

Acting on this plan the committee has succeeded in securing musical entertainments, lectures and addresses by celebrities noted throughout the country, and it is believed this course will be far superior to any ever presented by the high school. The list secured follows:

Banda Rossa, an Italian Concert company of 33 pieces.

Dr. N. Dwight Hillis, the noted Presbyterian divine.

General John B. Gordon, the famous confederate commander, who will lecture on "The Last Days of the Confederacy."

Frank R. Robinson, lecturer, The Chicago Glee club.

Miss Beecher, lecturer.

Belmont Club Banquet.

The Belmont club this evening will give an elaborate banquet to a large number of friends. The dinner will be held in the new Belmont club rooms of the Smith building, which have been handsomely furnished. Ever since the large number of invitations were issued, the club and its friends have been looking forward to an evening replete with pleasure.

Hanks Had a Long Ride.

Thomas Hanks had a long ride in the patrol wagon last night. He was discovered leaning against a post near the National China company. He was intoxicated and told the officers he was a railroad brakeman and was waiting for a train to Wellsville to take out his run. At police headquarters he put up \$6 for his appearance this morning. He did not show up and the city is 40 cents ahead, as the usual fine for a plain drunk amounts to but \$5.60.

Appomattox Day.

The G. A. R., Sons of Veterans and the Woman's Relief Corps have made extensive preparations for their "Appomattox Day" bean bake and celebration at G. A. R. hall tomorrow night. A choice oratorical program will be a feature. Dr. C. E. Manchester, the presiding elder of the M. E. church, Steubenville district, has been invited and is expected.

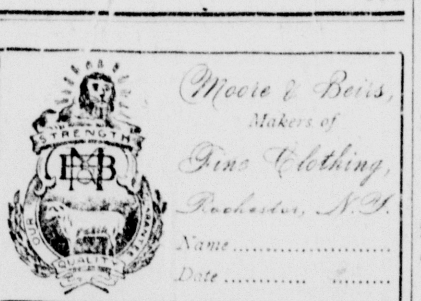

Attending the Convention.

ODD NON-SUPPORT CASE

Brought By Children's Grandmother. Compromised on Good Promises.

Charged with non-support of two illegitimate children, one aged 3 years and the other 2 months, Fred Starke was conducted to the court of Squire McCarron late yesterday afternoon by Constable Powell. After considerable wrangling Starke effected a mutual agreement with the mother of the children and was released. The warrant for his arrest was issued at the solicitation of Mrs. Mary Sharpe, grandmother of the children. She had had the children to care for along with their mother and feeling that she could no longer support the trio, especially when she knew that Starke was well able to do so, she appeared at the justice's court and entered proceedings.

She stated that Starke had shamefully treated the mother and children and that he refused to contribute a penny for the children's support and acted indifferently when appealed to. He finally promised to help a little, but that was all there was to it and the grandmother decided to have the law take a hand.

When taken before the magistrate Starke assumed a very different role. He commenced immediately to try for a settlement. The children's mother was present at the hearing and after he promised to give her \$2.50 per week for the support of the children she allowed the case to be dropped. Starke was also compelled to pay the costs.

ROLLED A PEANUT AROUND THE BLOCK

Chick Nelson Paid an Election Bet Amid the Jeers of the Crowd.

As the result of an election bet made with Tom Hester, Chick Nelson at a late hour last night, presented a most peculiar spectacle to the few people who happened to be on the street near Walsh's hotel. Nelson pinned his faith on Thompson and was so sure of it that he did not hesitate in making a wager. Hester was equally confident that Weaver would be the victor. They agreed that if Thompson won Hester was to push a peanut around the block with either a crow bar or a toothpick.

If Weaver won, Nelson was to perform a like feat. Late last night Nelson borrowed a crow bar from William Devon, kiln fireman at D. E. McNicols, and with an accompaniment of "roasts" from his friends, fulfilled the obligation. He has had no harder task in all his life, he says.

EAST LIVERPOOL, O., THURSDAY, APRIL 9, 1903.

TWO CENTS

GENERAL DICK STANDS PAT ON WHAT HE SAID BEFORE REGARDING HIS CANDIDACY

Friends Maintain That Sentiment in His Favor
May Yet Lead to His Nomination
For Governor.

From a Staff Correspondent.

Columbus, April 9.—The presence of General Charles Dick in this city yesterday led the political wisecracks to make a few guesses at the gubernatorial situation. Gen. Dick said: "My statement of last January stands good at this time. I am not a candidate in any sense of the word. No, I really do not see that the result in Cleveland necessarily changes the situation."

In these words General Dick outlined his position. In his statement made in January he declared he was not a candidate, inasmuch as it did not at that time seem to be the unanimous feeling of the party over the state that he should be. He did not say point blank that he would not be a candidate, but that he was not one under the circumstances obtaining then. Many of his admirers maintain with force that this did not remove him from the race for good and express the conviction that the sentiment in his favor lacking early in the year will develop before the time for the convention and that it will result in his nomination.

General Dick was at the governor's office yesterday and scores called to see him. His friends here are anxious for him to be a candidate and are in

sisting that sentiment for him is growing daily. Much impetus was given it by Johnson's success in Cleveland which weakens the Herrick boom. Dick is too shrewd to antagonize Herrick by declaring himself a candidate and will continue to lie low until matters shape themselves that the nomination will be practically forced upon him.

In choosing a candidate the party will have to consider the claims of George B. Cox, of Cincinnati, under whose management Mayor Fleischman's splendid victory was won. His plurality was so great—16,000—as to make imperative the recognition of Cincinnati in the matter of the personnel of the ticket. The election results in Cincinnati and Columbus are especially pleasing to Governor Nash and the blow given the Republicans in Cleveland is quite disappointing to him. Fear is felt that Cuyahoga county may again send a Democratic delegation to the legislature as was the case two years ago.

The Democratic state committee will meet in this city a week from today and it is expected that the fight between Johnson and McLean will be renewed. At a meeting held by the

STRIKE BENEFITS TO BE RECEIVED

Union Painters Claim to Be in
Shape to Keep Up Their
Fight.

MANY LEAVING THE CITY

Local union No. 155, Painters, Decorators and Paperhangers of America, the members of which are now on a strike for better conditions in this city, has settled down to a systematic plan of action and the strike is being conducted in a manner which the officers believe cannot help but bring success.

When the strike was inaugurated and previous to that time the headquarters officers at Lafayette, Ind., were kept thoroughly posted upon the status of the trouble and the details of the controversy between the union and the master painters. As a natural consequence the national executive board was thoroughly familiar with the situation and sanctioned the action of the local in going out when the limit expired.

The action of the executive board in authorizing the strike has a greater significance than would appear upon the surface, since it means that each and every member of the local who was in good standing at the time the strike was inaugurated will receive the customary strike benefits provided for in the constitution. The amount of these weekly allowances from headquarters will be governed to some extent by local conditions, but it is certain the sum in each case will be sufficient to sustain the member and enable him to live comfortably through a long siege. The married men among the strikers will of course receive more than those who are single, and it is estimated that it will be \$7 per week in the case of the man with a family and \$5 to the single member.

Word was received by the officers of No. 165 today from headquarters, stating that the strike benefits would begin with the week ending Saturday, and all the strikers who have not left the city will come in for a piece of the money. A number of the men who were on the rolls of the East Liverpool local have left the city. A few have secured work at Wellsville, where there is no trouble; others have gone to Pittsburgh, Wheeling and other cities, and not a few have secured work in the city. The firm of G. W. Campbell & Son signed the scale at the beginning and are now working an increased force of workmen. A num-

ber of the local painters are now engaged with C. A. Smith at Rock Springs park, where the pavilion and other buildings are being repainted. They are receiving the scale of wages which the local demanded from the East Liverpool contractors, and are working as individuals.

In a few instances the more enterprising members have sought and obtained contracts on their own account and are making out nicely. Taken all in all, the men are not suffering to any extent, and are in shape to stand out for many weeks, so say the leaders.

LISBON'S BENEFACTRESS HAS PASSED AWAY

Mrs. Lepper, Who Donated the Library
to the Town, Is Dead at
Cleveland.

Lisbon, April 9.—(Special).—A telegram received here this morning announced the death of Mrs. Virginia Lepper at Cleveland last evening. She was about 75 years old. She was born in Lisbon and was the daughter of Peter Cornwall, who was among the earliest settlers here. After her marriage to Charles Lepper, about 50 years ago, she went to Cleveland. She has been a widow for 20 years. In 1898 she donated the village of Lisbon \$10,000 toward the Lepper library, which now occupies a fine building on East Walnut street erected by her gift.

The funeral will be held in Cleveland tomorrow at 2 p. m.; burial in Lakeview cemetery.

A TOTAL DIVIDEND OF 73 PER CENT

Creditors of the Defunct Lisbon Bank
Get Another In-
stallment.

Lisbon, April 9.—(Special).—With the report of Judge J. G. Moore, as receiver of the First National bank of Lisbon, made to the comptroller of the currency at Washington, D. C., a few days ago, was included funds for an additional dividend of about 23 per cent among the creditors, which will make a total dividend of 73 per cent.

The comptroller will probably close the affairs of the defunct institution in a short time by declaring the final dividend.

To Be Taken to Gallipolis.

Lisbon, April 9.—(Special).—A warrant has been issued to Sheriff Leonard for the removal of William Lamouches, a Columbian epileptic, to the Gallipolis hospital.

Licensed to Wed.

Lisbon, April 9.—(Special).—Ernest Schmitt and Pearl Grice, both of Salem, have been granted a marriage license.

A YOUNG DOCTOR IN POLICE TOILS

TIRED OF THE MONOTONY OF
LIFE IN CHESTER.

His Fun Cost Him \$5.60—Tim Strain
Out of Jail And in
Again.

Dr. G. B. Kidd, who came to Chester three weeks ago with the signatures of the professors of a medical college upon his sheepskin as an M. D. hardly dry and whose intention it was to hang out his shingle in that city and commence the practice of his profession, landed in police court late last night with the assistance of Officer Dawson, who found him down on lower Broadway. The charge against him was drunkenness and he paid the usual \$5.60 this morning. According to all accounts the doctor had had a halcyon and vociferous evening.

Dr. Kidd objected to entering a plea when arraigned in police court this morning. He told the mayor that he understood there was no charge against him, that he was merely detained for the night. "I have not offended the dignity of the city," he stated. The mayor replied that the charge was there, unfortunately as it might seem, and that if a plea was not entered he would require a bond until the charges could be investigated. "Our orphan institutions must be maintained," said the mayor.

Before Dr. Kidd left the mayor's sanctum Tim Strain was brought forth from the recesses of the toms to answer to a similar charge. As usual, Tim didn't have a cent and the mayor remanded him to jail to await further consideration of the case. Right here Dr. Kidd was moved with a philanthropic impulse. "Don't take him back," he interposed, "I'll pay his fine." But the officer in charge of Strain was out of hearing. The impulse was gone and in a few minutes the doctor also took his departure. Tim is in jail. He was released yesterday from the Wellsville city prison after 22 days' incarceration for drunkenness. Yesterday he tanked up and was picked up by Officer Aufderheide down in Jethro.

Charles Reed was arrested by Officer Mahoney on a charge of drunkenness and was fined \$5.60 this morning. He secured the payment of it and was released.

RINEHART WINS IN HIS LAWSUIT

Gets Judgment for \$87.75 And Costs
Against Young Men Who
Hired a Team.

Judgment against the defendants for \$87.75 and costs was the verdict in Justice Rose's court yesterday in the case brought by John Rinehart against Daly Larkins and O. D. Haynes for alleged damages to a team which they had hired from Rinehart's livery stable.

The case was tried by prominent lawyers and every point thoroughly aired.

WILL BE HELD LATER

Sunday School Convention Likely to
Assemble in the East End
This Month.

It had been arranged to hold a city Sunday school convention at the Second United Presbyterian church in the East End Tuesday evening, but those in charge of the affair decided to postpone the meeting indefinitely.

The association is made up of representatives from all the Sunday schools of the city, and its object is a most useful and worthy one. Matters are discussed and papers submitted at these meetings dealing with subjects of interest for all Sunday school workers to know. It is likely the meeting will be held some time this month. The impression having got out that the meeting would be held this week caused some inconvenience on account of the fact having been published. The officers have therefore decided to have the matter well advertised when it is decided just when the session will be held.

Mission Society Officers.

The Woman's Home and Foreign Missionary society of the M. P. church last evening held its annual business meeting and chose the following officers: President, Mrs. Anna Bullock; first vice president, Mrs. Jacob Herman; second vice president, Mrs. G. H. Wagner; secretary, Mrs. Joel Taylor; treasurer, Miss Leona McMillan. Mrs. G. W. Wagner was chosen a delegate to the Pittsburgh meeting of the society April 16.

CONVENTION DATE WAS FIXED TODAY

Meeting to Nominate Republican
Senatorial Candidates to Be
Held May 28.

WELLSVILLE THE PLACE

Columbiana County Is Entitled to 69
Delegates, All of Which Will Be In-
structed for Senator C. C. Connell.
Liverpool Township's Quota 17.

The senatorial committee of the Twentieth-Twenty-second district was in session at Steubenville today, the purpose being to select a date and place for holding the next senatorial convention.

The committee is composed of Samuel Westwood, chairman, Belmont county; George E. Davidson, secretary, Columbiana; W. B. Guthrie, Harrison; J. C. Baker, Jefferson. Owing to an important business engagement, Attorney Davidson, of this city, was unable to be present.

Senator Charles C. Connell was in Columbus yesterday to try to ascertain when the state convention would be held. He saw General Dick and others but got no definite information. He said the senatorial committee of the Twentieth-Twenty-second joint district wanted the information, desiring to hold the district convention before the state convention. The senator said the vote of last fall would be made the basis of apportionment for selection of senatorial delegates. This would give Columbiana county 69 delegates, Jefferson 42 delegates, Harrison 23 delegates, and Belmont 55 delegates. Senator Connell will not enter other counties for delegates.

Senator Connell was present at the meeting of the committee at Steubenville today and urged the claim of East Liverpool for the convention. Some objection to the proposition and after some discussion a compromise was proposed in the shape of an agreement to meet in Wellsville. The date decided upon was May 28, and the committee proceeded to arrange for the temporary organization of the committee. Gen. D. A. Hollingsworth, of Harrison county, will be temporary chairman, while Jay Paisley, of Jefferson, was selected as temporary secretary.

The meeting was most unanimous throughout, the full committee excepting Mr. Davidson being present.

Columbiana's 69 delegates will be selected by Senator Connell according to a rule adopted by the Republican county committee to the effect that the candidate receiving the largest number of votes in a township should be permitted to name the delegation to the convention. Senator Connell carried every township and will therefore name the whole lot. The representation is based upon the vote cast for the head of the ticket last fall. Liverpool township gave Laylin, for secretary of state, 1,682 votes and will have 17 delegates of the 69. Each township is entitled to one delegate for each 100 votes and a major fraction thereof.

So far as Columbiana is concerned, there will be little or no interest, as Senator Connell is entitled and will receive his second term. There is a second senator to nominate, however, and the other three counties comprising the district will fight it out among themselves. Jefferson county is to make a selection this month, and will be in the field with a man which it hopes to land.

Reform School.

A special telegram to the News-Review from Greenup, Ky., says: "George Wilson, 17 years of age, of East Liverpool, has been convicted of house breaking and sent to the Kentucky state reform school at Lexington."

The name George Wilson is not known in local police circles. It is believed that it is either assumed or that the lad is not from East Liverpool.

Arbitration Board Meets.

A meeting of the arbitration board of the operative and operating potters is scheduled for tonight. There are no questions of great importance to be considered. The prices for a number of new shapes and other minor matters will be considered.

NO MANAGER YET SELECTED

Y. M. C. A. BALL TEAM UNDER
COMMITTEE'S SWAY.

It Is Understood That W. A. Calhoun
Has Been Tendered the
Management.

The committee from the directors of the Y. M. C. A., appointed recently to take charge of the base ball affairs of the association and to select a manager for the team, held a meeting last evening. This committee is composed of Messrs. Alvin H. Bulger, Harry T. Hall and John McShane, all of whom take an active interest in the athletic affairs of the association. Mr. Bulger, when asked today for the result of the meeting, stated that there was nothing to give out at present. "The appointment of a manager was not made," he stated, "and base ball matters will go along just as the News-Review stated yesterday, in charge of the committee, until the appointment is made. The committee will hold another meeting soon."

It is understood that the position of manager has been tendered W. A. Calhoun, who has the matter now under advisement. Mr. Calhoun has been prominently connected with base ball locally for a number of years and has served with some of the best teams of the city as manager. He has been out of the game lately except as an interested spectator. Pressure has been brought to bear upon him to take hold of the Y. M. C. A. boys, and there are many who would be pleased to see him at its head. Whether he will accept has not yet been given out, but the committee confidently expect an answer at its next meeting.

HELD FOR TRIAL ON THEFT CHARGES

Lisbon Offenders Get a Hearing in the
Court of Mayor
Farrell.

Lisbon, April 9.—(Special).—At a session of police court in Mayor Farrell's office last evening, Ed. Richards, Jr., Thomas Morrison and James Clunk were arraigned for the theft of a five dollar bucket of oysters at Heller Bros' meat market. Clunk and Morrison pleaded guilty and were bound over in the sum of \$100 each. Richards pleaded not guilty and was discharged for want of evidence.

William Burcaw was arraigned on a charge of having been an accomplice of Harry Douglass in the theft of a slot machine at Hamilton's drug store, but the evidence being insufficient, he, too, was discharged.

CARNEGIE'S GIFT TO CITY OF CLEVELAND

A Quarter of a Million Dollars to Be
Expended on Seven Branch
Libraries.

Cleveland, April 9.—Andrew Carnegie has promised to give to Cleveland a quarter of a million dollars for seven branch libraries, on conditions that the city purchase sites and maintain all the branches at an annual expenditure of not less than \$25,000. The gift has been accepted by the Cleveland public library board.

Librarian Brett, of the Cleveland public library, has been in correspondence with Mr. Carnegie for more than two years in an effort to induce him to do as well for Cleveland in the way of establishing public libraries as he has done in other cities.

YOUTHFUL THIEVES ANNOY RESIDENTS

A Couple of Boys Who Have Become
a Nuisance to Neigh-
bors.

Residents of the vicinity of Chestnut street have been annoyed almost beyond endurance by the depredations of a pair of juvenile thieves, who visit that neighborhood regularly. Yesterday they paid a visit to Sunnyside and secured several sacks of moveable articles from the yards of residents.

The boys are not more than 14 years of age, and are believed to be the same parties who were caught with a quantity of junk not their own some time ago.

K. T. Special Conclave.

Pilgrim commandery, Knights Templar, assembled in special conclave last evening. Eminent Sir Knight F. K. Smith, of Warren, inspected the work of the local lodge in the Templar and Malta degrees. A number of Wellsville brethren were present. The ceremonies were followed by a lunch in the new banquet hall.

SAMUEL WEST IS ARRESTED FOR THE SHOOTING OF HOBBS AND LANDED BEHIND BARS

Local Police Kept Up the Hunt For the
Much Wanted Man Until
Successful.

While leaning against a telephone pole, so drunk that he could not walk, on Fourth street, near Broadway, Samuel West, wanted at New Cumberland on a charge of shooting Marshall Hobbs with intent to kill, was arrested at an early hour last evening by Officer Dawson. The patrol wagon was summoned and he was taken to the city jail. He was removed to the Hancock county jail at New Cumberland today by Sheriff Allison.

West had been hunted by local officers and others between the city and Steubenville for two weeks. Word was sent here last week that he was lurking in this vicinity and one evening officers searched for him in all districts of the city where it was thought possible that he might be, but he escaped them and not until Tuesday was the report circulated again that he was in town. As reported exclusively in the News-Review, Officers Dawson and Spivey, of the police force, and Spivey, of the East Liverpool bridge, were apprised of his presence in the city and instituted a search for him. They were successful in locating him and by some it was thought that he had flown.

Dawson, however, one of the shrewdest policemen on the local force, was

not to be fooled and last evening was as watchful as before with the result that he found the man where one would least expect. When approached by the officer West straightened up somewhat and in strong terms denied his identity and positively asserted that he was not the man wanted for the shooting. The officer knew his man and summoned the wagon. Upon the arrival at the jail West became hilarious and sang in loud voice.

Sheriff Allison was communicated with by telephone and stated that he had extradition papers ready if they were necessary, and that he would arrive in this city this morning to take charge of the prisoner.

It was thought a few days ago that Hobbs was in an extremely dangerous condition and that West would be compelled to answer to a more serious charge, but a message from Steubenville last evening was to the effect that Hobbs is recovering fast and that he will be released from the Gill hospital in a few days. He was very ill for a few days lately, but the bullet wound was not the cause. Under these circumstances it is likely that the prisoner will not encounter much trouble in securing his release and vindication.

LET OFF ON PAYING COSTS IN THE CASE

School Case Dropped on Parent Prom-
ising to Send Children
to School.

The Walker school directors by their vigorous action are succeeding in filling up the school with children who have been running the streets. The suit entered by Director James B. Myler against William Andricks for neglecting to send his children to school, was settled out of court last night, an agreement being reached before Squire McLane that Andricks pay the costs and send his children to school. Andricks is a poor man, and it was thought not best to fine him, the main thing desired being to get the children to school. They were in attendance yesterday.

Notices are being served on other parents who are alleged to be neglecting and prosecutions will be entered unless the law is obeyed. Mr. Myler stated this morning that the excuse that children were taught at home did not count; the law says they must attend school and it is the intention to have the law enforced fairly and fully.

STEAM FROM LAUNDRY TAKEN FOR SMOKE

A Supposed Blaze at a Chinaman's
Place Sent Firemen to
China Works.

An alarm of fire was telephoned to the central station at 12:30 this morning by a lady who lives in the immediate neighborhood of the station. The Chinese laundry on East Market street was working overtime and what she took to be smoke was steam issuing from an exhaust pipe through a window. She hastened to the telephone and exclaimed excitedly when she got the fire station: "The Chinaman's on fire."

She was too excited to speak distinctly and the firemen understood her message to be that the china works were on fire. In the shortest possible space of time they were speeding to the china works with visions of another disastrous pottery blaze. The lady also called up Mrs. House's boarding house on Sixth street, where great excitement reigned, owing to the close proximity of the place to the laundry fire.

Came Home to Die.

Lisbon, April 9.—(Special).—Walter Lodge, aged about 30 years, who is near to death of consumption, arrived here today from Vincennes, Ind., and was taken to home of his father, Christopher Lodge, two and one-half miles north of here. He went to Indiana with his family lately from Salem, where he had been working in a coal mine.

HUNDREDS OF VOTES COME EVERY DAY

Figures For a Number of Candi-
dates For Prizes Show Ma-
terial Increase.

A WORD TO ALL PATRONS

The interest and eagerness attaching to the News-Review's voting contest grows apace. It will be noted that the figures representing the votes for a number of leading candidates were materially increased yesterday. There are hundreds of votes now in the News-Review office that will be counted today and will still further swell the totals for some who are in the race.

It has been reported to this office that some of the boys who deliver papers have been in the habit of tearing out coupons before turning the papers over to subscribers. This is a practice which will not be tolerated, and any carrier pursuing it will be speedily find his occupation gone if detected. Any subscriber who receives a paper with the coupon missing will do a favor by reporting the matter and the name of the carrier to this office. Every subscriber or purchaser of a paper is entitled to a whole copy and should enter immediate complaint if he fails to get it. The eagerness for coupons is great, but when it leads to petty thieving a halt will be called. The News-Review will not knowingly let dishonest boys handle the paper, and it is believed that cases of the kind reported are rare. At all events, a stop will be put to their recurrence.

IT SAVES YOU MONEY

Dr. Howard's Dyspepsia Specific:
Regular Price, 50c; B. C.
Ansley's Price, 25c.

The special half price sale of Dr. Howard's specific for the cure of constipation and dyspepsia by B. C. Ansley means the saving of a few dollars on every family's yearly bill for medicines.

Each 50c bottle Mr. B. C. Ansley sells for 25c contains sixty doses of a medicine that is pleasant to take and which can be depended upon to cure the worst case of constipation dyspepsia or liver trouble. Mr. Ansley has so much faith in the superior merit of this medicine that he says: "If Dr. Howard's specific does not cure you come back to my store and I will return your money."

If you are troubled with constipation, headaches or dizziness, or if your food does not digest naturally and easily, you cannot afford to let pass the special price that Mr. Ansley is making this week on Dr. Howard's specific.

Mr. Ansley is giving his customers a chance to try Dr. Howard's specific for the cure of constipation and dyspepsia at just half the regular price, 25c. And every package is sold under his personal guarantee to refund the money if it is not satisfactory.

or so later, Mr. Adams was awarded a prize of \$50 by the Massachusetts Society for Promoting Agriculture, for introducing the first Merino sheep to Massachusetts. In 1807 Mr. Adams moved from Massachusetts and settled in Muskingum county, Ohio. He brought with him twenty-five or thirty Merino sheep, descendants of the pair imported in 1801. These were the first Merinos to be brought west of the Atlantic coast states. Settlers of the western country regarded this breed of such importance that in the latter part of 1807 and early in 1808, the newspapers proposed every bank having national encouragement, should be obliged to give assistance in procuring them and providing for their care and increase. Mr. Adams died in 1852 at the ripe old age of 84 years. During a long and useful life, he had constantly promoted sheep husbandry and unquestionably his services to the sheep interests of Ohio can never be regarded excepting as of the utmost importance.

"Since the day Mr. Adams first brought Merinos to Ohio, this state has in fact been the largest and most important Merino producing state in America. By the census of 1900, Ohio is credited with about four million sheep with a valuation of about ten million dollars. Far more pure bred flocks of Merino sheep are today found in Ohio than in any other state, and the rest of our country is constantly drawing upon Ohio to improve their flocks. In view of the great work which Seth Adams rendered to Ohio and even the nation, it has been proposed that the sheep breeders and feeders of Ohio erect a memorial to his name and fame. It has been further proposed that this be in the form of a structure to be known as the 'Seth Adams Memorial Building,' to be located on the campus of the Ohio State university among the buildings of the college of agriculture, and to be devoted to sheep husbandry. This proposed plan met with the unanimous and official approval of the Ohio Wool Growers and Sheep Breeders' association at their annual meeting in January. It has also the approval of the authorities of the Ohio State university, who have been fully consulted concerning the matter.

"Will you not give this plan your support and assistance, both moral and financial? At the Wool Growers' meeting, it was said that if each sheep owner in the state would contribute one cent for each sheep he owned, that a fine memorial could be erected. If this amount can be raised for each sheep in Ohio, a memorial will be constructed that the people of the state will in future look upon with just pride. We have plenty of memorials in America to great generals, statesmen, and men prominent in letters and art, but not one monument to a great benefactor in the domain of animal husbandry."

NATIONAL HOME FOR ELKS

Model Institution Will Be Dedicated at Bedford City, Va., Next Month.

Roanoke, Va., April 9.—An event which will prove of more than usual interest to citizens of every state in the union is that fixed for May 21, when the national home of the Order of Elks will be dedicated at Bedford City, Va. Plans have already been perfected for the accommodation of 5,000 Elks from Virginia and other states. When this national home is dedicated there will be thrown open to the members of the order one of the finest resting places anywhere in the United States.

The initial movement for the institution of a national home for the aged and indigent Elks was made about three years ago, and on the 16th of last June the Hotel Bedford property at Bedford City was purchased by the point committee, at a public sale, for \$12,050. The building, which was used as a summer hotel for ten years before falling into the hands of the Elks, was erected in 1891, and is constructed of purple granite and brick and cost \$92,000, while the complete furnishings of every room, which were acquired by the Elks, cost \$30,000 more. The plot of ground on which the home stands contains eight acres.

The building is three stories high and has a frontage of 210 feet and will comfortably accommodate 200 people. The Elks has expended \$40,000 in making additions, changes and repairs, to completely equip the building for a national home.

From every room in the building one can look out upon the widespread views of sunlit valleys and the blue towering mountains. The observatory which surmounts the home gives a fine view of the landscape for many miles in every direction, the surroundings being of almost indescribable beauty. The annual maintenance fund for the home will be in the neighborhood of \$36,000. This is the most Elkslike project the order has ever attempted.

CONFER ON INQUEST

Judge Murphy and the District Attorney Settle Course of Inquiry.

LETTERS MUST BE PRODUCED

Also Statement Left and All Papers Relating to Affairs of Burdick. Sealed Instructions of Dead Man Not Yet Opened.

Buffalo, April 9.—Justice Murphy and District Attorney Coatsworth held a conference on the Pennell inquest, which begins at the morgue Friday. The course of the public inquiry so far as it could be discussed beforehand was settled. The inquests of Pennell and Mrs. Pennell are to be held jointly. The last known statement of Pennell in his own defense, in which he says a woman killed Burdick at midnight, is to come out.

The question of suicide or accident is not to be tried out, so far as the district attorney is concerned. That part of the case will be directed by Justice Murphy. The alleged defalcations announced as equaling the total of Pennell's life insurance have nothing to do with the death of Burdick and the inquest will not be a trial of a dead man for swindling. But that which in any way may tend to throw light on the murder of Burdick is to come out.

The letters Pennell wrote, the statement he left behind, and all other papers that in any way touch upon or pertain to the affairs of Burdick are to be brought out if the authorities can get at them. Pennell detectives' reports on the shadowing of Burdick also are to come out, unless they have found their way into hands beyond the reach of the court. The facts about the trust fund or bond from Pennell to Mrs. Burdick may also come out, unless Attorney Thayer on the stand pleads his privilege as attorney for the dead man. Even then it is for the court to decide whether the plea is valid, and Justice Murphy will pass upon whether Mr. Thayer should produce the papers in his possession at the time of Pennell's death.

Justice Murphy has decided to sign the subpoenas desired by District Attorney Coatsworth. These include subpoenas for Thomas Penney, attorney for the Pennell estate; Administrator Frederick Pennell, Attorney Wallace Thayer, who was Pennell's legal adviser; the witnesses to Pennell's will and certain others. The inquest probably will last two days.

It was intimated that in the event of those interested in the Pennell estate are called upon at an official inquiry to divulge any information as to Pennell's financial operations in the east an effort will be made to show that the money which he obtained from his friends and relatives was in the nature of legitimate loans. In other words, it may be asserted that funds to the amount of about \$200,000 were advanced to him without any security whatever. His attorney, Wallace Thayer, admits that Pennell had no security to give for such loans; that he possessed no real estate and had no bonds or stocks or mortgages.

Mr. Thayer says he has not yet opened the sealed instructions left him by the dead man.

"Pennell left written orders that they should not be opened until the insurance money was paid in," said Mr. Thayer. "I therefore do not know what my secret instructions are. In the sealed package are a number of papers. I do not know what they consist of. I do not know whether the bond drawn by Pennell to secure the payment of \$25,000 to Mr. Burdick is contained in that package or no. In fact, I do not know yet whether the \$25,000 life insurance assigned to me in trust was intended for Mrs. Burdick."

Rolling Mills to Start.

Springfield, Ill., April 9.—President Lange, of the business men's association, received word that the rolling mills in Springfield, which have been idle for several years, will start up about May 15, if not sooner. The mills will give employment to about 800 men.

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strengthening tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle. Send 10c to Lightning Medicine Co., Rock Island, Ill., to cover postage on large sample bottle.

A Little Common Sense

Rheumatism, Eczema, Hives, Tetters, Scrofula, Erysipelas, etc., are caused by impure blood. Purify the blood, and you have removed the cause, and cured the disease.

To purify the blood you must have perfect digestion on the one hand, that the blood may be supplied with healthy nutrition, and perfect excretion on the other that all the impurities may be thrown off.

Life Plant insures perfect digestion and perfect excretions, because it contains ingredients that perform those functions, acting together in perfect harmony. Life Plant is guaranteed to cure Rheumatism, Eczema, Catarrh, Hives, Tetters, Scrofula, Stomach and Liver troubles—and all forms of blood diseases.

Catarrh.

Mr. F. Hurst, Father of Hurst Brothers, Grocers, New Philadelphia, Ohio, says:

A member of my family for six years or more, has had a severe case of Catarrh in the head and throat causing nervous prostration, with so much pain and roaring in head, that the hearing had become material affected, the stomach deranged and the appetite gone, and with a feeling of prostration and lassitude. Was cured by the use of Life Plant more than a year ago and the trouble has not returned.

FIRE A BULLET THROUGH A WINDOW

William Blankenship to Be Tried For Shooting at a Neighbor's House.

Henry Jacobs appeared in Justice L. W. Carman's office this morning and swore out a warrant for the arrest of William Blankenship, charging him with shooting through a window of Jacob's home during the absence of the plaintiff. Mr. Jacobs says that there has been trouble between himself and Blankenship for some time and that the latter has tried in almost every way possible to cause him trouble. Yesterday afternoon while Mr. Jacobs was away from home Blankenship passed the house, and drawing a revolver, shot through one of the windows.

The bullet was found lying near the hearth and fortunately did no damage to any of the children in the house. Mr. Jacobs' son, Clyde, aged 14, and daughter, Nina, aged 11, and the 12-year-old daughter of a neighbor, Cecil Edgell, witnessed the shooting. They were all in the front room at the time and luckily the ball did not touch any of them. The warrant was placed in the hands of Constable Powell for service this morning and Blankenship will be given a hearing this evening. The latter is a teamster, while Jacobs is an employee of an East End pottery.

MISSIONARY SERVICE

Dr. M. B. Pratt Addressed a Large Congregation in the East End.

The regular prayer meeting service at the Erie Street M. E. church last night was devoted to a missionary service. Rev. M. B. Pratt, pastor of the First M. E. church, was present and delivered an address on missions. A large congregation was present and the service was greatly enjoyed by all. It had been expected that the Steubenville district quartet would be present and render several musical selections, but owing to sickness they were unable to come.

Dr. Pratt's address was devoted to the interests of missions, both home and foreign, and at the end of the service a liberal offering for the benefit of missions was taken up.

Thanks for a \$50 Gift.

Rev. J. R. Greene, formerly of the East End, writes to the News Review: "In behalf of the First Avenue U. P. church, South Sharon, Pa., I wish to thank the W. M. S. of the Second U. P. church, East Liverpool, for their gift of \$50, which will be applied to the church's needs. Everything is prospering and the town is booming."

EAST END AFFAIRS.

CATARRH CURED BY DRY AIR

Hyomei Medicates the Air You Breathe Kills the Germs and Cures the Disease.

Hyomei cures catarrh thoroughly and permanently, because it reaches the smallest air cells in the head, throat and lungs, kills the germs causing the disease and drives it from the system. Hyomei goes to the root of the disease, destroys the cause and makes permanent cures which can be effected in no other way. Breathe is a few minutes four times a day and benefit will be seen at once. Continue this treatment for a few weeks and Hyomei will have you cured.

The Hyomei in the inhaler furnished with the outfit dries and sterilizes the air you breathe. It is a local and direct treatment for eradicating all catarrh germs in the mucous membrane and tissues and in this way cures catarrh in any part of the system. Used in connection with Hyomei Balm it has been successful in curing the worst and most deep-seated cases of catarrhal deafness.

A. W. Clark, of Everett, Mass., writes: "I have spent a fortune on different treatments for catarrh and could not hear across the table. After using Hyomei and Hyomei Balm for eight days I can hear as well as ever."

Stronger than any claims that can be made for an advertisement, is the fact that Will Reed will give his personal guarantee with every outfit he sells to refund the money if the purchaser can say that Hyomei has not given satisfaction.

LaGrippe Caused Heart Trouble, Nervous Prostration and Dyspepsia.

My Friends Know Heart Cure Cured Me.

Mrs. C. O. Hurd, 118 W. Third St., Muscatine, Ia., is well known throughout her section of Iowa as an ardent worker in the M. E. Church. She says: "LaGrippe left me with a severe case of nervous depression and nervous dyspepsia, which soon affected my heart. I suffered from sleeplessness, headache, extreme nervousness and twitching of the muscles. The slightest exertion would cause shortness of breath, a numbness of my body and hot flashes with pain. I will tell you what I am constantly telling my friends—that Dr. Miles' Heart Cure cured me so that all these disagreeable symptoms left me. I may add that for severe pain I have never found anything to equal Dr. Miles' Anti-Pain Pills and think the Nerve and Liver Pills are a wonderful stomach remedy."

My son was stricken down with heart trouble in his twentieth year. For two months we got no sleep with him at night, so we commenced to use Dr. Miles' Heart Cure and Nerve and Liver Pills and today he is sound and well. In his sickness and is with the Army in the Philippines. I desire to add that Dr. Miles' Anti-Pain Pills have certainly been a boon to me. I am frequently troubled with sick and nervous headaches and I have never found anything that would relieve me so quickly and leave me feeling so well thereafter.—Mrs. Alice Moad, Buffalo, Mo.

AN EVENING OF MUSIC FOR CHURCH COERS

Easter Music Will Occupy All of Sunday Evening at the Presbyterian Church.

The services at the First Presbyterian church next Sunday evening will be under the auspices of the choir under the supervision of Prof. H. F. Laughlin. There will be no sermon and the entire program will consist of an oratorio by the regular members of the choir. The program as arranged is Stainer's Crucifixion and it is a beautiful production and with the much talent in the choir there is no doubt that the evening will be one of special pleasure to the congregation. The musical program will require 45 minutes to complete. The solo parts will be sung by John Stoddard, Edward Adams and R. M. Brown.

The regular sermon, the third of the series now being delivered by Rev. C. G. Jordan, the pastor, will be postponed till the following Sunday evening. The choir is practicing hard for the service and propose to give a service the equal of which has never been given in East Liverpool before by all home talent.

COUNTY AND NEIGHBORHOOD

There is great activity in Beaver county oil fields.

Toronto is wrestling with an ordinance to compel the removal of all screens from saloons.

Will Green, of Salem, wanted a chicken and stole one from William Rutter. He is now in the county jail.

The American Sewer Pipe company has begun the work of opening a coal mine on property adjacent to its Standish works in Hancock county.

Reports from the Ohio valley fruit counties, Brooke, Belmont, Jefferson and Washington counties, indicate a total failure of the early fruit crop.

James Hughes, the defeated candidate for council in the Third ward in Salem, was the thirteenth man to vote in the ward and was beaten by just 12 votes.

Fifteen students of Bethany college were arrested by Mayor C. B. Scott, charged with hazing Henry and Willie Proctor, two boys from Liverpool, England.

The Wabash now intends to make the C. & P. show its hand by condemning all C. & P. property that is needed for the construction of the Steubenville and Toronto railroad.

The evening of election day at Coshocton Judge Roche received an old envelope containing \$700 that had been left the day before in a voting booth. The booth had been visited by scores of voters.

A Prisoner in Her House.

Mrs. W. H. Lavha, of 1001 Agnes avenue, Kansas City, Mo., has for several years been troubled with severe hoarseness and at times a hard cough which she says, "Would keep me in doors for days. I was prescribed for by physicians with no noticeable results. A friend gave me a part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks have no hesitation in saying I realize that I am entirely cured. From this time on Chamberlain's Cough Remedy will be in my house constantly." This remedy is for sale by Alvin H. Bulger.

CYCLONE CASUALTIES

Death and Destruction Wrought by Whirlwinds in Alabama and Arkansas.

DEAD NUMBER OVER A SCORE.

Twelve Killed Instantly at Hopewell and Many Injured—One Town Wiped Off the Map—Nine Killed in Arkansas Storm.

Little Rock, Ark., April 9.—Specials from several towns in White and Cleburne counties, Ark., tell of a cyclone which swept through that section Tuesday night, leaving death and destruction in its wake. The record of casualties so far is 9 dead, 3 dying and 13 others badly injured. The towns of Little Red, Albion, Bradford, Heber and Pangburn have been heard from so far.

The dead: Jim and Joe Leggett; Little Red; Tom King and wife, Little Red; three King children; young lady school teacher who was boarding at King's; A. C. Williams, near Heber.

The injured: Infant child of the King family; Mrs. A. C. Williams, not expected to live; Buck Neeley Searey; Albert Kiler, Elbert Deerle Walker Pollard, Little Red; two of the Pollard family, near Albion; Mrs. Hoverton and children, Pangburn, not expected to live; Miss Barkhausen, Little Red, leg broken and skull fractured; Walter Fuller, Pangburn, leg broken; Mrs. Henry Wells, injured fatally; unknown woman, Pangburn, both legs broken; Tom Houston, near Heber, both arms broken; unknown man at Bradford.

The major portion of the country through which the storm ploughed its way is remote from railroads, telegraph or telephone lines. A special correspondent telegraphed from Searcy, Ark., that he had gone over a portion of the track of the storm and that trees were twisted from their trunks and houses were demolished. Thus far it has been impossible to ascertain where the storm began, but it is known that it raged in those two counties, and the list of casualties is likely to be greater than is now known.

Bradford, which is on the Iron Mountain road, was the first point heard from. Several houses were blown down there and one man badly injured. The tornado came from the west and spent its force by the time it reached Bradford.

Wiped Off the Map.

It is feared the little town of Hiram, with 150 population, has been wiped off the map. It is near Heber and in the storm's track. Nothing has thus far been heard from it. It probably will be several days before the names of all who were killed by the tornado will be known.

A special from Heber says: In the tornado which swept across this section A. C. Williams, living 10 miles south of Heber, was killed. He was 70 years old and lived with his wife on top of one of the mountains south of this town. His house was caught up by the wind and thrown down the mountain side, he being killed. His wife was badly injured and is not expected to live. A white man named Houston, living near Williams, had both arms broken.

At Pangburn six residences were blown down and a flock of sheep and a number of cattle, hogs and horses were killed. A large church near Pangburn was blown half a mile.

At Little Red postoffice Albert Kiler, Elbert Deerle, Walker Pollard, Mrs. Pollard and Tom King lost all their houses, barns and other buildings.

Forty-three residences and 16 barns destroyed and other wreckage is the record of damage reported. The tornado swept everything in a path a mile wide.

At Pangburn Mrs. Hoverton and one child were badly hurt and are not expected to live. Two of the Pollards near Albion, were badly hurt. A number of others were hurt, but not seriously.

The world is learning to respect America and its doctrines. President Roosevelt's Chicago address on the Monroe doctrine has been followed by much careful comment on the part of some influential German newspapers. Thus the Vossische Zeitung says that "no logical objection can be raised to the doctrine. It is for North America a matter of national sentiment and national business, and any attack on it from this side of the ocean is mere tilting at windmills." Even more notable is the comment of the Berlin Tageblatt that "whether the Monroe doctrine is a part of international law or not, we recognize it, not only because we must, but as a matter of principle."

The United States sold in Canada \$67,000,000 worth of manufactured goods in seven months ending with January. That was 56 per cent of all that Canada imported. Trade relations with our neighbors are certainly worth cultivating. What is possible in trading with Canada is also possible with Mexico and, to a considerable extent, in South America. This country is expanding at an enormous rate, and its foreign trade is keeping pace with the growth at home. The completion of the Panama canal will lend a mighty impetus to both.

One result of the municipal elections is the starting of new gubernatorial booms. The more the merrier. Ohio Republicans will select the governor and a multitude of candidates, before the convention will serve only to make things interesting.

President Roosevelt is now in retirement in Yellowstone Park. The only way he can escape office seekers and

committees anxious for a speech is to penetrate deep into some wilderness.

And now the Democrats are saying that Tom Johnson is their logical candidate for governor. In the past Tom has been accused of many things, but never of being logical.

Tom Johnson will run the Democratic party of Ohio during the fall campaign. The Republicans could ask nothing better for themselves.

The cruiser West Virginia will be launched April 18. If she is true to her name she will certainly be a good fighter.

Nothing has been heard since Monday's election of J. R. McLean as a factor in Ohio Democrat politics.

Sir Thomas Lipton says he has got a faster boat than ever before. He will need it.

Swift, the meat man, left \$12,200,000 and only \$250,000 went to charity.

Those Holland strikers are certainly not lacking in Dutch courage.

The cyclone in the southwest is also rushing the season.

OBITUARY

John G. Rogers.

Lisbon, April 9.—(Special.)—John J. Rogers, of the firm of Rogers & Elder, received a message yesterday announcing the death of his uncle, John G. Rogers, which occurred at Lacon, Ill., yesterday morning. The deceased was 96 years old. He was born and brought up near East Fairfield, a few miles east of Lisbon, but had lived in the west for many years. He was the last of a large family of children, and is survived here by two nieces and a nephew, Mrs. James Mitchell, Mrs. Mattie Whitney and John J. Rogers. He has relatives in Salem also, Attorney John Rogers being one of them. The funeral will take place Friday.

Mrs. William McKinnon.

Mrs. William McKinnon, aged 32 years, died at her home in Drury lane at 3:45 this morning of inflammation of the bowels. She was ill but three days, and her death was a great surprise to her many friends. She leaves a husband and one son 3 years of age to mourn her untimely death. The bereaved ones have the sympathy of the entire community. Mrs. McKinnon was respected and esteemed by all who knew her, being possessed of a loving disposition and many commendable traits of character. Funeral services will be conducted at the late home in Drury lane Friday afternoon at 4 o'clock, interment to be made in Spring Grove cemetery.

Mrs. Charles Allison.

Mrs. Charles Allison, aged about 75 years, died yesterday afternoon at 2 o'clock at her home near the Washington school house, in Hancock county, W. Va. Mrs. Allison has been in poor health for several years owing to her age, but she has been apparently as well as usual for some time. Her death was quite a shock to the family. She had been a resident of Hancock county for many years. Her husband has been dead about ten years. She is survived by five children, two boys and three girls, all of whom are married and live in the neighborhood of Chester. For several years she has made her home at the home of Isaac Allison, and it was there that she died. The funeral will be held tomorrow afternoon from the house.

Mrs. Sarah Hoey.

Lisbon, April 9.—(Special.)—Relatives here received word this morning of the death of Mrs. Sarah Hoey, which occurred at her home in Clarence, Ia., yesterday. She was born and reared in Salineville and was 75 years old. She was a daughter of the late Dr. William Farmer. A brother and

Stage Hands' Benefit.

"Under Southern Skies," the play by the author of "Way Down East," at the Grand Monday evening, April 7, is one of the kind of plays that old-fashioned and a great many new-fashioned people love to hear. The play is to the southland what "Way Down East" is to New England. It is a picture of southern life and manners, the monotony of which is varied by a plot somewhat new and original. Particularly enjoyable are Hallowe'en scenes in the second act, in which there is love-making galore, with bandaged eyes, hand mirrors, extinguished candles and other delightful mimicry. The company presenting "Under Southern Skies" is said to be unusually large and competent.

THE EPWORTH LEAGUE ANNIVERSARY PROGRAM

Celebration of the Event in Lisbon By a Lecture Course.

Lisbon, April 9.—(Special.)—Rev. J. A. Uman, pastor of the M. E. church, of this city, is preparing with the local Epworth League for a fitting observance of the fourteenth anniversary of the Epworth League. The celebration will be in the form of a lecture course during the week of May 5-10 inclusive, for which season tickets will be sold for 25 cents. Excellent talent has been secured and fine programs will be presented each evening.

On Tuesday evening, May 5, Charles Bayard Mitchell, D. D., of Cleveland, will lecture on "The Prizetaker." Wednesday evening the program will consist of an elocutionary contest and musical. Contestants have been entered as follows: Miss Helen Wellington, Lisbon; Mrs. J. E. Ferrall, Leetonia; Miss Floy Stansbury, East Rochester; Miss Lydia Andrews, Wellsville; Miss Dora Juman, Columbiana; and Mrs. Harry Neigh, Salem. The first prize will be \$10 in gold and the second \$5 in gold. Ward Beecher Pickard, of Cleveland, will give his lecture on "The House That Jack Built," on Thursday evening. On Friday evening Rev. William H. Crawford, D. D., president of Allegheny college, will lecture on "Savannah." Levi Gilbert, D. D., of Cincinnati, has not given positive assurance, but will probably preach the anniversary sermon Sunday morning and deliver the anniversary address in the evening.

FRIENDS AND VISITORS

John Wilson, of Avondale street, is reported seriously ill today.

committee several weeks ago a proposition was up to change the rules adopted at the last state convention providing for the organization of the state committee. The Johnson people compelled the committee to defer final action on the matter until the next meeting and in so doing prevented the McLean element from obtaining control. The latter faction had hoped to reorganize the committee at the meeting. The Republican state committee will also get together in this city and fix the time and place for the state convention. It is probable that both conventions will be held in Columbus.

SALINEVILLE MASONS ORGANIZE A LODGE

A Dispensation Granted And New Organization Soon to Be Effected.

Salineville, April 9.—(Special.)—A number of Free Masons of this city have been granted a dispensation to organize a Masonic lodge here. Masons of Salineville have been practically without a home since the lodge disbanded a few years ago. Early last winter a few of them here started a movement to organize a lodge. They were successful in having the dispensation granted. Preliminary arrangements have been made to institute a new lodge here.

The following officers have been appointed and elected: James H. Dodds, worshipful master; James E. Herbert, senior warden; F. Linton, junior warden; J. A. Sapp, secretary; F. Rogers, treasurer; R. M. Hull, senior deacon; T. Queen, junior deacon; B. Evans, tyler. The following are the remainder of the lodge at this time: S. G. Queen, Andrew Moffat, Duquesne, Pa.; H. H. Kirk, S. C. Lindsay, E. A. Montoath, James Russell, J. H. McCoy and A. G. Maple. A committee has been appointed to purchase necessary articles preparatory to opening the lodge. It is believed that a strong organization can be maintained here.

Story of the Cadi and the Citizen

One morning as the Cadi had opened court to dispense justice with as liberal a hand as if it didn't cost over 10 cents a pound a Citizen stepped forward and tearfully said:

"O thou son of wisdom, I want mine own and no more. A feller in this town owes me four plunks and refuses to settle up. He has even threatened to put a head on me if I dun him again!"

"My subjects must not treat one another thus," said the Cadi as his face grew stern. "He who contracts a just debt must pay it, even though he sells the shirt off his back. By what name is this shirker and reviler known?"

"He is called Green, and he is in the ice business, O Cadi!"

"What! A man in the ice business refusing to pay his honest dues! It seems incredible. Hast made no mistake about Mr. Green?"

"None whatever, O Cadi! He owes me \$4, and he will not pay."

"Then I will make him eat a ton of his own ice, and it shall be honest weight at that! Thou canst spread the news that I will do this. By the way, what is your name and business?"

"I am called Consolidated, O Cadi, and I run a gas plant."

"And the ice man owes you for gas consumed?"

"That is the indebtedness, See! Here is the bill. I knew that you were a just man and would see me!"

"Begone, calliff—begone!" roared the Cadi as he threw up his hands. "As I told you before, I am on this earth to see justice done, and when a gasman complains of an ice man it is carrying things altogether too far. The plumber has ever overcharged me, and the ice man has given me short weight, but the gasman has billed me \$3 for the month my house was closed up tight as a drum. Go to, thou man of gall—go to!"

LAD INJURED AT THE MILL

He Was a Bright And Popular Boy
And Will Be Sadly
Missed.

Harry Moore, the boy hurt at the rolling mill by being caught by a shaft on Tuesday evening, died from the effects of his injuries yesterday afternoon at 3 o'clock. He regained consciousness several hours before his death and asked for water.

Dr. Robinson, who, with the assistance of Dr. Fraser, dressed the wounds, thought at first that the lad would recover. After a second examination it was revealed that the boy had received internal injuries which prove fatal.

Harry was a bright and promising boy, and was liked by all who knew him. His tragic death is a severe blow. He had been in the employ of the mill about four months and was popular with his employers. The funeral will be held at the house Friday afternoon at 2 o'clock. Interment will be made in Spring Hill cemetery. The boy leaves a mother and father, Mr. and Mrs. James Moore, and six brothers.

Sons of Veterans has been taking a much-needed rest since the play, "The Fall of Atlanta," was presented. The proceeds of this production went into the soldiers' monument fund, which is still increasing. A subscription paper is now being written up and by the first of next week all the merchants and business men will be called upon and asked to donate something toward the monument.

The monument complete will cost about \$6,000. It is to be of the very latest design. The figure will represent both army and navy. No location has yet been found. Mr. Lloyd says: "A location can easily be found after sufficient money to erect the monument has been received."

When the business men of this city are called upon to donate they will doubtless look at the matter in the right light and make the committee liberal gifts. The monument will be a great improvement to the city, no matter where it is erected. It will also be a deserved tribute to brave men gone, whose memory all honor.

MORE YARD ROOM

Soon to Be Provided for the C. & P.
Slow Progress on the
Belt Line.

The Cleveland & Pittsburgh railroad has started work in the West End of

Wellsville for the enlarging of the yards. A survey of the land west of Twentieth street is being made and the grading for tracks will commence soon. The company at first thought it would leave the houses on the western side of Nevada street and those on Railroad street standing and use only part of the lots. It has since been decided to move the houses. The residents of the eastern side of Nevada street do not look at this addition of tracks as an improvement, but say it will hurt their property. They promise to cause the company to little trouble when the tracks are laid across Eighteenth street. The crossing at present is a dangerous place, but with four or five more tracks the danger will be increased.

While the work in the West End has been started and bids fair to move along rapidly to completion, the work on the belt line being laid back of the city is progressing very slowly. Some of the citizens whose land the track will cross are asking such prices that the company does not feel justified in paying them. In order to do away with more delays condemnation proceedings will no doubt be taken before long. This switch is one of the great est improvements the railroad company has ever offered the city and something should be done to allow the work to proceed uninterrupted.

Lost a Finger.

Chester Johnston, a machinist apprentice at the railroad shops, had a very painful accident while helping to repair an engine. His third finger on his right hand was mashed at the first joint. Amputation was necessary. One of the chains used in holding up a part of the engine got caught and Johnston tried to loosen it. The chain broke and some heavy machinery dropped on the finger. Dr. Noble dressed the injury. Johnston will be laid up for several weeks.

Railroad Men's Ball.

A BUILDERS' STRIKE IS THREATENED

The Difficulty Now Existing in East Liverpool Expected to Ex-
tend to Chester.

The strike of the members of the different unions of the building trades will probably extend to Chester. It is true that at the present time it does not affect Chester. The carpenters of Chester have an independent local of their own which is not in any way affiliated with the local in East Liverpool. They have presented the same demands to the boss carpenters there as were received in that city and which are now causing a suspension of all building operations. At Chester the carpenters will not go out until May 1. They have given the bosses a month longer to consider their claims than did the carpenters in East Liverpool.

It is said that the threatened strike will not affect in any way the proposed new buildings at the Chester park, which are to be completed by the latter part of May. The firm which has received the contract for the erection of the buildings there claims to have enough men at its disposal to complete the work in ample time to fulfill their contract.

There has never been a time when things looked more propitious in Chester than this spring. Contractors were crowded with work, and it was estimated that 200 new houses would be built some time during the spring and summer.

for the benefit of the church. They expect to give about 10 numbers on the program, and with the exception of two all will be local talent. Miss Connelly, of Wheeling, and Miss Luth-ringer, of Pittsburgh, have accepted an invitation to be present and will each give one number on the program.

About 800 tickets have already been sold for this concert, and a large amount will probably be realized for the church. The program will be of a high order, and all are invited to attend.

Danger Spot in the Street.

The condition of the sewer at First street and Carolina avenue is bad. About half way across the street the paving has caved in and a very dangerous place is left for both pedestrians and teams. The present condition indicates that the work done at the sewer was of an inferior nature, or else extraordinary conditions have been at work to undermine the paving. The street committee has been called to look at it and have ordered it repaired at once. Unless prompt action is taken the town is liable to face a damage suit because of the bad condition of the street at this point.

A Fine Time Promised.

The employees of the Rock Springs Street Railway company are making great preparations for the dance to be given Tuesday, April 14, at Rock Springs park. A large number of tickets have been sold, and as this will be the last appearance of Prof. Nowling before he leaves for the east a large crowd is expected. The dance will be of special enjoyment, and the employees are making every effort to have it a success.

LEGAL ANNUAL REPORT OF Trustees and Superintendent OF CITY WATER WORKS of East Liverpool, Ohio, With Receipts and Expenditures.

TRUSTEE'S REPORT.

East Liverpool, Ohio, March 29, 1903.

To the Honorable City Council:

We, the trustees of the City Water Works, herewith present our annual report for the year commencing March 21, 1902, and ending March 20, 1903.

During the year the department laid 5,300 feet of 4-inch pipe and 3,008 feet of 6-inch pipe, an increase in the pipe lines of one mile and 1,018 feet. This gives the department a total of 29 miles, 2,389 feet of pipe line in the city.

The above statement does not include the 12, 8 and 6 inch line that is now in the course of construction to the East End. It will require some three weeks to complete this work.

Forty valves and four fire hydrants were set during the year, making a sum total of 324 valves and 170 hydrants in the city. The pump stations Nos. 1 and 2 are in excellent condition in both in excellent condition.

The reservoirs in use are in first class condition.

A monthly itemized statement of the work done can be found at the city clerk's office.

Respectfully submitted,
THE WATER WORKS TRUSTEES,
H. A. KETTER, President,
W. L. SMITH,
PHILIP MURPHY, Superintendent,
J. W. GIPNER, Secretary.

YELLOWSTONE PARK Will Be the Home of President for the Next Two Weeks.

TIME FOR REST AND RECREATION All Trails Leading Into the Park Closely Guarded—Not Even a Reporter Can Come In—President Makes Short Address.

Cinnabar, Mont., April 9.—President Roosevelt is in the fastness of Yellowstone park, and for the next 15 days he expects to enjoy complete rest and cessation from public duties. He will be in almost daily communication with Secretary Loeb at Cinnabar, but nothing except of the utmost importance will be referred to him. In company with John Burroughs, the naturalist, who accompanied him from Washington, he will study closely the nature of the various animals that inhabit the park.

The president has looked forward to this outing for some time, and he was in a particularly happy frame of mind when he led the cavalcade into the park. Every trail leading into the preserve will be closely guarded and no one will be allowed to disturb the president's solitude. His headquarters will be at the home of Major Pitcher, the superintendent of the park. Several camps have been established in different localities and these will be occupied by the president from time to time.

The special train bearing the president and his party arrived at Gardiner, the entrance to the park, and was met by a detachment of the Third Cavalry and a number of cowboys. Major Pitcher also was on hand to welcome the president. Luncheon was served in the president's car, after which, dressed in riding breeches and coat, with a light colored slouch hat on his head, he mounted his horse and made a brief address to the people congregated near his train. He then bade the members of his party good-bye and led the way into the park. Mr. Burroughs followed in an army wagon. The train returned to Cinnabar, where Secretary Loeb and the remainder of the party will live in it while the president is absent.

The president will start on his trip to St. Louis and the Pacific coast on April 24. The weather here is very mild and reports from the park are to the effect that there is but little snow in the vicinity of the president's headquarters.

Dreyfus Affair Being Agitated.

Paris, April 9.—The Dreyfus affair continues to fiercely agitate the newspapers, but there is no indication that the government will further pursue the matter, owing to the chamber's adverse vote. The war office gave out a denial of the published report that War Minister Andre had actually begun the formation of an investigating committee. This denial is taken to strengthen the view that the government is not ready to proceed, but the anti-government newspapers assert that plans are on foot for the rehabilitation of Dreyfus to the point of his restoration to the army.

German Professor Suicides.

Columbus, O., April 9.—Prof. Ernest A. Eggers, head of the department of German at the Ohio State university, committed suicide by shooting himself at his home. It is said he was despondent from ill health. Though himself not a college graduate, Prof. Eggers was noted among all college educators. He taught in several Michigan high schools before coming to Ohio State university in 1882. He was about 42 years old. A widow who is a member of a distinguished German family, survives with two children.

Mrs. Washington a Guest of Honor.

Boston, April 9.—Mrs. Booker T. Washington was a guest of honor at a meeting of the state federation of women's clubs held in Dorchester. Mrs. Julia Ward Howe, honorary president of the federation, also was present. Mrs. Mary Alden Ward occupied the chair and addresses were made by Dr. C. H. Henderson, of Concord, and Prof. Sanford Bell, of Mount Holyoke. Mrs. Washington also spoke briefly.

Bonilla's Forces Victorious.

Panama, April 9.—A dispatch from Honduras reports that General Sierra has abandoned Naomca and it is believed that he will flee to Salvador. The town of Cora has also been captured by the forces of General Bonilla and only the Honduran capital, Tegucigalpa, now remains in the power of President Arias.

King Attends Banquet.

Gibraltar, April 9.—King Edward was present at a state banquet given by Sir George Stuart White, the governor of Gibraltar and the defender of Ladysmith during the late South African war. During the banquet the king announced that he had promoted Sir George White to the rank of field marshal.

Bringing Body Home.

St. Louis, April 9.—A cablegram states that President Ramsey has left Alexandria, Egypt, with the remains of his daughter, who died Tuesday at Cairo, and will arrive at New York on April 25. Interment will be in St. Louis.

REALM OF SPORTS A LOCAL CLUB IN GUNNERS' LEAGUE

Columbia Gun Club Admitted to the Western Pennsylvania Organization.

Representatives of the Columbia Gun club, of this city, were in Allegheny yesterday, where the local organization was made a part of the Gun Clubs' League of Western Pennsylvania. The latter association now includes 17 of the most prominent clubs in this section.

The local men present were Hugh Johnston, Dr. L. C. Jackman and J. N. Saint. The men were royally entertained and speak highly of the officers and the prospects for the future of the league. It had previously been arranged to hold two shoots each month, and as the schedule had been completed before the local club was admitted, East Liverpool could be given no dates. It is possible a special shoot will be arranged for this city, to which all league members will be invited.

The rain interfered to some extent with the shooting yesterday, but the local men made some good scores nevertheless. The Columbia Gun club was but recently organized, but has already secured a site for grounds near Columbian park. The contract will be let this week for the construction of a club house and other buildings necessary to equip a first-class shooting grounds.

KING EDWARD'S HORSES MAY RACE AT ST. LOUIS

It is Believed Some of Them May Appear in World's Fair Races.

A cablegram received in New York announces that the Earl of Kintore, enroute to King Edward VII., will sail for New York on May 5, to remain 20 days. His coming is an event of significance, because he is already interested in an important American racing stable, and his coming is believed to have a distinct reference to the appearance of the king's horses at the Louisiana Purchase exposition at St. Louis.

His coming has been a carefully guarded secret, but it was learned that the earl will be given a dinner at the Union League club during his stay, that will be participated in by all the real patrons of the American turf. Never before has there been in this country a representative of the royal sport so close to the English throne.

GOLFERS ORGANIZE

Northern Ohio Association, Including Seven Cities, Formed at Cleveland.

The Northern Ohio Golf association was organized at a meeting held at Cleveland. Seven cities have representation, Toledo, Dayton, Mansfield, Akron, Canton, Youngstown and Cleveland. Officers were elected as follows: C. P. Clay, Cleveland Country club, president; J. W. Kelley, of Akron, secretary and treasurer.

It is the intention of the association to hold two tournaments each year, each lasting three days with both club and individual championship matches. The first will be held in Akron some time in the fall probably in September.

Wellsville's Colored Giants.

Wellsville is to have another baseball team. The colored employees at the railroad shops have organized a club named the "Colored Giants." All members of the team are first-class players and many good games are anticipated. They will play the West End Athletic club on Saturday afternoon at the fair grounds at 2:30 p. m. The "Giants" have had considerable practice and will no doubt put up a good game. Since the organization of the city team the baseball fever has certainly struck Wellsville. No less than five or six teams have been organized.

Boxing Matches in Mexico.

The City of Mexico may be the battle ground for some of the big prize fights of the future. Ramon Lopez, a manager of bill rings in that city, is said to have secured permission from the authorities to hold boxing matches, and talks of sending an American sporting man to this country with the view of arranging fights for the rings.

SPORTING MISCELLANY.

Alex Jones, the Homestead pitcher, who twirled for Louisville a few years ago, has decided to sign with Detroit.

Flannagan, the Cleveland boy, who twirled for Ashtabula several seasons, will pitch for Homestead, Pa., this year.

The Oberlin College Athletic association has completed arrangements for the services of Dr. Herbert A.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in Lydia E. Pinkham's Vegetable Compound.

"I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months."

"I recommend it to all young women who suffer from female weakness."

Miss Alma Pratt, Holly, Mich.—\$5000. *Forfeit if original of above letter proving genuineness cannot be produced.*

FREE MEDICAL ADVICE TO YOUNG WOMEN.

All young girls at this period of life are earnestly invited to write to Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given; her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries; less learning and more health is needed.

Cyclone Cuts a Path of Desolation a Mile Wide Through Alabama.

Birmingham, Ala., April 9.—Without a word of warning the little hamlet of Hopewell, 40 miles north of this city and one mile from Hanceville, was swept away by a cyclone, which cut a path of desolation a mile wide and two miles long across a prosperous farming section of Blount county. Twelve persons were killed instantly, three or four fatally and a score seriously injured.

REASONS WHY

This East Liverpool Citizen's Statement is Reliable.

He lives in East Liverpool.
He can be interviewed at any time.
He relates facts, positive facts.
Investigation is courted.

Mr. B. H. Hawkins, an employee at Sebring's pottery, who lives at 233 Second street, says: "I had been taking medicine for my kidneys right along and if I found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled two years or more with distressing backache across the loins, a steady aching pain with a quick twinge now and then while stooping or lifting that felt as if a sharp instrument had pierced my back, and the secretions of the kidneys were highly feverish or slightly scalding. Work seemed to be a drag. I had no energy, and I am more than thankful that I was induced to go to the W. & W. Pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

It is believed that several of the injured will die.

Storm Comes Without Warning.

The storm traveled in a northeasterly direction, wrecking everything in its way. The section through which it went is flat, on an elevated table land in the hilly section of Blount county. There was not the slightest intimation of its approach until the houses were being torn to pieces. One of the first houses struck was that of Nathan Griffin. The house was demolished and Mr. Griffin and his son James were killed. Mrs. Griffin was so badly injured that she died later. Another son and a niece of Mr. Griffin made a miraculous escape by running from the house before the demolition was complete and saving their lives. They were injured, but will recover.

The house of John McCoy was the next wrecked, but he and his family escaped with severe bruises.

The house of Henry McCoy, son of John McCoy, received the worst impact of the storm. His wife was severely injured, two of his children are still unconscious and may die, and he and his babe and two other children are dead. The storm then struck the house of C. C. Oden. The trees in the yard were twisted into gnarled shapes and even the vegetables in the garden were torn up by their roots. Mr. Oden was killed outright, as were his three daughters, aged 15, 12 and 9 years respectively. Mrs. Oden received injuries from which she died later.

The home of Mrs. Henry Wharton was next attacked by the storm and it was wrecked, but Mrs. Wharton was not badly injured.

INSANE WOMAN'S AWFUL DEED.

Kills Her Mother With Shotgun and Then Turns Weapon on Herself.

Aberdeen, Miss., April 9.—A terrible tragedy occurred at the home of J. Z. Cowart, a farmer living 25 miles from here. While the other members of the family were at work in the field Rosie Bell Cowart, aged 24, with a single-barrel shotgun shot and killed her mother and then went to another room and shot her own brains out.

The young woman had exhibited signs of insanity, which is the only theory that can be advanced for the tragedy.

Fatally Injured at Basket Ball.

Indianapolis, April 9.—Miss Freda Pink, an 18-year-old senior at an Indianapolis high school, is dying as a result of injuries received in a basketball game at Crawfordsville. Miss Pink went down in a scrimmage and was kicked in the side, receiving injuries which will terminate fatally. She is prominent socially.

Shovel and Tool Plant Burned.

Terre Haute, Ind., April 9.—The plant of the Terre Haute Shovel and Tool company was burned. Loss \$50,000; fully covered by insurance. One hundred and fifty men were thrown out of employment.

LEGAL.

ORDINANCE 751.

Authorizing The People's Light and Power Company, of East Liverpool, Ohio, to Construct and Maintain Lines for Conducting Electricity for Heating, Lighting and Power Purposes Through the Streets, Alleys, Lanes, Squares and Public Places of the City of East Liverpool by Erecting and Maintaining the Necessary Fixtures, Including Posts, Piers and Abutments for the Wires.

Section 1. Be it ordained by the Council of the City of East Liverpool, Ohio, that The People's Light & Power Company, of East Liverpool, Ohio, be, and is hereby, authorized to construct and maintain lines for conducting electricity for lighting, heat and power purposes through the streets, alleys, lanes, squares and public places of said city by erecting and maintaining the necessary fixtures, including posts, piers and abutments necessary for the wires; subject, however, to the following terms and conditions, to-wit:

First. All poles erected by said company shall be placed in alleys unless it be found impracticable to do so, and such poles shall be securely planted in the ground to such depth and at such places as the council or its standing committee on lighting may direct.

Second. All poles shall not be less than . . . feet in height above the ground, and no wire shall be less than . . . feet from the ground. All poles shall be substantial, neatly finished and painted, with tightly stretched wires from pole to pole; and all poles, wires and other necessary attachments shall be kept safe, secure and in good repair.

Third. The top of the poles shall be reserved for the police and fire alarm wires of the city, and the city shall have the right to use, without charge therefor, any or all of said poles to support wires for fire alarm and police call purposes.

Fourth. When said company, in the erection of its poles and other fixtures, shall disturb the streets, alleys or sidewalks, it shall place the same in as good condition as when said work was commenced.

Fifth. Said company shall indemnify and save the city harmless from any and all loss or damage to persons or property caused by the construction and maintenance of said poles, wires and fixtures, and from any and all damages arising from the use thereof for conducting electricity.

Sixth. The City of East Liverpool shall not be liable to said company for any damages caused by fire or by the construction of sewers, or in making necessary street or alley improvements by the city.

Seventh. Said company agrees to furnish current for fifty (50) incandescent lights free of charge, to be used only in the night season and to be turned out when their use is not necessary.

Section 2. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 24th day of March, 1903.

It is a great affliction for a woman to have her face disfigured by pimples or any form of eruptive disease. It makes her morbid and sensitive, and robs her of social enjoyment. Disfiguring eruptions are caused by impure blood, and are entirely cured by the great blood-purifying medicine—Dr. Caldwell's Golden Medical Discovery. It removes from the blood the poisonous impurities which cause disease. It perfectly and permanently cures scrofulous sores, eczema, tetter, boils, pimples and other eruptive diseases which are caused by the blood's impurity. It increases the action of the blood-making glands and thus increases the supply of pure rich blood.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 116 West Main Street, Battle Creek, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I read one of your advertisements in a paper, and obtained a bottle of Dr. Caldwell's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Dr. Caldwell's Golden Medical Discovery to any one similarly afflicted."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

Like the rivers after a freshet in the spring, is the blood after winter's accumulated waste.

It requires filtering—cleansing of winter's impurity before better health, better appetite and better activity can be obtained.

No better spring purifier, re-vitalizer is known than Hagee's Cordial of Cod Liver Oil (with Hypophosphites of lime and soda). It speedily cleanses the blood, tones the digestion, improves food assimilation and makes rugged, robust vitality.

Possesses all the active properties of cod liver oil without the grease. Pleasant to take. For emaciated conditions it is unequalled.

PAYMENT FOR BOXER OUTRAGES

Misunderstanding in China Regarding the Settlement of Indemnity.

Washington, April 9.—Evidently considerable misunderstanding continues regarding the bonds which China is to execute to the United States in payment of the indemnity for the Boxer outrages provided in the protocol of April 1, 1900. The statement from Peking that the American financial agent, under instructions from the state department, is substituting a bond providing for the payment of the indemnity in gold dollars in place of a silver bond is denied in authoritative quarters.

Our government is disposed to take its own view of the interpretation of the terms of the protocol. This provided that China should execute to the United States an indemnity bond at the rate of exchange provided in the protocol, and it was also provided that the instalments of the indemnity payable thereafter should be at the rate of exchange existing when these payments fell due. If the United States, desiring not to avail itself of the loss which China should suffer in these payments as a result of the depreciation of silver, prefers to demand them at the rate of exchange existing when the protocol was signed, that, it is held, is a matter which concerns us alone and leaves the other powers to do as they please.

The instructions of the department of state to its representative in China, who is conducting the negotiations relative to the settlement of the indemnity, look to the retention of independence while faithfully carrying out the engagements entered into by the United States in the Peking agreement.

STRIKE IN HOLLAND IS SERIOUS

City Remains Quiet, but Municipal Employees Have Decided to Go Out. Much Inconvenience Suffered.

Amsterdam, April 9.—The city remains quiet. The queen and her consort drove out as usual at The Hague. The municipal employees have decided to go out on strike. This action will affect the gas, telephone, sanitary and water services, but it is believed that only a third of the men will respond to the strike call and that the military will be employed to maintain the public services.

The proclamation calling for a general strike of all trades throughout the country is considered to be a policy of despair. In authoritative quarters it is believed that the strike as an organized movement is doomed to failure and that the government's anti-strike bill will be speedily passed, greatly strengthening the hands of the authorities.

Meantime there is no doubt that the public is suffering great inconvenience through the stagnation of trade resulting from the strike. There is a rush on the state pawn shops and the savings banks.

The mails are arriving irregularly and late, being forwarded partly by automobiles where railways are held up by the strike. Theaters are again open, the singers and dancers who had gone on strike having resumed their duties.

New Propeller Planned.

Washington, April 9.—Admiral Melville, engineer-in-chief of the navy, has a surprise in store for sailors who perhaps will be as revolutionary in its effect on naval construction as was his famous triple screw. For more than a year past his bureau has been making quiet inquiries and preparing plans for a turbine-propelled warship. The best experts have been consulted and the plans have advanced to a point where it is thought satisfactory results are assured. Details of the novel arrangements of this ship are withheld for the present, but it is expected that they soon will be made public.

Goebel Murder Trial Begun.

Frankfort, Ky., April 9.—The trial of James Howard, charged with killing Governor William Goebel, has begun. When the case was called the defense filed an affidavit asking for a continuance, pleading the absence of witnesses. The commonwealth objected and the court in chambers heard the objections. The affidavit of the defense was admitted, subject to exceptions for competency and relevancy. Examination of jurors was then begun, but the panel was soon exhausted, and a special venire of 150 citizens of Woodford, an adjoining county, has been ordered to be present in court.

Eight Years for Embezzlement.

Philadelphia, April 9.—J. Howard Climensohn, former treasurer of the Pennsylvania epileptic hospital and economy farm at Oakbourne, Chester county, pleaded guilty in court to three indictments charging him with embezzlement and conspiracy. He was sentenced to eight years' imprisonment. Climensohn embezzled about \$9,000 of the hospital funds.

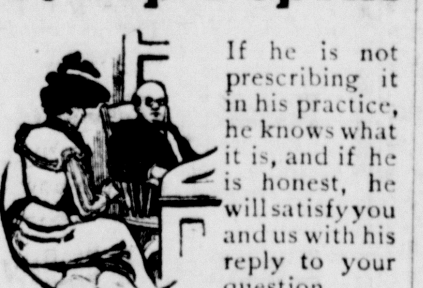

Indemnity Received.

Rome, April 9.—The Italian ambassador at Washington, Signor des Planches, has officially notified the foreign office here that he has received \$5,000 indemnity for the families of the Italians who were lynched or injured at Erwin, Miss., in July, 1901.

I consider it a most excellent preparation."

Dr. T. Jones, of Osgood, Mo., writes under date of Oct. 28, 1900: "I have used Syrup Pepsin for some time and find it gives most excellent results and it is one of the greatest selling preparations I have ever carried in stock. I do not hesitate to recommend it."

The player then inquires in which pack the selected card lies and is careful to place the pack indicated between the other two. FOR GENERAL UTILITY.

Walking Suits—Tailor Made Gowns, Button Trimmings.

Smart walking suits are made of gray zibeline or even the lighter weight gray rough goods.

The skirts of these utility costumes are made just to escape the ground and are devoid of gored flounces or anything which would tend to cut the height.

The perpendicular in frocks and tailors makes has grown into an accepted

VELVETEEN BLOUSE.

In general it will be observed the lines of the waist are continued upon the skirt, giving a long and almost princess effect which is very becoming; only around the bottom are horizontal lines used in the shape of ruffles, and these are often not broken up in the form of festoons, etc.

Buttons are playing an important part in dress in quaint enamel and old silver and gold, while queer dangles abound on smart tailor made coats and bodices. When not too heavy, these form an effective mode of trimming. The cut shows a velveteen blouse which may be made up in any shade with a front of white tucking.

ODDS AND ENDS.

Short Lengths of Lace and Brocade and How They May Be Used.

In trimming laces, insertions and passementerie odd lengths are often useless, but from four to six yards will trim a blouse fully, or six yards of deep lace will border a coffee coat and make frills to the elbow sleeves, or four and a half yards if the lace is of a heavy type will do for the same purpose.

Coffee coats with the skirt matching are very smart, but all the pale colors can be worn with a white cloth skirt or a lace one.

These dainty little affairs may be made quite inexpensively from rem-

nants of lace and brocade, not to speak of the fine already tucked materials. Odd lengths of taffeta silk sometimes are quite useful; nine yards are quite sufficient for a trained foundation slip with bodice and plain sleeves or eleven yards with a plaiting at the edge or with two narrow gathered frills. The illustration shows a coffee jacket of cream lace over pink liberty satin.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of **Mother's Friend** so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering. Hymelia Crevasse Serious.
New Orleans, April 9.—With the blowing out of 40 feet of cribbing at the Hymelia crevasse the situation there has become serious and fears are expressed that other portions of the 3,000 feet of work will be endangered by the strain placed upon it. The water is going through the opening at a terrific rate and there is alarm lest other sections give way while efforts are being made to mend this break. Nearly everybody on the works is worn out as a result of the long strain and more men are wanted for the emergency.

Wholesale Petticoat Robbery.
New York, April 9.—Five thousand dollars' worth of petticoats were stolen from the offices of Klatzko & Mishkend, clothing dealers, 11 Lispenard street. Three men had engaged a whole floor of an office building on Canal street. The rear portions of the two buildings are close together. Some of the goods were found on the roof of the Lispenard street building and more in the floor leased by the three unknown men. The watchman of the latter building is under arrest.

Carnegie Offers Quarter of a Million.
Cleveland, April 9.—Andrew Carnegie has offered the public library \$250,000 for the purpose of erecting seven branch libraries. The offer is made on condition that the city furnish the sites and maintain the libraries. The offer will be accepted. A main library building is to be a part of the "group plan" of city and county buildings which is under advisement.

Mangled by Train.

Jackson, Mich., April 9.—A gasoline speeder on which Roadmaster Michael Flahive, Engineer Sharp and Frank Adrian were making an inspection of the roadbed was run down by the fast American express train near Grass Lake. All three jumped when they realized that the train was upon them, but Flahive failed to clear the track and was terribly mangled by the engine. Sharp was painfully but not seriously injured, while Adrian escaped uninjured. Adrian, who was in charge of the engine of the speeder failed to see the train approaching.

Kansas Favors Prohibition.

Topeka, April 9.—Returns from all the towns in Kansas which held elections disclose the fact that the vote in favor of enforcing the prohibition law is the most overwhelming in the history of the state. A special effort was made by the opponents of prohibition to make a good showing at this election and thus pave the way for a re-submission campaign two years from now. Only six towns of any importance in the state voted in favor of a liberal policy toward the saloons.

Massachusetts at the Exposition.

Boston, April 9.—Governor Bates signed a bill providing for an appropriation of \$100,000 for state representation at the St. Louis exposition. The appropriation will be under the direction of the governor's council and no provision is made for the payment of the expenses of any legislative committee.

Escapes Electric Chair.

New York, April 9.—Rose Quinn, the 17-year-old girl charged with the murder of her infant, was convicted of murder in the second degree. The jury was out only 50 minutes. All agreed from the start that the young woman was guilty, and the only doubt was as to the nature of the verdict.

Killed in Street Duel.

Sheman, Tex., April 9.—Ben L. Thompson, cashier of the Bank of America, was shot to death by W. E. Stone, of Texas. The men met on the street and without any preliminary words drew their revolvers and opened fire. Thompson was struck by one of the first shots and fell mortally wounded. He died a few hours later. Stone is about 22 years of age and is a traveling salesman for a Dayton, O. house. Stone surrendered. He stated that the tragedy was the result of a family difficulty.

Privilege of Invalidism.

The Pretty Part of Chester, W. Va.

Is the eastern portion and here where the streets are paved with brick and the sidewalks laid with terra cotta, gas and water mains on every street, storm and sanitary sewer system complete, grading done, street cars every five minutes and all the other modern improvements of an up-to-date city without any further expense to the purchaser.

We are fortunate in having the following residences and vacant lots to offer on terms that are easy. Dwellings of

BE IT REMEMBERED that any of the foregoing lots having residences upon them or not are upon streets already graded, paved roadways of brick, sidewalks, sewer, sanitary and storm sewers; gas and water mains; the houses mostly contain hot and cold water, bath, w. c. and wash stand, and all contain gas and city water; have good cellars; slate roof; are of good material and construction; well painted inside and out and grained; porcelains, walks, pantries, and in a word they are up-to-date and none of them over 3 years old, and are within one minute of street cars. Nearly every lot has practically level. Figure the cost of these houses at today's prices, add to this the cost of the water line, gas line, paving and grading of streets (all of which are without of further cost to the purchaser either in taxes or otherwise) and determine how very little you will have to pay for the lot; also figure the cost of the improvements and deduct from selling price of the lots and see how very low in price they are. Your deductions will be sure to interest you.

The Following Vacant Lots Are Not on Paved and Graded Streets But They Are Desirable.

THE LECTURE COURSE FOR NEXT SEASON

Unusually Excellent Attractions to Appear Under the High School Auspices.

The committee on the High School Star Lecture course has just completed its work in arranging for the lecture course for next winter. Every year it is the aim of the committee to select a course which is superior to the one preceding. The plan has been adopted to pay the same amount of money, but have only six entertainments on the course, which are all higher class than they would be were there 10 on the season ticket.

Acting on this plan the committee has succeeded in securing musical entertainments, lectures and addresses by celebrities noted throughout the country, and it is believed this course will be far superior to any ever presented by the high school. The list secured follows:

Banda Rossa, an Italian Concert company of 33 pieces.

Dr. N. Dwight Hillis, the noted Presbyterian divine.

General John B. Gordon, the famous confederate commander, who will lecture on "The Last Days of the Confederacy."

Frank R. Robinson, lecturer.

The Chicago Glee club.

Miss Beecher, lecturer.

Belmont Club Banquet.

The Belmont club this evening will give an elaborate banquet to a large number of friends. The dinner will be held in the new Belmont club rooms of the Smith building, which have been handsomely furnished. Ever since the large number of invitations were issued, the club and its friends have been looking forward to an evening replete with pleasure.

Hanks Had a Long Ride.

Thomas Hanks had a long ride in the patrol wagon last night. He was discovered leaning against a post near the National China company. He was intoxicated and told the officers he was a railroad brakeman and was waiting for a train to Wellsville to take out his run. At police headquarters he put up \$6 for his appearance this morning. He did not show up and the city is 40 cents ahead, as the usual fine for a plain drunk amounts to but \$5.00.

Appomattox Day.

The G. A. R., Sons of Veterans and the Woman's Relief Corps have made extensive preparations for their "Appomattox Day" bean bake and celebration at G. A. R. hall tomorrow night. A choice oratorical program will be a feature. Dr. C. E. Manchester, the presiding elder of the M. E. church, Steubenville district, has been invited and is expected.

Attending the Convention.

Lisbon, April 9.—(Special)—Rev. J. A. Ulman and George S. Wilson, of the M. E. church, and John J. Rogers, of the Presbyterian church, went to Wellsville today to attend the Columbia County Sunday School convention.

ODD NON-SUPPORT CASE

Brought By Children's Grandmother. Compromised on Good Promises.

Charged with non-support of two illegitimate children, one aged 3 years and the other 2 months, Fred Starke was conducted to the court of Squire McCarron late yesterday afternoon by Constable Powell. After considerable wrangling Starke effected a mutual agreement with the mother of the children and was released. The warrant for his arrest was issued at the solicitation of Mrs. Mary Sharpe, grandmother of the children. She had had the children to care for along with their mother and feeling that she could no longer support the trio, especially when she knew that Starke was well able to do so, she appeared at the justice's court and entered proceedings.

She stated that Starke had shamefully treated the mother and children and that he refused to contribute a penny for the children's support and acted indifferently when appealed to. He finally promised to help a little, but that was all there was to it and the grandmother decided to have the law take a hand.

When taken before the magistrate Starke assumed a very different role. He commenced immediately to try for a settlement. The children's mother was present at the hearing and after he promised to give her \$2.50 per week for the support of the children she allowed the case to be dropped. Starke was also compelled to pay the costs.

ROLLED A PEANUT AROUND THE BLOCK

Chick Nelson Paid an Election Bet Amid the Jeers of the Crowd.

As the result of an election bet made with Tom Hester, Chick Nelson at a late hour last night, presented a most peculiar spectacle to the few people who happened to be on the street near Walsh's hotel. Nelson pinned his faith on Thompson and was so sure of it that he did not hesitate in making a wager. Hester was equally confident that Weaver would be the victor. They agreed that if Thompson won Hester was to push a peanut around the block with either a crow bar or a toothpick.

If Weaver won, Nelson was to perform a like feat. Late last night Nelson borrowed a crow bar from William Devan, kiln fireman at D. E. McNicol's, and with an accompaniment of "roasts" from his friends, fulfilled the obligation. He has had no harder task in all his life, he says.

Murphy's Easter Opening.

T. B. Murphy & Son's twenty-sixth annual Grand Easter Opening of Potted Plants Friday and Saturday will surpass all former displays. For 26 years Mr. Murphy has supplied East Liverpool with the finest potted plants, and his selection this year will be no exception. There will be over 500 plants in the display and you should not miss it. Everybody is invited. See display ad in this issue.

THE BOSTON STORE

Easter Millinery.

Many have been the compliments received on our showing of High Class Millinery at Popular Dry Goods Prices. Enthusiastic admirers who attended the Millinery openings in Pittsburg, Philadelphia and New York, claim they saw nothing to surpass the exhibit as to styles, high grade of workmanship and reasonable prices. True the assortments in the cities named were larger—so were the prices. Suppose you investigate the merits of this new department—it will be to your interest and profit. The success already attained in volume of business, exceeds our most sanguine expectations.

Ready-to-wear Garments.

Stock of Tailored Suits, Separate Skirts, Silk Waists, Covert Jackets, Silk Jackets and the new Corset Jackets, replenished for this week's selling. These you will find on second floor.

The Baseball Score

A GAIN we see the score in print. The good, old baseball score. With names and figures all in line. As in the days of yore. For way down south, in Dixie land, The boys are doing stunts, And chucking with the ball For liners, flies and bunts.

Of course the games how being played Are not the real thing, Because the boys are widely famed Are merely practicing. They're getting muscles into trim So they can freely play And training eyes so they can swat The balls that come their way.

But just the same the practice score With cap-moss we scan To get a line on playing skill And work of every man. We note with joy the wondrous catch, Swift covering of ground, And chuckle when our hits so hard lie goes the whole way round.

We look along the lines to see The record each has made And note the letters which explain Position each has played. We analyze the pitchers' work And that of catchers, too, Concluding we have got a team That certainly will do.

'Tis thus anticipation whets Desire for real games, The time when rival teams will meet And strive to clinch their claims. But as we cannot speed that time, With patience we must pore Through stories of the stunts down south And scan the practice score. —Theodore H. Boice in Pittsburg Chronicle-Telegraph.

Pity Ab If There Is.

"The sultan of Turkey," said Mrs. Hoopes after taking another glance at the item to be sure that she had made no mistake, "has seventy-eight wives."

"I wonder," the sad faced little man answered as he looked far away and sighed, "if there's an Easter in the Turkish calendar." —Chicago Record-Herald.

Wheat Raising.

"I'd like to go out in the country and see them raising wheat." "Why, you don't have to go out in the country. They raise thousands of bushels right here in town." "Absurd! How do they raise wheat in town?" "Why, in grain elevators." —Philadelphia Record.

His Point of View.

Mrs. Peck—Here's an account of a man who had three wives, Henry. Now, what do you suppose they'll do with him? Mr. Peck—Try him for lunacy, m'dear, I should think.—Cleveland Plain Dealer.
